

SENATE BILL NO. 68—SENATOR SEGERBLOM

PREFILED JANUARY 7, 2013

Referred to Committee on Government Affairs

SUMMARY—Provides for the creation of underground utilities districts. (BDR 20-497)

FISCAL NOTE: Effect on Local Government: May have Fiscal Impact.
Effect on the State: No.

~

EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets [~~omitted material~~] is material to be omitted.

AN ACT relating to utilities; requiring the board of county commissioners in certain counties to create an underground utilities district; authorizing the creation of such a district in other counties; providing for the organization, operation and budget of an underground utilities district; authorizing the issuance of general obligation bonds and the levy of a tax to construct and maintain an underground utilities district; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a city council, city commission, board of county commissioners, board of trustees, board of directors, board of supervisors or any other legislative body of a public body may, by provisional order, petition or ordinance, establish a district to finance an underground conversion project for: (1) the removal of existing overhead service facilities that are used for electric or communication service or service from a video network; and (2) the replacement of those service facilities with underground service facilities. (NRS 271.800) Existing law also authorizes the creation in a city or county of a service district in which certain electric and communication facilities are placed underground. The establishment of such a service district is initiated by petition of not less than 60 percent of the owners of contiguous property within the proposed service district. (NRS 704A.170) After conducting a hearing on the petition and complying with other procedural requirements, the governing body of the city or county is required to enact an ordinance establishing the service district. (NRS 704A.240)

Sections 2-7 of this bill provide an additional method for creating, constructing and maintaining a district in which electric and communication facilities are placed underground, referred to in those sections as an underground utilities district. Section 5 requires the board of county commissioners in a county whose population is 700,000 or more (currently Clark County) to create, by ordinance, an

* S B 6 8 *

20 underground utilities district within the unincorporated areas of the county. In a
21 county whose population is less than 700,000 (currently counties other than Clark
22 County), the board of county commissioners is authorized, but is not required, to
23 create such an underground utilities district. **Section 5** provides that the board of
24 county commissioners creating the underground utilities district is the governing
25 body of the underground utilities district and also provides for the organization and
26 holding of meetings of the governing body. **Section 6** requires a board of county
27 commissioners that creates an underground utilities district to establish the
28 boundaries of the district by ordinance and authorizes the board of county
29 commissioners to alter those boundaries. **Section 7** provides for the financing of the
30 construction and maintenance of an underground utilities district by authorizing
31 the issuance of general obligation bonds and the levy of an ad valorem tax. If the
32 governing body of the underground utilities district proposes to issue general
33 obligation bonds or levy such a tax, **section 7** authorizes the governing body to
34 submit the proposal to the registered voters of the underground utilities district at a
35 primary or general election.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 **Section 1.** Chapter 244A of NRS is hereby amended by
2 adding thereto the provisions set forth as sections 2 to 7, inclusive,
3 of this act.

4 **Sec. 2.** *As used in sections 2 to 7, inclusive, of this act, unless
5 the context otherwise requires, the words and terms defined in
6 sections 3 and 4 of this act have the meanings ascribed to them in
7 those sections.*

8 **Sec. 3.** *“Underground utilities district” means an area of a
9 county designated by the board of county commissioners of the
10 county in which all new utilities are constructed and maintained
11 underground or in which any existing aboveground utilities are
12 removed and partially or entirely replaced with utilities located
13 underground. The term does not include an underground
14 conversion project as defined in NRS 271.242 or a service district
15 as defined in NRS 704A.140.*

16 **Sec. 4.** *“Utilities” means any equipment or works used to
17 provide electric or telephone service within an underground
18 utilities district, including, without limitation, any pole, support,
19 pipe, wire, attachment or appurtenance used to provide that
20 service.*

21 **Sec. 5. 1.** *The board of county commissioners in a county
22 whose population is 700,000 or more shall, by ordinance, create
23 an underground utilities district in the unincorporated area of the
24 county. The board of county commissioners is ex officio the
25 governing body of an underground utilities district created
26 pursuant to this section and may:*

