Office

H.B. 106
134th General Assembly

Final Analysis

[Click here for H.B. 106's Fiscal Note](#)

Version: As Passed by the General Assembly

Primary Sponsor: Rep. Cross

Effective date:*

Jason Hoskins, Attorney

DETAILED ANALYSIS

Designation	Radon Awareness Month
Date	January
Name	Annie Cacciato Act
Other Information	Radon is a colorless, tasteless, and odorless gas that forms naturally when uranium in soil or rock breaks down. Once formed, radon can enter a home through cracks and other holes in the home's foundation. As radon decays, it releases radioactive byproducts that are inhaled and can cause lung cancer. Homes can be tested for radon and radon mitigation measures can be installed. ¹

* The Legislative Service Commission had not received formal notification of the effective date at the time this analysis was prepared. Additionally, the analysis may not reflect action taken by the Governor.

¹ American Lung Association, *Radon*, <https://www.lung.org/clean-air/at-home/indoor-air-pollutants/radon>.
