21 Section 1210.545 A. As part of the accountability system  
22 developed as provided for in Section 1210.541 of this title, the

24 of the Oklahoma School Testing Program which describe student  
achievement in the state and each school site. The Board shall  
prescribe the design and content of the reports, which shall

1 include, without limitation, descriptions of the performance of all  
2 schools participating in the Oklahoma School Testing Program and all

5 scored at or in the lowest twenty-fifth percentile of the state in  
6 the previous school year. The confidentiality of individual student  
7 records shall be preserved as required by law.

8 B. The annual report as required pursuant to subsection A of  
9 this section shall identify school sites as having one of the  
10 following grades, defined according to rules of the State Board of  
11 Education:

19 the school grading system as provided for in this section shall  
20 receive a school grade, except as follows:

- 21 1. A school shall not receive a school grade if the number of  
22 students tested and included in the school grading system is less  
23 than the minimum sample size necessary for statistical reliability  
24 and prevention of the unlawful release of personally identifiable

1 student data. The State Board of Education is directed to establish  
2 the lowest minimum sample size necessary to meet the requirements of  
3 this paragraph;

4 2. A school that serves any combination of students in  
5 kindergarten through grade three which does not receive a school  
6 grade because the students are not tested and included in the school

17 reported separately by the school district or charter school and

5 measured by allocating one point for each student who improves  
6 proficiency levels or improves substantially within a proficiency  
7 level on criterion-referenced tests and end-of-instruction tests  
8 administered under Section 1210.508 of this title divided by the  
9 number of students taking the tests; and

10 3. Twenty-five percent (25%) on growth in the bottom quartile  
11 of students, as measured by allocating one point for each student in  
12 the bottom quartile who improves proficiency levels or improves  
13 substantially within a proficiency level on criterion-referenced  
14 tests and end-of-instruction tests administered under Section  
15 1210.508 of this title divided by the number of students taking the  
16 tests. For purposes of this calculation, the bottom quartile of
