For the purposes of this section, the license fee of a wrecker or tow vehicle shall be based on the gross weight of the wrecker or tow vehicle alone without any inclusion of weight for a vehicle towed by the wrecker or tow vehicle.

B. After the fifth year's registration in this or any other state, the license fee upon any truck registered on a basis of the combined laden weight not in excess of fifteen thousand (15,000) pounds shall be assessed at fifty percent (50%) of the fee computed and assessed for each of the first five (5) years. On the seventh and all subsequent years of registration in this or any other state, on such truck, such license fees shall be assessed and computed at

fifty percent (50%) of the amount due on the sixth year's registration. In no event shall such annual license fee on any truck be less than Ten Dollars (\$10.00) nor shall the annual license fee of any truck-tractor be less than Ninety-five Dollars (\$95.00).

C. In addition to the fees required by subsection A of this section, there shall be paid a registration fee of Forty Dollars (\$40.00) upon the first registration in this state after July 1, 1985, and upon the transfer of ownership of any frac tank, as defined by Section 54 of Title 17 of the Oklahoma Statutes, construction machinery, as defined by Section 1102 of this title, rental trailer, commercial trailer, or semitrailer designed to be pulled and usually pulled by a truck or truck-tractor.

Thereafter, a fee of Four Dollars (\$4.00) shall be paid annually for each frac tank, construction machinery, rental trailer, commercial trailer, or semitrailer. The fee of Four Dollars (\$4.00) shall be due and payable on January 1 of each year on any frac tank, construction machinery, rental trailer, commercial trailer, or semitrailer registered under this section.

Upon the payment of the registration fee of Forty Dollars (\$40.00), a nonexpiring registration certificate and identification plate shall be issued for each frac tank, construction machinery, rental trailer, commercial trailer, or semitrailer. The nonexpiring identification plate shall remain displayed on the frac tank, construction machinery, rental trailer, commercial trailer, or semitrailer for which the identification plate is issued until such frac tank, construction machinery, trailer, or semitrailer is sold or removed from service.

A receipt shall be issued upon the payment of the annual fee. The receipt shall show the total fee paid for one or more frac tanks, construction machinery units, rental trailers, commercial trailers, or semitrailers. The receipt shall be retained by the owner of any frac tank, construction machinery, rental trailer, commercial trailer, or semitrailer for a period of three (3) years and shall be subject to audit by the Tax Commission or Corporation Commission.

Any frac tank, construction machinery, commercial trailer, or semitrailer licensed pursuant to this section shall not be permitted

to be operated on the highways of this state when such frac tank, construction machinery, commercial trailer, or semitrailer is being operated by a resident of this state, or is being operated by a person operating a vehicle or vehicles domiciled in this state and required by law to be licensed in Oklahoma, unless the pulling truck or truck-tractor has been licensed pursuant to this section or is twenty-four thousand (24,000) pounds or less and operating under a valid temporary license plate provided by Section 1137.1 or 1137.3 of this title. In no event shall any truck, truck-tractor, frac tank, construction machinery, trailer, or semitrailer used in the furtherance of any commercial enterprise be permitted to operate on the highways of this state or register at a smaller license fee than that prescribed in this section except as provided in this section.

D. For each fiscal year, notwithstanding the provisions of Section 1104 of this title, the first Four Hundred Thousand Dollars (\$400,000.00) of all monies collected pursuant to subsections A, B, and C of this section shall be paid by the Tax Commission to the State Treasurer of the State of Oklahoma who shall deposit same each fiscal year, or such lesser amount as may accrue each fiscal year, under the provisions of this section to the credit of the General Revenue Fund of the State Treasury. All monies collected in excess of Four Hundred Thousand Dollars (\$400,000.00) each fiscal year shall be apportioned as provided in Section 1104 of this title.

E. If any vehicle is used for a purpose other than that for which it has been registered, the owner of the vehicle shall be required to immediately reregister the vehicle at the appropriate rate. If any vehicle is placed or operated upon any street, road, or highway of this state with a laden weight in excess of that for which it is licensed, the license fee for such increased laden weight shall become due, and the owner of the vehicle shall be required to immediately reregister the vehicle at the increased rate. Provided, that, in either event there shall be credited upon the increased license fee for such reregistration for any portion of the year or period remaining after the change in use or increase in laden weight shall have occurred a proportionate part of the license fees previously paid. If this reregistration is made voluntarily by the owner, the ratable proportion of the credit allowed shall be determined as of the date the reregistration is voluntarily made. If the reregistration is not voluntarily made but occurs as a result of the discovery by any enforcement officer of an improper operation

of the vehicle, that shall be considered prima facie evidence that it has been improperly registered for the entire portion of the year covered by the improper registration. Provided further, that the ratable credit shall be allowed only on the first reregistration of any vehicle during any calendar year. If, during the calendar year, subsequent changes of license plate are desired, the ratable credit shall not be allowed but the owner of the vehicle shall be required to pay the license fee due for that portion of the calendar year remaining without benefit of any additional credits. No owner of a motor vehicle shall possess at any time more than one license plate for any vehicle owned by such person. No reregistration shall be made until the current license plate previously issued has been surrendered.

