by law enforcement officers in Ohio.	4

## BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Section 1. That sections 2933.67, 2933.68, 2933.69, and	5
2933.70 of the Revised Code be enacted to read as follows:	6
Sec. 2933.67. (A) As used in sections 2933.67 to 2933.70 of the Revised Code:	7 8
(1) "Drone" means any powered, aerial vehicle to which all of the following apply:	9 10
(a) It does not carry a human operator.	11
(b) It uses aerodynamic forces to provide vehicular lift.	12
(c) It can fly automatically or be piloted remotely.	13
(d) It may be expendable or recoverable.	14
(2) "Information" means any image, sound, or data, or any	15
other video or audio information gathered.	16

(3) "Law enforcement officer" means any person specified	17
in division (A)(11)(a), (b), (h), (i), (j), (k), or (n) of	18
section 2901.01 of the Revised Code.	19
	2.0
(4) "Law enforcement agency" means a municipal police	20
department, the office of a sheriff, the office of a village	21
marshal, a township or joint township police district, the	22
office of a township constable, the state highway patrol, a	23
prosecuting attorney, the office of attorney general, or a state	24
or local governmental body that enforces criminal laws and that	25
has law enforcement officers who have a statutory power of	26
arrest.	27
(B) Except as provided in divisions (D) and (E) of this	28
section, no law enforcement officer of this state or of any	29
political subdivision of this state may use a drone to gather	30
evidence or information from a person or property in a criminal	31
investigation unless either of the following occurs:	32
(1) The law enforcement officer first obtains a search	33
warrant based on probable cause under section 2933.22 of the	34
Revised Code or Criminal Rule 41 that authorizes the use of the	35
drone and the drone is used in accordance with the authorization	36
specified in the warrant. An application for a search warrant to	37
use a drone shall specify the target of the criminal	38
investigation and the offense or offenses with respect to which	39
the drone will be used and the warrant is requested.	40
(2) Both of the following apply:	41
127 Both of the fortowing appry.	71
(a) The law enforcement officer has reasonable suspicion	42
of the commission of a crime in which the circumstances would	43
warrant swift action to prevent immediate danger of death or	44
serious physical injury to an individual and the use of the	45

drone in the situation is needed without delay.	46
(b) A warrant cannot be obtained with due diligence in	47
time to prevent the immediate danger of death or serious	48
physical injury, and the law enforcement officer believes, in	49
good faith, that it requires the drone use for this prevention.	50
Not later than forty-eight hours after the use of a drone	51
without a warrant under division (B)(2) of this section, the law	52
enforcement officer who engaged in the use of the drone shall	53
file with the appropriate court of common pleas an application	54
for the use of the drone. The application shall consist of a	55
written statement setting forth the facts giving rise to the	56
emergency circumstances warranting swift action in order to	57
prevent immediate danger of death or serious physical injury to	58
a person. If, for any reason, the application is denied by the	59
court of common pleas, the information collected by the use of	60
the drone shall be treated as being obtained in violation of	61
this section, and an inventory of that information shall be	62
served on the person named in the application.	63
(C) If a law enforcement officer obtains a search warrant	64
based on probable cause in accordance with division (B)(1) of	65
this section, the court shall limit the search warrant to a	66
period not to exceed forty-eight hours. The court may grant	67
extensions, but in no case shall an extension be longer than the	68
issuing judge determines necessary to achieve the purposes for	69
which it was granted. No extension shall be granted for more	70
than thirty days.	71
(D) A law enforcement officer may use a drone without	72
complying with division (B) of this section for crime scene or	73
traffic accident scene video or photography. The use of drones	74

in these instances must be conducted in a geographically

75

confined area and in a time-limited manner to document specific 76 77 occurrences. (E) A law enforcement officer may use a drone without 78 complying with division (B) of this section to locate missing 79 persons whose physical or mental state is such that not locating 80 them would cause serious risk of physical injury or death, as 81 long as the use of the drone does not constitute a criminal 82 investigation. 83 (F) Evidence collected in violation of division (B) of 84 this section is inadmissible in any criminal proceeding. With 85 respect to evidence collected in compliance with this section, 86 nothing in this section shall be construed to limit a court from 87 independently ruling on the admissibility of evidence collected 88 from drones by a law enforcement officer for compliance with 89 provisions of the United States and Ohio Constitutions. 90 (G) A law enforcement officer operating a drone in 91 accordance with division (B) of this section shall operate it in 92 a manner so as to collect information about the target and to 93 avoid collection of information about individuals other than the 94 target or about homes or property other than those of the 95 target. A law enforcement officer operating a drone in 96 accordance with division (D) or (E) of this section shall 97 operate it in a manner so as to avoid collection of information 98 other than as necessary with respect to the crime scene or 99 traffic accident scene or to locating the missing person. 100 (H) Any operation of a drone in this state in accordance 101 with division (B), (D), or (E) of this section shall comply with 102 all applicable federal aviation administration requirements and 103 guidelines. 104

(I) A law enforcement officer shall not operate a drone	105
that is equipped with any kind of weapon.	106
(J) Any person who is injured in any manner due to a	107
violation of this section may file a civil action with the	108
appropriate court of common pleas. In the action, the court may	109
award compensatory damages, punitive or exemplary damages, and	110
reasonable attorney's fees.	111
<u>(K) If a law enforcement officer uses a drone in</u>	112
accordance with division (B), (D), or (E) of this section, the	113
law enforcement agency served by the officer shall destroy all	114
information gathered within thirty days after the information is	115
collected unless either of the following applies:	116
(1) There is reasonable suspicion that the information	117
contains evidence of criminal activity.	118
	-
(2) The information is relevant to an ongoing criminal	119
investigation or pending criminal trial.	120
(L) Except as otherwise provided in this division, a law	121
enforcement agency that uses a drone in this state in accordance	122
with division (B) of this section shall give notice to the	123
drone's target of the information that was collected by the	124
drone not later than forty-eight hours after the information is	125
collected. A law enforcement agency may request the court of	126
common pleas that issues a warrant under division (B) of this	127
section to issue an order along with the warrant delaying the	128
notification for a period not to exceed ninety days. The court	129
shall issue the order if the court determines that there is	130
reason to believe that notification would result in an adverse	131
result involving any of the following:	132

(1) Endangering the life or physical safety of another 133

person;	134
(2) Flight from prosecution;	135
(3) The destruction of or tampering with evidence;	136
(4) The intimidation of potential witnesses;	137
(5) Otherwise seriously jeopardizing an investigation or	138
unduly delaying a trial.	139
If the court issues an order delaying notification, the	140
law enforcement agency may delay the notice to the target in	141
accordance with the provisions of that order.	142
Sec. 2933.68. (A) No information that is collected by a	143
law enforcement officer through use of a drone under division	144
(B) of section 2933.67 of the Revised Code about an individual	145
other than the target or about a home or property other than	146
those of the target may be used, copied, or disclosed for any	147
purpose. Any such information shall be deleted as soon as	148
possible and in no event later than twenty-four hours after the	149
information is collected.	150
(B) No information collected and no evidence derived from	151
information collected by a drone may be received in evidence in	152
any trial, hearing, or other proceeding in or before any court,	153
grand jury, department, officer, agency, regulatory body,	154
