

Fiscal Impact
1st Session of the 59th Legislature

Bill No.:	SB 506
Version:	INT
Author:	Sen. Stephens
Date:	02/20/2023

Fiscal Analysis

SB 506 directs ODAFF to explore the possibility of remote and digital means of meat inspection. The review process will have no fiscal impact. If/when a suitable option is determined and approval from the USDA is granted, there would be a cost associated with the equipment, time, etc. Remote inspections from USDA must have USDA approval, which is likely to take time and advancement in current technology.

FY'24 Impact: None

Full Year Impact: None
