In the second year of a capital biennium, any funds appropriated to the Ohio school facilities commission for classroom facilities projects under this chapter that were not spent or encumbered in the first year of the biennium and which are in excess of an amount equal to half of the appropriations for the capital biennium, or for which an encumbrance has been canceled under

section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20, ~~3318.32~~–3318.351, 3318.364, 3318.37, 3318.371, 3318.38, and 3318.40 to 3318.46 of the Revised Code, subject to appropriation by the general assembly.

Sec. 3318.036. (A) For purposes of this section:

(1) "Eligible school district" is a city, local, or exempted village school district that satisfies both of the following conditions:

(a) The district resulted from one of the following that became effective between July 1, 2013, and June 30, 2018:

(i) A transfer of all of the territory of one school district to another school district in accordance with section 3311.22, 3311.231, 3311.24, or 3311.38 of the Revised Code;

(ii) The merger of two or more districts in accordance with section 3311.25 of the Revised Code;

(iii) The creation of a new local school district from all of one or more local school districts in accordance with section 3311.26 of the Revised Code;

(iv) The consolidation of two or more school districts under section 3311.37 of the Revised Code.

(b) The district has demonstrated to the Ohio school facilities commission an efficient use of facility space, including a reduction in the number of buildings used by students and administrative staff.

(2) "Basic project cost" and "required percentage of the basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter:

(1) If the commission determines that a district is an eligible school district, the commission shall give that district first priority for funding for a project under sections 3318.01 to 3318.20 of the Revised Code as such funds become available, regardless of the district's percentile rank under section 3318.011 of the Revised Code. If the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section, the district's portion of the basic project cost shall be the required percentage of the basic project cost based on the percentile ranking of the district that was transferred, merged, consolidated, or existed prior to the creation of the new district that has the lowest three-year average adjusted valuation per pupil, as calculated under section 3318.011 of the Revised Code, on the date that the transfer, merger, consolidation, or creation of the new district became effective.

(2) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by twenty-five percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section, from the portion determined under division (B)(1) of this section. At no time, however, shall that district's portion of the basic project cost be less than five per cent.

(3) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by ten percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the

effective date of this section, from the portion determined under division (B)(1) of this section, if the district's project satisfies the following conditions:

(a) The project involves construction of a building on land owned by a state institution of higher education, as that term is defined in section 3345.011 of the Revised Code, and the commission approves the project.

(b) The district and the state institution of higher education enter into a written agreement regarding the continued use of the institution's land by the district, and the commission approves the agreement.

(c) On the date that the district and the state institution of higher education enter into the written agreement described in division (B)(3)(b) of this section, the state institution of higher education is participating in the college credit plus program established under Chapter 3365. of the Revised Code.

At no time, however, shall that district's portion of the basic project cost be less than five per cent.

The reduction of the district's portion of the basic project cost described in division (B)(3) of this section may be in addition to a reduction of the district's portion of the basic project cost under division (B)(2) of this section.

(C) Except as provided in division (B) of this section, a district's project undertaken pursuant to this section shall be subject to all other requirements in sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the requisite favorable vote on the election is obtained, or if the school district board has resolved to apply the proceeds of a property tax levy or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized in section 3318.052 of the Revised Code, the Ohio school facilities commission, upon certification to it of either the results of the election or the resolution under section 3318.052 of the Revised Code, shall enter into a written agreement with the school district board for the construction and sale of the project. In the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the school district board of education and the school district electors have satisfied the conditions prescribed in division (D)(1) of section 3318.41 of the Revised Code, the commission shall enter into an agreement with the school district board for the construction and sale of the project. In either case, the agreement shall include, but need not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation thereof, as soon as practicable after the execution of the agreement, in an amount equal to the school district's portion of the basic project cost, including any securities authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost of the project; provided, that if at that time the county treasurer of each county in which the school district is located has not commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, the school district board shall authorize the issuance of a first installment of bond anticipation notes in an amount specified by the agreement, which amount shall not exceed an amount necessary to raise the

net bonded indebtedness of the school district as of the date of the controlling board's approval to within five thousand dollars of the required level of indebtedness for the preceding year. In the event that a first installment of bond anticipation notes is issued, the school district board shall, as soon as practicable after the county treasurer of each county in which the school district is located has commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, authorize the issuance of a second and final installment of bond anticipation notes or a first and final issue of bonds.

The combined value of the first and second installment of bond anticipation notes or the value of the first and final issue of bonds shall be equal to the school district's portion of the basic project cost. The proceeds of any such bonds shall be used first to retire any bond anticipation notes. Otherwise, the proceeds of such bonds and of any bond anticipation notes, except the premium and accrued interest thereon, shall be deposited in the school district's project construction fund. In determining the amount of net bonded indebtedness for the purpose of fixing the amount of an issue of either bonds or bond anticipation notes, gross indebtedness shall be reduced by moneys in the bond retirement fund only to the extent of the moneys therein on the first day of the year preceding the year in which the controlling board approved the project. Should there be a decrease in the tax valuation of the school district so that the amount of indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness, or an amount equal to the required percentage of the basic project costs, whichever is greater. All bonds and bond anticipation notes shall be issued in accordance with Chapter 133. of the Revised Code, and notes may be renewed as provided in section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board available for the project, together with the proceeds of the sale of the bonds or notes, except premium, accrued interest, and interest included in the amount of the issue, to the school district's project construction fund;

(C) For all school districts except joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the following provisions as applicable:

(1) If section 3318.052 of the Revised Code applies, the earmarking of the proceeds of a tax levied under section 5705.21 of the Revised Code for general permanent improvements or under section 5705.218 of the Revised Code for the purpose of permanent improvements, or the proceeds of a school district income tax levied under Chapter 5748. of the Revised Code, or the proceeds from a combination of those two taxes, in an amount to pay all or part of the service charges on bonds issued to pay the school district portion of the project and an amount equivalent to all or part of the tax required under division (B) of section 3318.05 of the Revised Code;

(2) If section 3318.052 of the Revised Code does not apply, one of the following:

(a) The levy of the tax authorized at the election for the payment of maintenance costs, as specified in division (B) of section 3318.05 of the Revised Code;

(b) If the school district electors have approved a continuing tax for general permanent improvements under section 5705.21 of the Revised Code and that tax can be used for maintenance, the earmarking of an amount of the proceeds from such tax for maintenance of classroom facilities as specified in division (B) of section 3318.05 of the Revised Code;

(c) If, in lieu of the tax otherwise required under division (B) of section 3318.05 of the Revised Code, the commission has approved the transfer of money to the maintenance fund in accordance with section 3318.051 of the Revised Code, a requirement that the district board comply with the provisions of that section. The district board may rescind the provision prescribed under division (C)(2)(c) of this section only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) For joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, provision for deposit of school district moneys dedicated to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided for under section 3318.084 of the Revised Code, including a schedule for depositing such moneys applied as an offset of the district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code as required under division (D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period of construction, which shall be divided between the commission and the school district board in proportion to their respective contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until any obligations issued for the project under section 3318.26 of the Revised Code are no longer outstanding;

(H) The insurance of the project by the school district from the time there is an insurable interest therein and so long as the state retains any ownership or interest in the project pursuant to division (F) of this section, in such amounts and against such risks as the commission shall require; provided, that the cost of any required insurance until the project is completed shall be a part of the basic project cost;

(I) The certification by the director of budget and management that funds are available and have been set aside to meet the state's share of the basic project cost as approved by the controlling board pursuant to either section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code;

(J) Authorization of the school district board to advertise for and receive construction bids for the project, for and on behalf of the commission, and to award contracts in the name of the state subject to approval by the commission;

(K) Provisions for the disbursement of moneys from the school district's project account upon issuance by the commission or the commission's designated representative of vouchers for work done to be certified to the commission by the treasurer of the school district board;

(L) Disposal of any balance left in the school district's project construction fund upon completion of the project;

(M) Limitations upon use of the project or any part of it so long as any obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(N) Provision for vesting the state's interest in the project to the school district board when the obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(O) Provision for deposit of an executed copy of the agreement in the office of the commission;

(P) Provision for termination of the contract and release of the funds encumbered at the time of the conditional approval, if the proceeds of the sale of the bonds of the school district board are not paid into the school district's project construction fund and if bids for the construction of the project have not been taken within such period after the execution of the agreement as may be fixed by the commission;

(Q) Provision for the school district to maintain the project in accordance with a plan approved by the commission;

(R) Provision that all state funds reserved and encumbered to pay the state share of the cost of the project and the funds provided by the school district to pay for its share of the project cost, including the respective shares of the cost of a segment if the project is divided into segments, be spent on the construction and acquisition of the project or segment simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code or, if the district is a joint vocational school district, under section 3318.42 of the Revised Code. However, if the school district certifies to the commission that expenditure by the school district is necessary to maintain the federal tax status or tax-exempt status of notes or bonds issued by the school district to pay for its share of the project cost or to comply with applicable temporary investment periods or spending exceptions to rebate as provided for under federal law in regard to those notes or bonds, the school district may commit to spend, or spend, a greater portion of the funds it provides during any specific period than would otherwise be required under this division.

