

BILL SUMMARY
2nd Session of the 59th Legislature

Bill No.:	HB3462
Version:	CS
Request Number:	10343
Author:	Archer
Date:	2/21/2024
Impact:	\$0

Research Analysis

The committee substitute for HB 3462 directs the Oklahoma Department of Agriculture, Food, and Forestry, with assistance from the Department of Wildlife Conservation, to develop a pilot program to enhance the genetic durability of Oklahoma deer against chronic wasting disease.

Prepared By: Tricia Hines

Fiscal Analysis

According to the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) does not believe the measure will create a fiscal impact for the agency.

The Oklahoma Department of Wildlife Conservation (ODWC) believes there will be some costs to running the license, offset by the fee, but do not know many licenses there may be. Therefore, ODWC is unsure of what the impact to the agency would be. As ODWC is a non-appropriated agency though; therefore, there should be no fiscal impact to the state.
