eligible participant remains employed in the state in a STEM- 67
related field. The chancellor shall cease making payments on 68
behalf of an eligible participant once the participant's loans 69
are paid in full. 70

(3) The chancellor shall disburse each grant award twice a 71
year in accordance with division (F) of this section. 72

(4) If, for any fiscal year, the amounts available for 73

receiving evidence of the eligible graduate's employment in the 84
state, the chancellor shall make semiannual payments directly to 85
the eligible participant's lender. If an eligible participant 86
has more than one loan, the chancellor shall determine the 87
method by which payments shall be disbursed and for which loans. 88

(3) The participant shall continue to be eligible for the 89
program so long as the participant is employed in a STEM-related 90
field. If the participant changes places of employment, the 91
participant shall notify the chancellor of that change. The 92
chancellor shall verify that the participant's new employment is 93
in a STEM-related field. 94

The chancellor shall cease making payments on behalf of a 95
participant who ceases to be employed in a STEM-related field 96
until the participant finds new employment in a STEM-related 97
field. A former participant who is not employed in a STEM- 98
related field for one year or more shall reapply in order to 99
participate in the program. 100

(G) Each participant in the STEM degree loan repayment 101

program shall sign a promissory note payable to the state in the 102
event the participant does not satisfy the employment 103
requirements of the program. The amount payable under the note 104
shall be the amount of total loan repayment made on behalf of 105
the participant under the program prorated for the period the 106
participant worked in the state in a STEM field. The terms of 107
repayment under the note shall be determined by the chancellor. 108
The note shall stipulate that the obligation to make payments 109
under the note is canceled if the recipient dies or becomes 110
totally and permanently disabled. 111

one degree earned by any individual. 113