(S) A provision stipulating that the commission may prohibit the district from proceeding with any project if the commission determines that the site is not suitable for construction purposes. The commission may perform soil tests in its determination of whether a site is appropriate for construction purposes.

(T) A provision stipulating that, unless otherwise authorized by the commission, any contingency reserve portion of the construction budget prescribed by the commission shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project as provided under section 3318.086 of the Revised Code;

(U) A provision stipulating that for continued release of project funds the school district board shall comply with sections 3313.41 ~~and~~ , 3313.411, and 3313.413 of the Revised Code throughout the project and shall notify the department of education and the Ohio community school

association when the board plans to dispose of facilities by sale under that section;

(V) A provision stipulating that the commission shall not approve a contract for demolition of a facility until the school district board has complied with sections 3313.41 ~~and~~ 3313.411, and 3313.413 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project;

(W) A requirement for the school district to adhere to a facilities maintenance plan approved by the commission.

Sec. 3318.30. (A) There is hereby created the Ohio school facilities commission as an independent agency of the state within the Ohio facilities construction commission, which is created under section 123.20 of the Revised Code. The Ohio school facilities commission shall administer the provision of financial assistance to school districts for the acquisition or construction of classroom facilities in accordance with ~~sections 3318.01 to 3318.32 of the Revised Code~~ this chapter.

The Ohio school facilities commission is a body corporate and politic, an agency of state government and an instrumentality of the state, performing essential governmental functions of this state. The carrying out of the purposes and the exercise by the Ohio school facilities commission of its powers conferred by ~~sections 3318.01 to 3318.32 of the Revised Code~~ this chapter are essential public functions and public purposes of the state. The Ohio school facilities commission may, in its own name, sue and be sued, enter into contracts, and perform all the powers and duties given to it by ~~sections 3318.01 to 3318.32 of the Revised Code~~ this chapter, but it does not have and shall not exercise the power of eminent domain. In its discretion and as it determines appropriate, the Ohio school facilities commission may delegate to any of its members, executive director, or other employees any of the Ohio school facilities commission's powers and duties to carry out its functions.

(B) The Ohio school facilities commission shall consist of seven members, three of whom are voting members. The voting members of the Ohio school facilities commission shall be the director of the office of budget and management, the director of administrative services, and the superintendent of public instruction, or their designees. Of the nonvoting members, two shall be members of the senate appointed by the president of the senate, and two shall be members of the house of representatives appointed by the speaker of the house. Each of the appointees of the president, and each of the appointees of the speaker, shall be members of different political parties.

Nonvoting members shall serve as members of the Ohio school facilities commission during the legislative biennium for which they are appointed, except that any such member who ceases to be a member of the legislative house from which the member was appointed shall cease to be a member of the Ohio school facilities commission. Each nonvoting member shall be appointed within thirty-one days of the end of the term of that member's predecessor. Such members may be reappointed. Vacancies of nonvoting members shall be filled in the manner provided for original appointments.

Members of the Ohio school facilities commission shall serve without compensation.

After the initial nonvoting members of the Ohio school facilities commission have been appointed, the Ohio school facilities commission shall meet and organize by electing voting members as the chairperson and vice-chairperson of the Ohio school facilities commission, who shall hold their offices until the next organizational meeting of the Ohio school facilities commission. Organizational meetings of the Ohio school facilities commission shall be held at the first meeting of

each calendar year. At each organizational meeting, the Ohio school facilities commission shall elect from among its voting members a chairperson and vice-chairperson, who shall serve until the next annual organizational meeting. The Ohio school facilities commission shall adopt rules pursuant to section 111.15 of the Revised Code for the conduct of its internal business and shall keep a journal of its proceedings. Including the organizational meeting, the Ohio school facilities commission shall meet at least once each calendar quarter.

Two voting members of the Ohio school facilities commission constitute a quorum, and the affirmative vote of two members is necessary for approval of any action taken by the Ohio school facilities commission. A vacancy in the membership of the Ohio school facilities commission does not impair a quorum from exercising all the rights and performing all the duties of the Ohio school facilities commission. Meetings of the Ohio school facilities commission may be held anywhere in the state and shall be held in compliance with section 121.22 of the Revised Code.

