Sec. 505.60. (A) As provided in this section and section 505.601 of the Revised Code, the board of township trustees of any township may procure and pay all or any part of the cost of insurance policies that may provide benefits for hospitalization, surgical care, major medical care, disability, dental care, eye care, medical care, hearing aids, prescription drugs, or sickness and accident insurance, or a combination of any of the foregoing types of insurance for township officers and employees. (D) If any township officer or employee is denied coverage under a health care plan procured under this section or if any township officer or employee elects not to participate in the township's health care plan, the township may reimburse the officer or employee for each out-of-pocket premium attributable to the coverage provided for the officer or employee and their immediate dependents for insurance benefits described in division (A) of this section that the officer or employee otherwise obtains, but not to exceed an amount equal to the average premium paid by the township for its officers and employees under any health care plan it procures under this section.

(F) If a board of township trustees fails to pay one or more premiums for a policy, contract, or plan of insurance or health care services authorized under this section and the failure causes a lapse, cancellation, or other termination of coverage under the policy, contract, or plan, it may reimburse a township officer or employee for, or pay on behalf of the officer or employee, any expenses incurred that would have been covered under the policy, contract, or plan.

(G) As used in this section and section 505.601 of the Revised Code:
