21 administering the bid process;

22 7. Experience managing professional staff, teams, and
23 consultants;

24 8. Knowledge of telecommunications operations;

1 9. Ability to develop and set strategic direction for
2 information technology and telecommunications and to manage daily
3 development and operations functions;

4 10. An effective communicator who is able to build consensus;

5 11. Ability to analyze and resolve complex issues, both logical
6 and interpersonal;

7 12. Effective verbal and written communications skills and
8 effective presentation skills, geared toward coordination and
9 education;

10 13. Ability to negotiate and defuse conflict; and

11 14. A self-motivator, independent, cooperative, flexible and
12 creative.

13 C. The salary and any other expenses for the Chief Information
14 Officer shall be budgeted as a separate line item through the Office
15 of Management and Enterprise Services. The operating expenses of
16 the Information Services Division shall be set by the Chief
17 Information Officer and shall be budgeted as a separate line item
18 through the Office of Management and Enterprise Services. The
19 Office of Management and Enterprise Services shall provide adequate
20 office space, equipment and support necessary to enable the Chief
21 Information Officer to carry out the information technology and
22 telecommunications duties and responsibilities of the Chief
23 Information Officer and the Information Services Division.
24

1 D. 1. Within twelve (12) months of appointment, the first
2 Chief Information Officer shall complete an assessment, which shall
3 be modified annually pursuant to Section 35.5 of this title, of the
4 implementation of the transfer, coordination, and modernization of
5 all information technology and telecommunication systems of all
6 state agencies in the state as provided for in the Oklahoma
7 Information Services Act. The assessment shall include the
8 information technology and telecommunications systems of all
9 institutions within The Oklahoma State System of Higher Education,
10 the Oklahoma State Regents for Higher Education and the
11 telecommunications network known as OneNet as assembled and
12 submitted by the Oklahoma Higher Education Chief Information
13 Officer, as designated by the Oklahoma State Regents for Higher
14 Education.

15 2. Within twelve (12) months of appointment, the first Chief
16 Information Officer shall issue a report setting out a plan of
17 action which will include the following:

- 18 a. define the shared service model organization structure
19 and the reporting relationship of the recommended
20 organization,
- 21 b. the implementation of an information technology and
22 telecommunications shared services model that defines
23 the statewide infrastructure environment needed by
24 most state agencies that is not specific to individual

1 agencies and the shared applications that are utilized
2 across multiple agencies,

3 c. define the services that shall be in the shared
4 services model under the control of the Information
5 Services Division of the Office of Management and
6 Enterprise Services,

7 d. define the roadmap to implement the proposed shared
8 services model. The roadmap shall include
9 recommendations on the transfer, coordination, and
10 modernization of all information technology and
11 telecommunication systems of all the state agencies in
12 the state,

13 e. recommendations on the reallocation of information
14 technology and telecommunication resources and
15 personnel,

16 f. a cost benefit analysis to support the recommendations
17 on the reallocation of information technology and
18 telecommunication resources and personnel,

19 g. a calculation of the net savings realized through the
20 reallocation and consolidation of information
21 technology and telecommunication resources and
22 personnel after compensating for the cost of
23 contracting with a private consultant as authorized in
24 paragraph 4 of this subsection, implementing the plan

1 of action, and ongoing costs of the Information
2 Services Division of the Office of Management and
3 Enterprise Services, and

4 h. the information required in subsection B of Section
5 35.5 of this title.

6 3. The plan of action report shall be presented to the
7 Governor, Speaker of the House of Representatives, and the President
8 Pro Tempore of the State Senate.

9 4. The Chief Information Officer may contract with a private
10 consultant or consultants to assist in the assessment and
11 development of the plan of action report as required in this
12 subsection.

13 E. The Chief Information Officer shall be authorized to employ
14 personnel, fix the duties and compensation of the personnel, not
15 otherwise prescribed by law, and otherwise direct the work of the
16 personnel in performing the function and accomplishing the purposes
17 of the Information Services Division of the Office of Management and
18 Enterprise Services.