(C) The Ohio school facilities commission shall file an annual report of its activities and finances with the governor, speaker of the house of representatives, president of the senate, and chairpersons of the house and senate finance committees.

(D) The Ohio school facilities commission shall be exempt from the requirements of sections 101.82 to 101.87 of the Revised Code.

(E) The Ohio school facilities commission may share employees and facilities with the Ohio facilities construction commission.

Sec. 3319.113. (A) Not later than May 31, 2016, the state board of education shall develop a standards-based state framework for the evaluation of school counselors. The state board may update the framework periodically by adoption of a resolution. The framework shall establish an evaluation system that does the following:

- (b) Skilled;
- (c) Developing;
- (d) Ineffective.

(2) The state board shall consult with experts, school counselors and principals employed in public schools, and representatives of stakeholder groups in developing the standards and criteria required by division (B)(1) of this section.

(C)(1) Not later than September 30, 2016, each school district board of education shall adopt a standards-based school counselor evaluation policy that conforms with the framework for the evaluation of school counselors developed under this section. The policy shall become operative at the expiration of any collective bargaining agreement covering school counselors employed by the board that is in effect on ~~the effective date of this section~~ September 29, 2015, and shall be included in any renewal or extension of such an agreement.

(2) A district board shall include both of the following in its evaluation policy:

(a) The implementation of the framework for the evaluation of school counselors developed under this section beginning in the 2016-2017 school year;

(E) Each district board shall annually submit a report to the department of education, in a form and manner prescribed by the department, regarding its implementation of division (C) of this section. At no time shall the department permit or require that the name or personally identifiable information of any school counselor be reported to the department under this division.

~~(E)-(F)~~ Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provision of a collective bargaining agreement entered into on or after ~~the effective date of this section~~ September 29, 2015.

Sec. 5705.10. (A) All revenue derived from the general levy for current expense within the ten-mill limitation, from any general levy for current expense authorized by vote in excess of the ten-mill limitation, and from sources other than the general property tax, unless its use for a particular purpose is prescribed by law, shall be paid into the general fund.

(C) All revenue derived from a special levy shall be credited to a special fund for the purpose for which the levy was made.

(D) Except as otherwise provided by resolution adopted pursuant to section 3315.01 of the Revised Code, all revenue derived from a source other than the general property tax and which the law prescribes shall be used for a particular purpose, shall be paid into a special fund for such purpose. Except as otherwise provided by resolution adopted pursuant to section 3315.01 of the Revised Code or as otherwise provided by section 3315.40 of the Revised Code, all revenue derived from a source other than the general property tax, for which the law does not prescribe use for a particular purpose, including interest earned on the principal of any special fund, regardless of the source or purpose of the principal, shall be paid into the general fund.

(E) All proceeds from the sale of public obligations or fractionalized interests in public obligations as defined in section 133.01 of the Revised Code, except premium and accrued interest, shall be paid into a special fund for the purpose of such issue, and any interest and other income earned on money in such special fund may be used for the purposes for which the indebtedness was authorized or may be credited to the general fund or other fund or account as the taxing authority authorizes and used for the purposes of that fund or account. The premium and accrued interest received from such sale shall be paid into the sinking fund or the bond retirement fund of the subdivision.

(F) Except as provided in divisions (G) and (H) of this section, if a permanent improvement of the subdivision is sold, the amount received from the sale shall be paid into the sinking fund, the bond retirement fund, or a special fund for the construction or acquisition of permanent improvements; provided that the proceeds from the sale of a public utility shall be paid into the sinking fund or bond retirement fund to the extent necessary to provide for the retirement of the outstanding indebtedness incurred in the construction or acquisition of such utility. The fiscal officer shall provide written certification of this determination for the township's records.

(2) The permanent improvement being sold was financed entirely from moneys in the township's general fund.

(H) If a board of education of a school district disposes of real property under section 3313.41, 3313.411, or 3313.413 of the Revised Code, the proceeds received on or after September 29, 2013, from the sale shall be used for either of the following purposes:

(1) The retirement of any debt that was incurred by the district with respect to that real property. Proceeds in excess of the funds necessary to retire that debt may be paid into the school district's capital and maintenance fund and used only to pay for the costs of nonoperating capital expenses related to technology infrastructure and equipment to be used for instruction and assessment.

(2) Payment into a special fund for the construction or acquisition of permanent improvements.

(I) Money paid into any fund shall be used only for the purposes for which such fund is established.
