SENATE JOINT RESOLUTION—Proposing to amend the Nevada Constitution to create the Governor Guinn Millennium Scholarship Trust Fund in the State Treasury.

Legislative Counsel’s Digest:

1 Existing law establishes the Governor Guinn Millennium Scholarship Program
2 to provide financial assistance to qualified students who attend an eligible
3 institution of higher education in this State. Governor Guinn Millennium
4 Scholarships are awarded from money in the Millennium Scholarship Trust Fund,
5 which was created in the State Treasury to receive a percentage of the proceeds
6 from settlement agreements with and civil actions against manufacturers of tobacco
7 products and certain other funds. Under existing law, Governor Guinn Millennium
8 Scholarships are awarded to all students who either: (1) graduated and maintained
9 at least a B grade point average in core curriculum in a public or private high
10 school in this State; (2) received a certificate of completion or diploma from a
11 program of homeschool study; or (3) received a certificate of educational
12 equivalence. Existing law further requires the student to be enrolled in a minimum
13 number of credits of nonremedial courses at an eligible institution and apply for the
14 scholarship within 6 years after the student was regularly scheduled to graduate
15 from high school. The existing Scholarship Program also provides that each student
16 who is eligible to receive a Millennium Scholarship is entitled to receive the
17 same dollar value for each credit at the particular institution in which the student is
18 enrolled and the total lifetime value per student of a Millennium Scholarship is
19 currently limited to \$10,000. Existing law also requires each student who receives a
20 Millennium Scholarship to make satisfactory academic progress toward a
21 recognized degree or certificate and maintain a minimum grade point average to
22 continue receiving the Millennium Scholarship. (NRS 396.911-396.945)

23 This joint resolution proposes to amend the Nevada Constitution to add a new
24 section to Article 11 to create the Governor Guinn Millennium Scholarship Trust
25 Fund in the Constitution and give the Legislature a constitutional duty to provide
26 for the Governor Guinn Millennium Scholarship Program. This joint resolution
27 includes general requirements for the Scholarship Program similar to the current
28 requirements that would provide for the continuation of the Scholarship Program
29 that is currently required by statute. This joint resolution, however, removes the
30 requirement that a student have maintained at least a B grade point average and
31 instead allows the Legislature to determine the level of academic performance that
32 must be achieved to qualify for a scholarship. In addition, this joint resolution
33 requires all money deposited into the Governor Guinn Millennium Scholarship
34 Trust Fund to be used only for the purpose of distributing Governor Guinn
35 Millennium Scholarships, with certain limited exceptions. This joint resolution also
36 provides for the sources of funding for the Trust Fund by requiring the State
37 Treasurer to deposit into the Trust Fund: (1) at least 40 percent of the proceeds
38 from settlement agreements with and civil actions against manufacturers of tobacco
39 products; (2) any gifts, grants, bequests or donations designated by the donor for
40 the Trust Fund; and (3) any money appropriated by the Legislature to the Trust
41 Fund. This joint resolution further continues to allow for the creation of certain
42 memorial funds, such as the Kenny Guinn Memorial Fund, with accounts which are
43 within the Trust Fund but accounted for separately and used for the stated purpose
44 of the particular account.
