of development may certify a motion picture or Broadway	105

production company's budgeted eligible expenditures have been or 162
will be incurred, demonstrated either through short-term 163

section 5726.02, 5733.06, 5747.02, or 5751.02 of the Revised 197

or equal to three hundred thousand dollars, no credit is 207
allowed; 208

(b) If the total budgeted eligible expenditures stated in 209
the application submitted under division (B) of this section or 210
the actual eligible expenditures as finally determined under 211
division (D) of this section, whichever is least, is greater 212
than three hundred thousand dollars, the credit equals thirty 213
per cent of the least of such budgeted or actual eligible 214
expenditure amounts. 215

~~(2) Except as provided in division (C) (4) of this section,~~ 216
~~if~~ 217

(3) If the director of development approves a production company's application for a credit, the director shall issue a tax credit certificate to the company. The director in consultation with the tax commissioner shall prescribe the form and manner of issuing certificates. The director shall assign a unique identifying number to each tax credit certificate and shall record the certificate in a register devised and maintained by the director for that purpose. The certificate shall state the amount of ~~the~~ eligible expenditures on which the credit is based and the amount of the credit. Upon the issuance of a certificate, the director shall certify to the tax commissioner the name of the production company to which the certificate was issued, the amount of eligible expenditures shown on the certificate, the amount of the credit, and any other information required by the rules adopted to administer this section.

~~(3)~~ (4) The amount of eligible expenditures for which a tax credit may be claimed is subject to inspection and examination by the tax commissioner or employees of the commissioner under section 5703.19 of the Revised Code and any other applicable law. Once the eligible expenditures are finally determined under section 5703.19 of the Revised Code and division (D) of this section, the credit amount is not subject to adjustment unless the director determines an error was committed in the computation of the credit amount.

~~(4)~~ (5) The director of development shall accept, review, and approve tax credit applications on a continuing basis. No tax credit certificate may be issued before the completion of the tax credit-eligible production. ~~Not more than forty million dollars of tax credit may be allowed per fiscal year provided that, for any fiscal year in which the amount of tax credits~~

~~allowed under this section is less than that maximum annual-~~ 249
~~amount, the amount not allowed for that fiscal year shall be-~~ 250
~~added to the maximum annual amount that may be allowed for the-~~ 251
~~following fiscal year.-~~ 252

~~(5) The director shall review and approve applications for-~~ 253
~~tax credits in two rounds each fiscal year. The first round of-~~ 254
~~credits shall be awarded not later than the last day of July of-~~ 255
~~the fiscal year, and the second round of credits shall be-~~ 256
~~awarded not later than the last day of the ensuing January. The-~~ 257
~~amount of credits awarded in the first round of applications-~~ 258
~~each fiscal year shall not exceed twenty million dollars plus-~~ 259
~~any credit allotment that was not awarded in the preceding-~~ 260
~~fiscal year and carried over under division (C) (4) of this-~~ 261
~~section. For each round, the director shall rank applications on-~~ 262
~~the basis of the extent of positive economic impact each tax-~~ 263
~~credit eligible production is likely to have in this state and-~~ 264
~~the effect on developing a permanent workforce in motion picture-~~ 265
~~or theatrical production industries in the state. For the-~~ 266
~~purpose of such ranking, the director shall give priority to-~~ 267
~~tax credit eligible productions that are television series or-~~ 268
~~miniseries due to the long term commitment typically associated-~~ 269
~~with such productions. The economic impact ranking shall be-~~ 270
~~based on the production company's total expenditures in this-~~ 271
~~state directly associated with the tax credit eligible-~~ 272
~~production. The effect on developing a permanent workforce in-~~ 273
~~the motion picture or theatrical production industries shall be-~~ 274
~~evaluated first by the number of new jobs created and second by-~~ 275
~~amount of payroll added with respect to employees in this state.-~~ 276

~~The director shall approve productions in the order of-~~ 277
~~their ranking, from those with the greatest positive economic-~~ 278
~~impact and workforce development effect to those with the least-~~ 279

positive economic impact and workforce development effect.	280

the company's tax credit-eligible production-; 399

(3) Upon completion of a tax-credit eligible production, 400
and upon the receipt of any salary information and other 401

application was approved under division ~~(H) (2)~~ (I) (2) of this 404
section. The payment shall equal fifty per cent of the salaries 405
paid to film and multimedia trainees employed in the production. 406

(3)(a) If the capital improvement project is complete at the time the application is submitted, a schedule documenting the progression of the project from its commencement to its 453
454
455

<u>completion;</u>	456
<u>(b) If the capital improvement project is not complete at</u>	457
<u>the time the application is submitted, a schedule for the</u>	458

