18 Section 1202. Legislative findings.

19 The General Assembly finds that:

20 (1) Municipal pension debt is an issue across this
21 Commonwealth and can severely cripple municipalities.

22 (2) It is necessary for municipalities to take firm
23 action in order to move their pension plans out of distressed
24 status and into better funding situations.

25 (3) Therefore, municipal pension plans that have a
26 severely distressed designation in accordance with Chapter 5
27 for two consecutive biennial actuarial rating periods should
28 be required to enter into the Financially Distressed
29 Municipal Pension Recovery Plans and Trusteeship of
30 Distressed Pension Program and comply with the requirements

1 of this chapter.

2 (4) After a second consecutive severely distressed
3 classification the municipality should enter into an
4 agreement with the commission to begin making supplemental
5 payments of a sufficient amount to pay down the unfunded
6 liability with the goal of advancing to a moderately
7 distressed classification.

8 Section 1203. Pension recovery plan guidelines.

9 (a) Notice to municipalities.--

10 (1) After two consecutive severely distressed
11 determinations the executive director of the commission shall
12 notify the municipality responsible for the unfunded
13 liability that they are being placed in the program and that
14 the municipality shall submit to the commission a pension
15 recovery plan within six months from the date of
16 notification.

17 (2) While developing the plan and before submitting it
18 to the commission, the municipality shall hold two public
19 meetings.

20 (b) Requirements for plan.--In order for the plan to be
21 approved by the commission, plan implementation shall be
22 scheduled as follows:

23 (1) The plan shall reasonably provide for a reduction
24 from severe distress to moderate distress in a period of no
25 more than 10 years.

26 (2) The municipality shall pay a minimum of 1% of the
27 total unfunded liability each year.

28 (3) The municipality shall demonstrate the means by
29 which the municipality will make any payments required by the
30 plan.

1 (c) Additional provisions for plan.--The plan may include:

2 (1) The lease or sale of assets to generate additional
3 revenue, provided that:

4 (i) the property was not acquired under the act of
5 January 19, 1967 (1968, P.L.992, No.442), entitled "An
6 act authorizing the Commonwealth of Pennsylvania and the
7 local government units thereof to preserve, acquire or
8 hold land for open space uses," or the act of December
9 15, 1959 (P.L.1772, No.670), entitled "An act providing
10 for the orderly disposition of properties situate within
11 political subdivisions and donated, or otherwise
12 dedicated or offered for dedication, where no formal
13 record appears as to acceptance by the political
14 subdivision, as public parks, squares or similar uses and
15 public buildings, and no longer necessary or practicable
16 for such purposes, and granting orphans' courts
17 jurisdiction with respect thereto;" and

18 (ii) before considering the outright sale of an
19 asset as part of the plan, the municipality considers
20 leasing the asset.

21 (2) Issuance of bonds in accordance with 53 Pa.C.S. Pt.
22 VII Subpt. B (relating to indebtedness and borrowing) for the
23 purpose of paying down the unfunded liability.

24 (3) Any other remedy provided under this act.

25 (d) Review of plan by commission.--After receipt of the
26 plan, the commission shall review the proposed plan and, within
27 90 days, do one of the following:

28 (1) If the commission recommends changes to the proposed
29 plan, the municipality shall have 30 days to review the
30 proposed changes and work with the commission to achieve a

1 plan that is acceptable to the commission.

2 (2) (i) If the municipality fails to achieve a plan
3 that is acceptable to the commission within 30 days, the
4 plan shall be deemed approved with the inclusion of the
5 commission's recommended changes.

6 (ii) A plan is considered a failure if the
7 commission determines any of the following applies:

8 (A) The plan does not demonstrate that it can
9 reasonably be paid for.

10 (B) The plan does not move the pension into a
11 more stable fiscal position.

13 funding options.

14 (D) Any other deficiency found by the