27 *(a) Organize and maintain the underground utilities district;*

* S B 6 8 *

1 (b) Establish, by ordinance, regulations:

2 (1) For the administration of the internal affairs of the
3 underground utilities district;

4 (2) For the employment of professional, technical, clerical
5 and other personnel required to carry out the duties of the
6 underground utilities district;

7 (3) For the establishment and alteration of the boundaries
8 of the underground utilities district; and

9 (4) Providing for the use of revenue received by the
10 underground utilities district; and

11 (c) Hold meetings as the governing body of the underground
12 utilities district in conjunction with its meetings as the board of
13 county commissioners without posting a separate agenda or
14 posting additional notice of the meetings within the underground
15 utilities district.

16 2. The board of county commissioners in a county whose
17 population is less than 700,000 may, by ordinance, create an
18 underground utilities district pursuant to sections 2 to 7, inclusive,
19 of this act.

20 3. A person who is employed to perform a function of the
21 underground utilities district is an employee of the county for all
22 purposes.

23 Sec. 6. 1. Except as otherwise provided in subsection 2, a
24 board of county commissioners that creates an underground
25 utilities district shall establish the boundaries of the underground
26 utilities district and may alter those boundaries by ordinance.

27 2. The boundaries of an underground utilities district must
28 not be established or altered to include any territory within the
29 boundaries of an incorporated city, except that any annexation or
30 incorporation occurring after the effective date of the ordinance
31 creating or altering the boundaries of the underground utilities
32 district does not affect the boundaries of the underground utilities
33 district.

34 Sec. 7. 1. The budget of an underground utilities district
35 must comply with the provisions of NRS 354.470 to 354.626,
36 inclusive, but need not be separately prepared and may be
37 included within the county budget. The underground utilities
38 district is not entitled to any share of revenue from the
39 supplemental city-county relief tax.

40 2. The governing body of an underground utilities district
41 may submit to the registered voters of the underground utilities
42 district at a primary or general election:

43 (a) A proposal to issue general obligation bonds of the
44 underground utilities district to finance the construction and
45 maintenance of the underground utilities district. The amount of

* S B 6 8 *

1 *the general obligation bonds must not exceed 10 percent of the
2 assessed valuation of the taxable property in the underground
3 utilities district. The ballot question for such a proposal must set
4 forth the principal amount of the general obligation bonds to be
5 issued, the purpose of the issuance of the bonds and the estimate
6 of the governing body of:*

7 *(1) The duration of the levy of property tax that will be used
8 to pay the general obligation bonds; and*

9 *(2) The average annual increase, if any, in the amount of
10 property taxes that an owner of a new home with a fair market
11 value of \$100,000 will pay for debt service on the general
12 obligation bonds to be issued.*

13 *(b) A proposal to levy a tax ad valorem pursuant to NRS
14 354.5982 for the construction and maintenance of the
15 underground utilities district.*

16 *3. The ballot question for a proposal submitted to the
17 registered voters pursuant to paragraph (b) of subsection 2 must
18 set forth:*

19 *(a) The rate of the proposed additional property tax stated in
20 dollars and cents per \$100 of assessed valuation;*

21 *(b) The purpose and duration of the proposed additional
22 property tax; and*

23 *(c) An estimate established by the governing body of the
24 increase in the amount of property taxes that an owner of a new
25 home with a fair market value of \$100,000 will pay per year as a
26 result of the passage of the question.*

27 *4. If the proposal to issue bonds is approved by the voters, the
28 county may issue bonds of the underground utilities district as
29 provided in chapter 350 of NRS.*

30 Sec. 8. This act becomes effective:

31 1. Upon passage and approval for the purpose of performing
32 any preparatory administrative tasks required to carry out the
33 provisions of this act; and

34 2. On July 1, 2013, for all other purposes.
