25 (3) A person may not operate any LP gas delivery equipment installed on a motorized vehicle  
26 unless the person has received an LP gas truck equipment license from the State Fire Marshal in  
27 accordance with ORS 480.410 to 480.460.

28 (4) Any person under the terms of this section who is required to have an LP gas fitter or LP  
29 gas truck equipment license is also required to have an LP gas installation license, unless the per-  
30 son is an employee of an employer who has an LP gas installation license as provided by this sec-  
31 tion.

32 (5) A person who holds a valid journeyman plumber license under ORS 693.060 or who is in an  
33 approved journeyman plumber apprenticeship established under ORS 660.002 to 660.210 is exempt  
34 from the licensing requirements of subsections (1) and (2) of this section, except that the apprentice  
35 or journeyman plumber may not install an LP gas tank or make any connection to an LP gas tank  
36 unless the apprentice or journeyman plumber is licensed as required under this section.

37 (6) A person who holds a license issued by the Department of Consumer and Business Services  
38 under ORS 480.630 of a class that authorizes the person to fabricate, install, alter or repair pressure  
39 piping and to install boilers and pressure vessels by attachment of piping connector is exempt from  
40 the licensing requirements of subsections (1) and (2) of this section, except that the person may not  
41 install an LP gas tank or make any connection to an LP gas tank unless the person is licensed as  
42 required under this section.

43 (7) Subsections (1) to (4) of this section do not apply to LP gas installations in a manufactured  
44 dwelling [*or recreational vehicle*] performed during the construction of the manufactured dwelling  
45 [*or recreational vehicle*], or the alteration or repair of an LP gas installation in a manufactured

1 dwelling [*or recreational vehicle*] made pursuant to the manufacturer's warranty. **The provisions of**  
2 **this section do not apply to LP gas work on recreational vehicles as defined in section 25 of**  
3 **this 2019 Act.**

4 **SECTION 38.** ORS 480.450 is amended to read:

5 480.450. (1) The installer shall notify the State Fire Marshal, before the last day of each month,  
6 of all new installations made during the preceding month of containers or receptacles for liquefied  
7 petroleum gas, including installations for private homes and apartments. The installer shall certify  
8 on a form provided by the State Fire Marshal that all of the new installations are duly and properly  
9 reported. The State Fire Marshal may require that the notification include the location and de-  
10 scription of the installation and the name of the user. All fees due and payable must accompany the  
11 notification. The replacement of empty containers or receptacles with other containers constructed  
12 in accordance with United States Department of Transportation specifications is not a new instal-  
13 lation or change in the original installation that requires notification to the State Fire Marshal or  
14 necessitates further inspection of the installation. The State Fire Marshal shall collect from the in-  
15 staller an installation fee of \$50 for each tank installed or for all tanks at the installation if the total  
16 combined capacity is 200 gallons or less. The State Fire Marshal or deputies of the fire marshal or  
17 assistants shall inspect a reasonable number of the installations and maintain a record of the in-  
18 spections in the office of the State Fire Marshal.

19 (2) In addition to any installation or inspection fee, the State Fire Marshal may charge a plan  
20 review fee, not to exceed \$100, for any liquefied petroleum gas container and receptacle plan review  
21 required under a uniform fire code prescribed by the State Fire Marshal by rule.

22 (3) After the initial installation, liquefied petroleum gas containers may be inspected once every  
23 10 years except when changes have been made in the original installation. An installer making  
24 changes must notify the State Fire Marshal of the changes in the same manner provided in this  
25 section for new installations. The State Fire Marshal shall collect from the owner a fee of \$50 for  
26 the inspection of each container. The manner of inspection, requirement of corrections, satisfaction  
27 of requirements and collection of fees due and payable must conform with the provisions of ORS  
28 480.410 to 480.460 for new installations. Upon request of the State Fire Marshal, LP gas installation  
29 licensees shall furnish a list of the locations of 10-year old installations that they service.

