Research Analysis

The engrossed version of SB 1091 modifies qualifications for members of the Oklahoma Securities Commission. The member appointed as a representative of the securities industry must be a registered agent, investment adviser, or investment adviser representative and have at least 10 immediate years of experience. Being subject to a regulatory action that requires disclosure on the uniform applications for these positions disqualifies a person from serving in this role. The measure also designates the State Banking Commissioner as a fifth voting member.
