17 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

18 SECTION 1. AMENDATORY 70 O.S. 2011, Section 1210.545, as
19 last amended by Section 2, Chapter 163, O.S.L. 2014 (70 O.S. Supp.
20 2014, Section 1210.545), is amended to read as follows:

21 Section 1210.545 A. As part of the education accountability
22 system developed as a way to inform Oklahoma taxpayers, as provided
23 for in Section 1210.541 of this title, the State Board of Education
24 shall prepare annual reports of the results of the Oklahoma School
Testing Program which describe student achievement in the state and
each school site. The reports shall also include student
achievement results of schools that directly or indirectly receive

1 revenue from the state for the financial support of public schools
2 including schools participating in the Lindsey Nicole Henry
3 Scholarships for Students with Disabilities Program. The Board
4 shall prescribe the design and content of the reports, which shall
5 include, without limitation, descriptions of the performance of all
6 schools participating in the Oklahoma School Testing Program and all
7 of the major student populations as determined by the Board, and
8 shall also include the median scores of all eligible students who
9 scored at or in the lowest twenty-fifth percentile of the state in
10 the previous school year. The reports shall also include student
11 performance descriptions of schools that directly or indirectly
12 receive revenue from the state for the financial support of public
13 schools. The confidentiality of individual student records shall be
14 preserved as required by law.

15 B. The annual report as required pursuant to subsection A of
16 this section shall identify school sites as having one of the

5 students tested and included in the school grading system is less
6 than the minimum sample size necessary for statistical reliability
7 and prevention of the unlawful release of personally identifiable
8 student data. The State Board of Education is directed to establish
9 the lowest minimum sample size necessary to meet the requirements of
10 this paragraph;

11 2. A school that serves any combination of students in
12 kindergarten through grade three which does not receive a school
13 grade because the students are not tested and included in the school
14 grading system shall receive the school grade designation of a
15 feeder pattern school identified by the State Department of
16 Education and verified by the school district. A school feeder

21 time in an online program that is offered by a school district or
22 charter school that is not the district of residence or is not
23 located in the district of residence of the student shall be
24 reported separately by the school district or charter school and

1 shall not be included when determining the grade of the school site
2 or charter school.

3 D. The grade of a school shall be based on a combination of:

4 1. Fifty percent (50%) on whole school performance, as measured
5 by allocating one point for each student who scores proficient or
6 advanced on the criterion-referenced tests and end-of-instruction
7 tests administered under Section 1210.508 of this title and
8 alternative test scores administered to students pursuant to Section
9 1210.523 of this title divided by the number of students taking the
10 tests;

11 2. Twenty-five percent (25%) on whole school growth, as
12 measured by allocating one point for each student who improves
13 proficiency levels or improves substantially within a proficiency
14 level on criterion-referenced tests and end-of-instruction tests
15 administered under Section 1210.508 of this title divided by the
16 number of students taking the tests; and

17 3. Twenty-five percent (25%) on growth in the bottom quartile
18 of students, as measured by allocating one point for each student in
19 the bottom quartile who improves proficiency levels or improves
20 substantially within a proficiency level on criterion-referenced
21 tests and end-of-instruction tests administered under Section
22 1210.508 of this title divided by the number of students taking the
23 tests.
