SUBJECT: County fire departments

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 19 O.S. 2021, Section 351, is amended to read as follows:

Section 351. A. The board of county commissioners of each county of this state is hereby authorized to provide firefighting service in the county and for such purpose to use county funds to rent, lease or purchase firefighting equipment and to rent or construct and equip and operate fire stations and to employ necessary personnel to provide such service. The board of county commissioners shall also have the authority to determine and collect charges for firefighting services performed by the county from any person to whom such services are provided.

B. The board of county commissioners of each county of this state shall have the power to take by grant, purchase, gift, devise or lease, and to dispose of, any real property for the purpose of acquiring right-of-ways and easements necessary in providing firefighting services to the county, including the construction and maintenance of roads and the installation of dry hydrants. The board may use county funds and equipment to construct and maintain

such roads and to install such dry hydrants. Provided, nothing in this subsection shall be construed to prohibit the installation of dry hydrants on privately owned property by the owner thereof at the expense of the owner.

C. The board of county commissioners of each county of this state shall have the authority to use county personnel operating county equipment to fight fires in situations where an emergency is determined to exist, provided the firefighting service is requested by the county civil defense director or upon a request of a rural fire department.

D. 1. A corporate fire department organized pursuant to the provisions of Section 592 of Title 18 of the Oklahoma Statutes or a county fire department organized pursuant to the provisions of subsection A of this section may petition the board of county commissioners of the county in which the fire department provides protection to convert to a county fire department organized pursuant to the provisions of this subsection. The petition shall set forth and particularly describe the proposed boundaries of such county fire department and shall be accompanied by a map of such proposed fire department, drawn to a scale of not less than one (1) inch to a mile. The petition shall also set forth the administration, control and ownership of all the corporate fire department's assets in the event such petition is approved. Such petition shall be filed with the county clerk of such county who shall present it to the board of county commissioners at their next regular or special meeting. Upon presentation of such petition, the board of county commissioners shall set the same for hearing at a time not less than twenty (20) days nor more than forty (40) days from the date of presentation and shall direct the county clerk to give notice of such hearing by publication in a newspaper of general circulation in the county in which the proposed county fire department is located. Such notice shall describe the boundaries of the proposed county fire department, shall state the time and place of the hearing, and shall state that any person may appear and protest the organization of the county fire department or the proposed boundaries thereof. The board of county commissioners shall hold the hearing described in said notice, and it shall have jurisdiction to hear and determine all protests to the creation of such county fire department and all matters pertaining to the same. It may amend the plan of such proposed county fire department by excluding from within its boundaries any lands which it may deem will not be benefited by the formation of such county fire department, or by including other lands as a part thereof upon application of the owners of such land;

provided, however, it shall not exclude from such district any unincorporated lands which are completely surrounded by lands which are included in the proposed county fire department. If the board of county commissioners determines that the conversion of such corporate fire department to a county fire department will be conducive to the public safety of the affected area therein, then said board shall give such proposed county fire department a name and shall authorize and approve the organization of said county fire department.
