11 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

12 SECTION 1. AMENDATORY 68 O.S. 2011, Section 2357.4, as
13 last amended by Section 1, Chapter 329, O.S.L. 2016 (68 O.S. Supp.
14 2017, Section 2357.4), is amended to read as follows:

15 Section 2357.4. A. Except as otherwise provided in subsection
16 F of Section 3658 of this title and in subsections J and K of this
17 section, for taxable years beginning after December 31, 1987, there
18 shall be allowed a credit against the tax imposed by Section 2355 of
19 this title for:

20 1. Investment in qualified depreciable property placed in
21 service during those years for use in a manufacturing operation, as
22 defined in Section 1352 of this title, which has received a
23 manufacturer exemption permit pursuant to the provisions of Section
24 1359.2 of this title or a qualified aircraft maintenance or

1 manufacturing facility as defined in Section 1357 of this title in
2 this state or a qualified web search portal as defined in Section
3 1357 of this title; or

4 2. A net increase in the number of full-time-equivalent
5 employees in a manufacturing operation, as defined in Section 1352
6 of this title, which has received a manufacturer exemption permit
7 pursuant to the provisions of Section 1359.2 of this title or a
8 qualified aircraft maintenance or manufacturing facility defined in
9 Section 1357 of this title in this state or in a qualified web
10 search portal as defined in Section 1357 of this title including
11 employees engaged in support services.

12 B. Except as otherwise provided in subsection F of Section 3658
13 of this title and in subsections J and K of this section, for
14 taxable years beginning after December 31, 1998, there shall be
15 allowed a credit against the tax imposed by Section 2355 of this
16 title for:

17 1. Investment in qualified depreciable property with a total
18 cost equal to or greater than Forty Million Dollars (\$40,000,000.00)
19 within three (3) years from the date of initial qualifying
20 expenditure and placed in service in this state during those years
21 for use in the manufacture of products described by any Industry
22 Number contained in Division D of Part I of the Standard Industrial
23 Classification (SIC) Manual, latest revision; or

24

1 2. A net increase in the number of full-time-equivalent
2 employees in this state engaged in the manufacture of any goods
3 identified by any Industry Number contained in Division D of Part I
4 of the Standard Industrial Classification (SIC) Manual, latest
5 revision, if the total cost of qualified depreciable property placed
6 in service by the business entity within the state equals or exceeds
7 Forty Million Dollars (\$40,000,000.00) within three (3) years from
8 the date of initial qualifying expenditure.

9 C. The business entity may claim the credit authorized by
10 subsection B of this section for expenditures incurred or for a net
11 increase in the number of full-time-equivalent employees after the
12 business entity provides proof satisfactory to the Oklahoma Tax
13 Commission that the conditions imposed pursuant to paragraph 1 or
14 paragraph 2 of subsection B of this section have been satisfied.

15 D. If a business entity fails to expend the amount required by
16 paragraph 1 or paragraph 2 of subsection B of this section within
17 the time required, the business entity may not claim the credit
18 authorized by subsection B of this section but shall be allowed to
19 claim a credit pursuant to subsection A of this section if the
20 requirements of subsection A of this section are met with respect to
21 the investment in qualified depreciable property or net increase in
22 the number of full-time-equivalent employees.

23 E. The credit provided for in subsection A of this section, if
24 based upon investment in qualified depreciable property, shall not

1 be allowed unless the investment in qualified depreciable property
2 is at least Fifty Thousand Dollars (\$50,000.00). The credit
3 provided for in subsection A or B of this section shall not be
4 allowed if the applicable investment is the direct cause of a
5 decrease in the number of full-time-equivalent employees. Qualified
6 property shall be limited to machinery, fixtures, equipment,
7 buildings or substantial improvements thereto, placed in service in
8 this state during the taxable year. The taxable years for which the
9 credit may be allowed if based upon investment in qualified
10 depreciable property shall be measured from the year in which the
11 qualified property is placed in service. If the credit provided for
12 in subsection A or B of this section is calculated on the basis of
13 the cost of the qualified property, the credit shall be allowed in
14 each of the four (4) subsequent years. If the qualified property on
15 which a credit has previously been allowed is acquired from a
16 related party, the date such property is placed in service by the
17 transferor shall be considered to be the date such property is
18 placed in service by the transferee, for purposes of determining the
19 aggregate number of years for which credit may be allowed.

20 F. The credit provided for in subsection A or B of this
21 section, if based upon an increase in the number of full-time-
22 equivalent employees, shall be allowed in each of the four (4)
23 subsequent years only if the level of new employees is maintained in
24 the subsequent year. In calculating the credit by the number of new

1 employees, only those employees whose paid wages or salary were at
2 least Seven Thousand Dollars (\$7,000.00) during each year the credit
3 is claimed shall be included in the calculation. Provided, that the
4 first year a credit is claimed for a new employee, such employee may
5 be included in the calculation notwithstanding paid wages of less
6 than Seven Thousand Dollars (\$7,000.00) if the employee was hired in
7 the last three quarters of the tax year, has wages or salary which
8 will result in annual paid wages in excess of Seven Thousand Dollars
9 (\$7,000.00) and the taxpayer submits an affidavit stating that the
10 employee's position will be retained in the following tax year and
11 will result in the payment of wages in excess of Seven Thousand
12 Dollars (\$7,000.00). The number of new employees shall be
13 determined by comparing the monthly average number of full-time
14 employees subject to Oklahoma income tax withholding for the final
15 quarter of the taxable year with the corresponding period of the
16 prior taxable year, as substantiated by such reports as may be
17 required by the Tax Commission.

