

BILL SUMMARY
2nd Session of the 59th Legislature

Bill No.:	HB3821
Version:	SUBREC
Request Number:	10469
Author:	Rep. Sims
Date:	2/27/2024
Impact:	Unknown

Research Analysis

Pending

Prepared By: House Research Staff

Fiscal Analysis

The subcommittee recommendation to HB 3821 requires the Oklahoma Department of Emergency Management (OEM) to develop a statewide Stormwater Management Predictive Analytic Solution. Per OEM, it is likely the agency would submit for a Federal grant to receive Seventy-five percent (75%) of the estimated cost of this system paid by the Federal Emergency Management Agency (FEMA). The total cost of this system is currently unknown until a procurement process takes place.

OEM also notes that the timeline to receive grant funding is variable, so having this system operational by February 28, 2025 may require additional funding upfront until grant funding is available for the implementation of the system.