30 (4) If, upon inspection of any tank, the new installation does not comply with the requirements  
31 of the State Fire Marshal, the State Fire Marshal shall instruct the installer as to what corrections  
32 are necessary for compliance with the State Fire Marshal's requirements. The installer of the new  
33 installation shall, within the time set by the State Fire Marshal, not to exceed 60 days after notifi-  
34 cation, notify the State Fire Marshal that the new installation complies with the requirements of the  
35 fire marshal. If the installer fails to notify the State Fire Marshal, or the State Fire Marshal has  
36 reason to believe that the corrections have not been made, the State Fire Marshal shall reinspect  
37 the new installation and shall collect from the installer an additional fee of \$125. The user, not the  
38 installer, shall pay the additional fee resulting from actions of the user that require correction to  
39 achieve compliance with the requirements of the State Fire Marshal.

40 (5) A person who receives notice from the State Fire Marshal must correct any improper in-  
41 stallation within the time set by the State Fire Marshal, not to exceed 60 days after receipt of the  
42 notice.

43 (6) If the fees provided for in this section are due and payable and are not paid within 30 days  
44 after service of written notice by the State Fire Marshal therefor, or if the installer fails to notify  
45 the State Fire Marshal by the last day of the month succeeding the month a new installation is made

1 or a change is made requiring an inspection, the fees are delinquent and a penalty equal to the  
2 greater of 10 percent of the fee amount or \$30, is imposed for the delinquency. The State Fire  
3 Marshal shall collect all fees and penalties in the name of the State of Oregon in the same manner  
4 that other debts are collected.

5 (7) The provisions of this section do not apply to liquefied petroleum gas installations if made  
6 entirely within the jurisdiction of a governmental subdivision granted the exemption provided by  
7 ORS 476.030 (3) and written evidence of the licensing of the installation by the approved authority  
8 is submitted to the State Fire Marshal. The provisions of this section do not apply to LP gas in-  
9 stallations made in manufactured dwellings [*or recreational vehicles*] that are constructed or altered  
10 in accordance with applicable rules of the Department of Consumer and Business Services. **The**  
11 **provisions of this section do not apply to LP gas installations in a recreational vehicle as**  
12 **defined in section 25 of this 2019 Act.**

13 **SECTION 39.** ORS 701.545 is amended to read:

14 701.545. (1) As used in this section and ORS 701.547:

15 (a) “Developer” means a person who contracts to construct, or arrange for the construction of,  
16 new residential housing on behalf of, or for the purpose of selling the residential housing to, a spe-  
17 cific individual the person knows is the purchaser of the residential housing.

18 (b) “Residential housing”:

19 (A) Means a structure designed for use as a residence and containing dwelling units for three  
20 or fewer families.

21 (B) Means a structure that is a condominium as defined in ORS 100.005.

22 (C) Does not mean a manufactured structure as defined in [*ORS 446.003*] **section 25 of this 2019**  
23 **Act.**

24 (2) A developer who enters into a contract to construct or arrange for the construction of new  
25 residential housing may, at the time of providing a purchaser with a written contract, also provide  
26 the purchaser with a list of features that may make residential housing more accessible to a person  
27 with a disability. The list may include the features identified in the model list of features adopted  
28 by the Construction Contractors Board by rule under ORS 701.547.

29 (3) The inclusion of a feature on the list supplied by the developer under subsection (2) of this  
30 section does not obligate the developer to make the feature available to a purchaser. The list sup-  
31 plied by the developer may specify for each feature whether the feature is standard, optional,  
32 available on a limited basis or unavailable from the developer. If a listed feature is available from  
33 the developer as an option or on a limited basis, the list of features may specify the stage of con-  
34 struction by which the purchaser must submit to the developer any request that the residential  
35 housing be constructed with that feature.

36 (4) This section, or the inclusion of a feature on the model list developed under ORS 701.547,  
37 does not affect the requirement that installation of a feature comply with the state building code  
38 or be approved under ORS 455.060.

39 **SECTION 40.** ORS 801.409 is amended to read:

40 801.409. “Recreational vehicle” has the meaning given [*in ORS 446.003*] **that term in section**  
41 **25 of this 2019 Act.**

3 Act defining a recreational vehicle shall continue in effect and, except as provided in section

5 section 25 of this 2019 Act until repealed or amended by the Director of Transportation.
