Research Analysis

The committee substitute for SB1283 adds a definition for *bottled water* and *food sold with eating utensils provided by the seller*, as it relates to the state sales tax exemption on groceries and food items. The measure also amends the definition of *prepared food* to clarify that food sold with eating utensils provided by the seller is taxable if it does not include a container or packaging used to transport the food. The definition of *prepared food* is further modified to exclude food sold by a food manufacturer, food sold in an unheated state by weight or volume as a single item and food sold that ordinarily requires additional cooking by the consumer prior to consumption.

The measure also eliminates the temporary moratorium on local sales tax increases on food and food ingredients that would have been in place until June 30, 2025.