<u>(4) An estimate of the amount of the project's qualified</u>	461
<u>expenditures that have been or will be incurred by the</u>	462

<u>company's financial ability to complete the project, including</u>	465

<u>improvement project's likely positive economic impact and effect</u>	481
<u>on developing a permanent workforce in motion picture or</u>	482
<u>theatrical production industries in the state as a whole, and in</u>	483
<u>any community in this state in which the facilities or equipment</u>	484

involved in the project are or will be located. The effect on 485
developing a permanent workforce in the motion picture or 486
theatrical production industries shall be evaluated first by the 487
number of new jobs created and second by amount of payroll added 488
with respect to employees in this state. The director shall 489
approve applications in the order of their ranking, from those 490
with the greatest positive economic impact and workforce 491
development effect to those with the least positive economic 492
impact and workforce development effect. The director shall not 493
approve an application or issue a tax credit certificate for a 494
capital improvement project that is not likely to have a 495
positive economic impact or workforce development impact in 496
either the state as a whole, or any community in this state in 497
which the facilities or equipment involved in the project are or 498
will be located. 499

(D) The director shall not approve more than one hundred 500
million dollars in estimated tax credits per fiscal year 501
provided that, for any fiscal year in which the amount of 502
estimated credits approved under this section is less than the 503
maximum annual amount, the amount not approved for that fiscal 504
year shall be added to the maximum annual amount that may be 505
approved for the following fiscal year. 506

If the director rescinds approval of a capital improvement 507
project under division (E)(2) of this section, the estimated 508
credit amount attributed to that project shall be added back to 509
the maximum annual credit amount for that fiscal year. If the 510
actual credit amount computed under division (I) of this section 511
is less than the estimated credit amount approved by the 512
director, the difference shall be added back to the maximum 513
annual credit amount for that fiscal year. 514

(E) (1) Within ninety days after the director of 515
development approves a capital improvement project that was not 516
complete at the time of the production company's application, 517
the production company shall submit sufficient evidence of 518
reviewable progress to the director. The director may request 519
additional updates from the production company regarding the 520
progression of the project as often as the director considers 521
necessary until the project is complete or approval of the 522
project is rescinded. The production company shall respond to 523
each such request within thirty days. 524

(2) The director may rescind approval of a capital 525
improvement project if the production company fails to timely 526
submit evidence of reviewable progress or respond to the 527
director's request for a project update, as required by division 528
(E) (1) of this section, or if the director determines that the 529
progression of the project is significantly behind the schedule 530
submitted in the tax credit application. The director shall 531
rescind approval of a project that does not begin within ninety 532
days after the date the application is approved unless the 533
production company shows good cause for the delay, meaning that 534
the project was delayed due to unforeseeable circumstances 535
beyond the production company's control or due to action or 536
inaction by a government agency. 537

(3) The director shall notify the production company upon 538
rescinding approval of a capital improvement project. Nothing in 539
this section prohibits the production company from reapplying 540
for approval of the same capital improvement project. 541

(F) (1) A production company whose capital improvement 542
project is approved by the director of development shall engage, 543
at the company's expense, an independent certified public 544

accountant to examine the company's qualified expenditures. 545
Within ninety days after the director approves the project or 546
within ninety days after a project approved by the director is 547
complete, whichever is later, the certified public accountant 548
shall issue a report to the company and to the director that 549
includes all of the following: 550

(a) The amount of the company's actual qualified 551
expenditures; 552

(b) Completed copies of all accounting and auditing forms 553
required by the director in connection with the capital 554
improvement project; 555

(c) An itemized review of all contract and expense items 556
of ten thousand dollars or more that are reported as qualified 557
expenditures; 558

(d) An itemized review of at least one-half of the 559
contract and expense items of less than ten thousand dollars 560
that are reported as qualified expenditures, both in terms of 561
the total number of such contracts and items and the total 562
amount of qualified expenditures reported for such contracts and 563
items; 564

(e) Certification that all goods and services reported as 565
qualified expenditures were purchased and consumed in this 566
state. 567

(2) Upon receiving and examining the report, the director 568
may disallow any expenditure the director determines is not a 569
qualified expenditure. If the director disallows an expenditure, 570
the director shall issue a written notice to the production 571
company stating that the expenditure is disallowed and the 572
reason for the disallowance. Upon examination of the report and 573

disallowance of any expenditures, the director shall determine 574
the production company's actual qualified expenditures for the 575
purpose of computing the amount of the credit. 576