Any person who has paid a fee under the terms and provisions of this subsection may at any time within one (1) year after the payment of such fee file with the Tax Commission or Corporation Commission a claim under oath for refund stating the grounds therefor. However, the Tax Commission or Corporation Commission shall allow refunds only where the amount of tax paid has been erroneously computed or determined through clerical errors or miscalculations. No refund shall be allowed by the Tax Commission or Corporation Commission of a tax paid by the person where such payment is made through a mistake as to the legal misinterpretation or construction of the provisions of this section. Any refunds made by the Tax Commission or Corporation Commission pursuant to this subsection shall be made out of any monies collected pursuant to this subsection and which have not been apportioned.

F. The annual license fee required by this section is intended to cover only the motor vehicle for which it is issued. The Tax Commission or Corporation Commission upon application, when a licensed truck-tractor has been destroyed by fire or accident, shall credit the unused portion of the annual license fee of the vehicle toward the license fee of a replacement vehicle of equal registered weight. The amount of credit shall not exceed the license fee due on the replacement vehicle. The Tax Commission or Corporation Commission shall not be required to make a refund. If the replacement vehicle is to be registered at a greater weight, the applicant shall pay an additional sum equivalent to the difference between the unused portion of the annual license fee for the

original motor vehicle and the license fee due for the replacement motor vehicle.

G. The license fees provided for in this section shall be paid each year whether or not the vehicle is operated on the public highway.

H. Notwithstanding the provision of any other statute in respect to the time for payment of license fees on motor vehicles, if the total amount of the annual license fees due from any resident owner, either individual, partnership, or Oklahoma corporation, upon the registration, on or before January 15 of any year, of commercial trucks, truck-tractors, frac tanks, construction machinery, trailers or semitrailers exceeds the sum of One Thousand Dollars (\$1,000.00), the license fees may be paid in equal semiannual installments. The first installment shall be paid at the time of the application for registration of the vehicles and not later than January 15 of each year, and the second installment shall be paid on or before the first day of July of such year.

This subsection shall not operate to reduce the amount of the license fees due. If any installment is not paid on or before the date due, all unpaid installments of license fees for such year on each vehicle shall be deemed delinquent and immediately due and payable, and there shall be added a penalty of twenty-five cents (\$0.25) per day to the balance of the license fee due on each vehicle for each day the balance remains unpaid up to thirty (30) days, after which the penalty due on each vehicle shall be Twenty-five Dollars (\$25.00). The penalty for vehicles registered by weight in excess of eight thousand (8,000) pounds shall be an amount equal to the license fee. On and after the thirtieth day each such vehicle involved shall be considered as improperly licensed and as not currently registered, and all of the provisions of the Oklahoma Vehicle License and Registration Act relating to enforcement, including the provisions for the seizure and sale of vehicles not registered and not displaying current license plates, shall apply to the vehicles.

All fees and taxes levied by the Oklahoma Vehicle License and Registration Act shall become and remain a first lien upon the vehicle upon which the fees or taxes are due until paid. The lien shall have priority to all other liens. No title to any vehicle may

be transferred until the unpaid balance on the vehicle has been paid in full. Provided, that any unpaid balance of the license fees shall remain and become a lien against any and all property of the owner, both real and personal, for so long as any license tag fee balance shall remain unpaid. Any unpaid balance under these provisions shall be immediately due and payable by the owner if any vehicle is sold, wrecked, or otherwise retired from service.

Any person electing to pay license fees on a semiannual installment basis, as herein authorized, shall be required to purchase a new license tag for the last half and shall pay the sum of Four Dollars (\$4.00) for each tag to cover the costs of the license tags. The license tags for each half shall be plainly marked in designating the half for which they were issued. A validation sticker may be used in lieu of a metal tag where appropriate. Such license tag fee shall be, in addition to the license fees or any other fees, collected on each application as provided by statute and shall be apportioned according to the provisions of Section 1104 of this title.

I. Any person pulling or towing any vehicle intended to be resold, into or through this state, shall pay a fee of Three Dollars (\$3.00) for the vehicle towing and Three Dollars (\$3.00) for the one being towed. It shall be unlawful to operate any series of such units on the public highways of this state at a distance closer than five hundred (500) feet from each other. All fees and taxes levied by the terms and provisions of this section shall become and remain a first lien upon the vehicle upon which the fees or taxes are due until paid. The lien shall be prior, superior, and paramount to all other liens of whatsoever kind or character.

J. In addition to any other penalties prescribed by law, the following penalty shall be imposed by enforcement officers upon any owner or operator of a commercial vehicle registered under the provisions of this section when the laden weight or combined laden weight of such vehicle is found to be in excess of that for which registered. The penalty shall be imposed each and every time a vehicle is found to be in violation of the registered laden weight or combined laden weight.

The penalty shall be not less than Twenty Dollars (\$20.00) when such vehicle exceeds the laden weight or combined laden weight by

two thousand one (2,001) pounds; thereafter, an additional penalty of not less than Twenty Dollars (\$20.00) shall be imposed for each additional one thousand (1,000) pounds or fraction thereof of weight in excess of the registered laden weight or combined laden weight. Such penalty shall not exceed the amount established by the Corporation Commission pursuant to the provisions of subsection A of Section 1167 of this title. Revenue from such penalties shall be apportioned as provided in Section 1167 of this title.

K. Service Oklahoma shall promulgate rules for the mass renewal of commercial vehicle registration for businesses that possess at least ten vehicles registered as commercial vehicles under the provisions of this section, provided that such mass renewal shall not be mandatory for such businesses. For such mass renewal, the annual license fees described in subsections A and B of this section shall be due and payable on January 1 of each year on such commercial vehicles.