18 G. The credit allowed by subsection A of this section shall be
19 the greater amount of either:

20 1. One percent (1%) of the cost of the qualified property in
21 the year the property is placed in service; or

22 2. Five Hundred Dollars (\$500.00) for each new employee. No
23 credit shall be allowed in any taxable year for a net increase in
24 the number of full-time-equivalent employees if such increase is a

1 result of an investment in qualified depreciable property for which
2 an income tax credit has been allowed as authorized by this section.

3 H. The credit allowed by subsection B of this section shall be
4 the greater amount of either:

5 1. Two percent (2%) of the cost of the qualified property in
6 the year the property is placed in service; or

7 2. One Thousand Dollars (\$1,000.00) for each new employee.

8 No credit shall be allowed in any taxable year for a net
9 increase in the number of full-time-equivalent employees if such
10 increase is a result of an investment in qualified depreciable
11 property for which an income tax credit has been allowed as
12 authorized by this section.

13 I. Except as provided by subsection G of Section 3658 of this
14 title, any credits allowed but not used in any taxable year may be
15 carried over in order as follows:

16 1. To each of the four (4) years following the year of
17 qualification;

18 2. To the extent not used in those years in order to each of
19 the fifteen (15) years following the initial five-year period;

20 3. If a C corporation that otherwise qualified for the credits
21 under subsection A of this section subsequently changes its
22 operating status to that of a pass-through entity which is being
23 treated as the same entity for federal tax purposes, the credits
24 will continue to be available as if the pass-through entity had

1 originally qualified for the credits subject to the limitations of
2 this section;

3 4. To the extent not used in paragraphs 1 and 2 of this
4 subsection, such credits from qualified depreciable property placed
5 in service on or after January 1, 2000, may be utilized in any
6 subsequent tax years after the initial twenty-year period; and

7 5. Provided, for tax years beginning on or after January 1,
8 2016, and ending on or before December 31, 2018, the amount of
9 credits available as an offset in a taxable year shall be limited to
10 the percentage calculated by the Tax Commission pursuant to the
11 provisions of subsection L of this section.

12 J. No credit otherwise authorized by the provisions of this
13 section may be claimed for any event, transaction, investment,
14 expenditure or other act occurring on or after July 1, 2010, for
15 which the credit would otherwise be allowable until the provisions
16 of this subsection shall cease to be operative on July 1, 2012.
17 Beginning July 1, 2012, the credit authorized by this section may be
18 claimed for any event, transaction, investment, expenditure or other
19 act occurring on or after July 1, 2010, according to the provisions
20 of this section; provided, credits accrued during the period from
21 July 1, 2010, through June 30, 2012, shall be limited to a period of
22 two (2) taxable years. The credit shall be limited in each taxable
23 year to fifty percent (50%) of the total amount of the accrued
24 credit. Any tax credits which accrue during the period of July 1,

1 2010, through June 30, 2012, may not be claimed for any period prior
2 to the taxable year beginning January 1, 2012. No credits which
3 accrue during the period of July 1, 2010, through June 30, 2012, may
4 be used to file an amended tax return for any taxable year prior to
5 the taxable year beginning January 1, 2012.

6 K. Beginning January 1, 2017, except with respect to tax
7 credits allowed from investment or job creation occurring prior to
8 January 1, 2017, the credits authorized by this section shall not be
9 allowed for investment or job creation in electric power generation
10 by means of wind as described by the North American Industry
11 Classification System, No. 221119.

12 L. For tax years beginning on or after January 1, 2016, ~~and~~
13 ~~ending on or before December 31, 2018,~~ the total amount of credits
14 authorized by this section used to offset tax shall be adjusted
15 annually to limit the annual amount of credits to Twenty-five
16 Million Dollars (\$25,000,000.00). The Tax Commission shall annually
17 calculate and publish a percentage by which the credits authorized
18 by this section shall be reduced so the total amount of credits used
19 to offset tax does not exceed Twenty-five Million Dollars
20 (\$25,000,000.00) per year. The formula to be used for the
21 percentage adjustment shall be Twenty-five Million Dollars
22 (\$25,000,000.00) divided by the credits ~~used to offset tax~~ claimed
23 in the second preceding year.

24

1 M. Pursuant to subsection L of this section, in the event the
2 total tax credits authorized by this section exceed Twenty-five
3 Million Dollars (\$25,000,000.00) in any calendar year, the Tax
4 Commission shall permit any excess over Twenty-five Million Dollars
5 (\$25,000,000.00) but shall factor such excess into the percentage
6 adjustment formula for subsequent years.

7 ~~SECTION 2. It being immediately necessary for the preservation~~
8 ~~of the public peace, health or safety, an emergency is hereby~~
9 ~~declared to exist, by reason whereof this act shall take effect and~~
10 ~~be in full force from and after its passage and approval.~~
