2 "Diaper Need Awareness Week" in Pennsylvania.

3 WHEREAS, "Diaper Need Awareness Week" brings attention to the
4 insufficient supply of disposable diapers for children and
5 incontinent adults of this Commonwealth; and

6 WHEREAS, The National Diaper Bank Network, a national
7 nonprofit organization dedicated to ensuring that every baby in
8 the United States can be clean, healthy and dry, reports that
9 nearly 5.2 million children in the United States three years of
10 age or younger suffer from diaper need; and

11 WHEREAS, Access to a reliable supply of clean diapers is a
12 necessity for the health and well-being of infants and toddlers,
13 their families, child-care providers and health care providers;
14 and

15 WHEREAS, Estimates show that disposable diapers cost as much
16 as \$100 per child per month and can consume nearly 20% of a
17 family's monthly income; and

18 WHEREAS, The average infant or toddler requires an average of

1 at least 50 diaper changes per week over three years; and

2 WHEREAS, One in every three mothers finds it difficult to
3 provide diapers for her children; and

4 WHEREAS, A supply of diapers is usually a requirement for
5 infants and toddlers to attend and participate in child-care
6 programs; and

7 WHEREAS, According to the National Diaper Bank Network,
8 infants and toddlers who participate in early education programs
9 are three times more likely to go on to higher education; and

10 WHEREAS, When infants and toddlers cannot participate in
11 child-care programs, it makes it difficult for parents and
12 guardians to participate in the work force, which has a negative
13 impact on the economy; and

14 WHEREAS, Infants and toddlers who are living in households
15 with little or no access to diapers could spend a day or longer
16 in one diaper, leading to significant potential health risks
17 such as severe diaper rash and infections; and

18 WHEREAS, According to a 2013 study by Yale University printed
19 in the *Journal of Pediatrics*, mothers without an adequate diaper
20 supply are more likely to experience depression and anxiety,
21 which can have long-term effects on their children; and

22 WHEREAS, Most public resources, such as food stamps and the
23 Women, Infants and Children (WIC) Program, do not cover the cost
24 of these needed items; and

25 WHEREAS, Families living in poverty often do not have access
26 to personal washing machines, and most coin-operated
27 laundromats, for sanitary reasons, do not allow customers to
28 wash cloth diapers; and

29 WHEREAS, Diaper need is also a significant issue for senior
30 citizens and incontinent adults; and

1 WHEREAS, For seniors and incontinent adults, the lack of
2 clean disposable undergarments poses a serious health risk that
3 could lead to extended hospital stays and even death; and

4 WHEREAS, Incontinence products could cost as much as \$1,000 a
5 year, which often serves as a financial burden to seniors and
6 incontinent adults on fixed incomes; and

7 WHEREAS, Incontinence, and the health risks and complications
8 that can accompany it, is often a barrier to seniors staying in
9 their homes and remaining in independent living situations; and

10 WHEREAS, Community organizations across this Commonwealth are
11 doing their part to help with this epidemic by hosting diaper
12 donation drives, which are critical in providing these essential
13 materials to working families and incontinent adults in need and
14 raising awareness about the real implications of a widening
15 diaper supply gap; and

16 WHEREAS, The National Diaper Bank Network is committed to
17 working with community groups and raising awareness of the
18 diaper gap in America by building the capacity of community-
19 based diaper banks to serve families throughout this
20 Commonwealth; and

21 WHEREAS, There are more than 200 diaper banks recognized by
22 the National Diaper Bank Network, working with more than 4,000
23 community partners, in 47 states, the District of Columbia and
24 Puerto Rico, distributing more than 64 million diapers annually;
25 and

26 WHEREAS, This Commonwealth has 15 diaper banks that are
27 recognized and are active members of the National Diaper Bank
28 Network, distributing more than 3.4 million diapers per year to
