AN ACT relating to regional planning; requiring representatives of certain counties and cities to meet jointly for a specified period to identify issues and make recommendations regarding the orderly management of growth in the region; requiring such representatives to prepare certain joint reports during that period; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law requires Carson City, Douglas County, Lyon County, Storey
2 County and Washoe County, in consultation with any cities within each such
3 county, to each prepare a report for submission to each Legislator who represents
4 any portion of one of these counties at the end of each calendar year between
5 July 1, 2019, and December 31, 2022. Each report must identify certain issues
6 relating to the orderly management of growth in those counties and make
7 recommendations regarding such issues. (Chapter 144, Statutes of Nevada 2019, at
8 page 798) This bill extends the meeting and reporting requirements through
9 calendar year 2026 and revises the meeting and reporting requirements.

10 Specifically, this bill requires, on or before December 1 of each calendar year
11 during the period between July 1, 2023, and December 1, 2026, Carson City,
12 Douglas County, Lyon County, Storey County and Washoe County, in consultation
13 with any cities within each such county, to meet to discuss and identify the positive
14 and negative issues relating to growth in the region that are impacting any such
15 county and prepare a joint report that: (1) identifies certain issues relating to growth
16 in the region; and (2) addresses, without limitation, the areas of conservation,
17 population, land use and development, transportation, and public facilities and
18 services. Each joint report must set forth recommendations that are intended to
19 resolve any negative impact on such issues which have been identified in the joint
20 report.

21 Additionally, this bill requires during the period between January 1, 2024, and
22 January 1, 2027, certain Legislators and other representatives of each county and

23 city in the region to meet jointly at least twice during each calendar year during the
24 period to identify and discuss the positive and negative issues relating to the orderly
25 management of growth in the region. On or before December 31 of each calendar
26 year during the period, county managers or certain other designees are required to
27 prepare a joint regional report of the issues identified. The joint regional report
28 must also address comprehensively all of the issues identified and
29 recommendations made in the reports prepared by the counties and cities.