19 F. The Information Services Division of the Office of
20 Management and Enterprise Services shall be responsible for the
21 following duties:

22 1. Formulate and implement the information technology strategy
23 for all state agencies;

- 1 2. Define, design, and implement a shared services statewide
2 infrastructure and application environment for information
3 technology and telecommunications for all state agencies;
- 4 3. Direct the development and operation of a scalable
5 telecommunications infrastructure that supports data and voice
6 communications reliability, integrity, and security;
- 7 4. Supervise the applications development process for those
8 applications that are utilized across multiple agencies;
- 9 5. Provide direction for the professional development of
10 information technology staff of state agencies and oversee the
11 professional development of the staff of the Information Services
12 Division of the Office of Management and Enterprise Services;
- 13 6. Evaluate all technology and telecommunication investment
14 choices for all state agencies;
- 15 7. Create a plan to ensure alignment of current systems, tools,
16 and processes with the strategic information technology plan for all
17 state agencies;
- 18 8. Set direction and provide oversight for the support and
19 continuous upgrading of the current information technology and
20 telecommunication infrastructure in the state in support of enhanced
21 reliability, user service levels, and security;
- 22 9. Direct the development, implementation, and management of
23 appropriate standards, policies and procedures to ensure the success
24 of state information technology and telecommunication initiatives;

1 10. Recruit, hire and transfer the required technical staff in
2 the Information Services Division of the Office of Management and
3 Enterprise Services to support the services provided by the Division
4 and the execution of the strategic information technology plan;

5 11. Establish, maintain, and enforce information technology and
6 telecommunication standards;

7 12. Delegate, coordinate, and review all work to ensure quality
8 and efficient operation of the Information Services Division of the
9 Office of Management and Enterprise Services;

10 13. Create and implement a communication plan that disseminates
11 pertinent information to state agencies on standards, policies,
12 procedures, service levels, project status, and other important
13 information to customers of the Information Services Division of the
14 Office of Management and Enterprise Services and provide for agency
15 feedback and performance evaluation by customers of the Division;

16 14. Develop and implement training programs for state agencies
17 using the shared services of the Information Services Division of
18 the Office of Management and Enterprise Services and recommend
19 training programs to state agencies on information technology and
20 telecommunication systems, products and procedures;

21 15. Provide counseling, performance evaluation, training,
22 motivation, discipline, and assign duties for employees of the
23 Information Services Division of the Office of Management and
24 Enterprise Services;

1 16. Approve the purchasing of all information technology and
2 telecommunication products and services for all state agencies;

3 17. Develop and enforce an overall infrastructure architecture
4 strategy and associated roadmaps for desktop, network, server,
5 storage, and statewide management systems for state agencies;

6 18. Effectively manage the design, implementation and support
7 of complex, highly available infrastructure to ensure optimal
8 performance, on-time delivery of features, and new products, and
9 scalable growth;

10 19. Define and implement a governance model for requesting
11 services and monitoring service level metrics for all shared
12 services; and

13 20. Create the budget for the Information Services Division of
14 the Office of Management and Enterprise Services to be submitted to
15 the Legislature each year.

16 G. The State Governmental Technology Applications Review Board
17 shall provide ongoing oversight of the implementation of the plan of
18 action required in subsection D of this section. Any proposed
19 amendments to the plan of action shall be approved by the Board
20 prior to adoption.

21 H. 1. The Chief Information Officer shall act as the
22 Information Technology and Telecommunications Purchasing Director
23 for all state agencies and shall be responsible for the procurement
24 of all information technology and telecommunication software,

1 hardware, equipment, peripheral devices, maintenance, consulting
2 services, high technology systems, and other related information
3 technology, data processing, telecommunication and related
4 peripherals and services for all state agencies. The Chief
5 Information Officer shall establish, implement, and enforce policies
6 and procedures for the procurement of information technology and
7 telecommunication software, hardware, equipment, peripheral devices,
8 maintenance, consulting services, high technology systems, and other
9 related information technology, data processing, telecommunication
10 and related peripherals and services by purchase, lease-purchase,
11 lease with option to purchase, lease and rental for all state
12 agencies. The procurement policies and procedures established by
13 the Chief Information Officer shall be consistent with The Oklahoma
14 Central Purchasing Act.