(3) Qualified expenditures reported by the production 577
company are subject to inspection and examination by the tax 578
commissioner or employees of the commissioner under section 579
5703.19 of the Revised Code and any other applicable law. Once 580
the qualified expenditures are finally determined under section 581
5703.19 of the Revised Code and division (F)(2) of this section, 582
the credit amount is not subject to adjustment unless the 583
director determines an error was committed in the computation of 584
the credit amount. 585

(G) After reviewing the report and making the 586
determination prescribed by division (F) of this section, the 587
director of development shall issue a tax credit certificate to 588
the production company. The director, in consultation with the 589
tax commissioner, shall prescribe the form and manner of issuing 590
certificates. The director shall assign a unique identifying 591
number to each tax credit certificate and shall record the 592
certificate in a register devised and maintained by the director 593
for that purpose. The certificate shall state the amount of the 594
credit and the amount of the qualified expenditures upon which 595
the credit is based. Upon issuance of a certificate, the 596
director shall certify to the tax commissioner the name of the 597
production company to which the certificate was issued, the 598
amount of qualified expenditures shown on the certificate, the 599
amount of the credit, and any other information required by the 600
rules adopted to administer this section. 601

(H) The credit amount stated on the tax credit certificate 602
shall equal the lesser of the following: 603

(1) Twenty-five per cent of the production company's 604
actual qualified expenditures, as determined by the director of 605
development under division (F) of this section; 606

(2) The estimated credit amount specified in the 607
production company's tax credit application under division (B) 608
(5) of this section; 609

(3) Five million dollars. 610

(I) A certificate owner may transfer all or part of a tax 611
credit authorized by this section to any other person. To 612
effectuate the transfer, the transferor must notify the tax 613
commissioner, in writing, that the transferor is transferring 614
the right to claim all or part of the credit. The transferor 615
shall identify in that notification the certificate number, the 616
name and tax identification number of the transferee, the amount 617
of credit sold or transferred to the transferee, and, if 618
applicable, the amount of credit retained by the transferor. The 619
transferee may claim the amount of credit received under this 620
division pursuant to and in the manner required under section 621
5726.58, 5747.67, or 5751.55 of the Revised Code. 622

Any person to which a credit has been transferred under 623
this division may transfer the right to claim all or part of the 624
transferred credit amount to any other person, in the same 625
manner prescribed by this division for the initial transfer, 626
including that any such transfer be reported by the transferor 627
to the tax commissioner as described in this division. 628

(J) The director of development, in consultation with the 629
tax commissioner, shall adopt rules in accordance with Chapter 630
119. of the Revised Code for the administration of this section, 631
including rules setting forth and governing the criteria for 632

reporting sufficient evidence of reviewable progress; 633
expenditures that are qualified expenditures; a schedule and 634
deadlines for applications to be submitted and reviewed; a 635
competitive process for approving credits based on likely 636
economic impact and development of a permanent workforce in 637
motion picture or theatrical production industries; and 638
consideration of geographic distribution of credits. 639

To cover the administrative costs of the program, the 640
director shall require each applicant to pay an application fee 641
equal to the lesser of ten thousand dollars or one per cent of 642
the estimated value of the tax credit as stated in the 643
application. The fees collected shall be credited to the tax 644
incentives operating fund created in section 122.174 of the 645
Revised Code. 646

tax imposed under this chapter for each person included in the 650
annual report of the taxpayer that is a certificate owner of a 651
tax credit certificate issued under section 122.85 of the 652
Revised Code. The credit shall be claimed for the taxable year 653
in which the certificate is issued by the director of 654
~~development services~~. The credit amount equals the amount stated 655
in the certificate or the portion of that amount owned by the 656
certificate owner. The credit shall be claimed in the order 657
required under section 5726.98 of the Revised Code. If the 658
credit amount exceeds the tax otherwise due under section 659
5726.02 of the Revised Code after deducting all other credits 660
preceding the credit in the order prescribed in section 5726.98 661
of the Revised Code, the excess shall be refunded to the 662

taxpayer. 663

(C) Nothing in this section shall allow a taxpayer to 664
claim more than one credit per tax credit-eligible production. 665

Revised Code. The credit shall be claimed for the taxable year 672
in which the certificate is issued by the director of 673
development. The credit amount equals the amount stated on the 674
certificate or the portion of that amount owned by the 675
certificate owner. The credit shall be claimed in the order 676
required under section 5726.98 of the Revised Code. If the 677
credit amount exceeds the tax otherwise due under section 678
5726.02 of the Revised Code after deducting all other credits 679
preceding the credit in the order prescribed in section 5726.98 680
of the Revised Code, the excess shall be refunded to the 681
taxpayer. 682
