

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	SB 1639
Version:	INT
Request No.	2988
Author:	Sen. Prieto
Date:	01/16/2024

Bill Analysis

SB 1639 requires kratom products to have clear and adequate directions for the consumption of and safe and effective of such products on the label. Such products must also contain a warning that a consumer should consult his or her physician on the use of kratom products as well as a statement that such products cannot make a therapeutic claim unless approved by the United States Food and Drug Administration.
