S.B. 106 of the 135th General Assembly

House Insurance

Paul Luzzi, Attorney

Allows a workers' compensation claimant who is required to sign a release of medical information form to provide a signed equivalent form (instead of one prepared by the Bureau of Workers' Compensation (BWC) under continuing law), including the standard authorization form adopted by the Medicaid Director under continuing law.

Requires medical information, records, and reports released in accordance with a signed form to be related causally or historically to physical, psychological, or psychiatric injuries relevant to the claimant's workers' compensation claim.

Allows BWC to adopt a form for a claimant to use as an alternative to preparing one under continuing law.