15 2. The Chief Information Officer, or any employee or agent of
16 the Chief Information Officer acting within the scope of delegated
17 authority, shall have the same power and authority regarding the
18 procurement of all information technology and telecommunication
19 products and services as outlined in paragraph 1 of this subsection
20 for all state agencies as the State Purchasing Director has for all
21 acquisitions used or consumed by state agencies as established in
22 The Oklahoma Central Purchasing Act. Such authority shall,
23 consistent with the authority granted to the State Purchasing
24 Director pursuant to Section 85.10 of Title 74 of the Oklahoma

1 Statutes, include the power to designate financial or proprietary
2 information submitted by a bidder confidential and reject all
3 requests to disclose the information so designated, if the Chief
4 Information Officer requires the bidder to submit the financial or
5 proprietary information with a bid, proposal, or quotation.

6 I. The Information Services Division of the Office of
7 Management and Enterprise Services and the Chief Information Officer
8 shall be subject to The Oklahoma Central Purchasing Act for the
9 approval and purchase of equipment and products not related to
10 information and telecommunications technology, equipment, software,
11 products and related peripherals and services and shall also be
12 subject to the requirements of the Public Competitive Bidding Act of
13 1974, the Oklahoma Lighting Energy Conservation Act and the Public
14 Building Construction and Planning Act when procuring data
15 processing, information technology, telecommunication, and related
16 peripherals and services and when constructing information
17 technology and telecommunication facilities, telecommunication
18 networks and supporting infrastructure. The Chief Information
19 Officer shall be authorized to delegate all or some of the
20 procurement of information technology and telecommunication products
21 and services and construction of facilities and telecommunication
22 networks to another state entity if the Chief Information Officer
23 determines it to be cost-effective and in the best interest of the
24 state. The Chief Information Officer shall have authority to

1 designate information technology and telecommunication contracts as
2 statewide contracts and mandatory statewide contracts pursuant to
3 Section 85.5 of Title 74 of the Oklahoma Statutes and to negotiate
4 consolidation contracts, enterprise agreements and high technology
5 systems contracts in accordance with the procedures outlined in
6 Section 85.9D of Title 74 of the Oklahoma Statutes. Any contract
7 entered into by a state agency for which the Chief Information
8 Officer has not acted as the Information Technology and
9 Telecommunications Purchasing Director as required in this
10 subsection or subsection H of this section, shall be deemed to be
11 unenforceable and the Office of Management and Enterprise Services
12 shall not process any claim associated with the provisions thereof.

13 J. The Chief Information Officer shall establish, implement,
14 and enforce policies and procedure for the development and
15 procurement of an interoperable radio communications system for
16 state agencies. The Chief Information Officer shall work with local
17 governmental entities in developing the interoperable radio
18 communications system.

19 K. The Chief Information Officer shall develop and implement a
20 plan to utilize open source technology and products for the
21 information technology and telecommunication systems of all state
22 agencies.

23 L. All state agencies and authorities of this state and all
24 officers and employees of those entities shall work and cooperate

1 with and lend assistance to the Chief Information Officer and the
2 Information Services Division of the Office of Management and
3 Enterprise Services and provide any and all information requested by
4 the Chief Information Officer.

5 M. The Chief Information Officer shall prepare an annual report
6 detailing the ongoing net saving attributable to the reallocation
7 and consolidation of information technology and telecommunication
8 resources and personnel and shall submit the report to the Governor,
9 the Speaker of the House of Representatives, and the President Pro
10 Tempore of the Senate.

11 N. For purposes of the Oklahoma Information Services Act,
12 unless otherwise provided for, "state agencies" shall include any
13 office, officer, bureau, board, commission, counsel, unit, division,
14 body, authority or institution of the executive branch of state
15 government, whether elected or appointed; provided, except with
