

Senate Bill No. 65—Committee on Government Affairs

CHAPTER.....

AN ACT relating to local financial administration; revising provisions concerning the publication of certain financial information by an incorporated city or a county; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the clerk and council of each city incorporated under general law or charter to publish in a newspaper a quarterly statement of the city's finances that shows the receipts and disbursements and the details of each bill that the city has paid. (NRS 268.030) **Section 2** of this bill requires the publication of only the total amounts of the city's receipts, disbursements and bills paid for the quarter but expressly provides that the receipts, bills and other documents which support each transaction that is included in the published totals are public records which are available for inspection and copying. **Section 2** also requires publication of the financial statement on the Internet website of the city, if the city maintains an Internet website. **Section 1** of this bill eliminates a duplicative requirement for the publication of financial information that only applies to the city clerks of cities incorporated under general law.

Under existing law, a board of county commissioners is required to publish in a newspaper a quarterly financial statement of receipts, expenditures and bills allowed. (NRS 244.225, 354.210) **Sections 3 and 5** of this bill require the publication of only the total amounts of the county's receipts, expenditures and bills allowed but expressly provides that the receipts, bills and other documents which support each transaction that is included in the published totals are public records which are available for inspection and copying. **Sections 3 and 5** also require publication of the financial statement on the Internet website of the county if the county maintains an Internet website.

Section 4 of this bill requires the Committee on Local Government Finance to adopt regulations regarding the appropriate format for the financial statements posted on the Internet website of cities and counties.
