11 revenue on information technology and management systems versus
12 10.5% of other data-intensive industries, such as banking; and

13 WHEREAS, A recent study by the Commonwealth Fund has
14 demonstrated that the use of automated clinical decision support
15 systems can result in a net reduction of \$538 per patient per
16 hospital stay; and

1 WHEREAS, The Institute of Medicine reports that there are at
2 least 1.5 million preventable adverse drug events per year, each
3 adding more than \$8,700 to the cost of a hospital stay; and

4 WHEREAS, The Centers for Medicare and Medicaid Services
5 reports that, between 2011 and 2015, 50,607 providers and
6 facilities in Pennsylvania received \$1.4 billion in Federal
7 incentive payments to implement electronic health care records;
8 and

9 WHEREAS, Ninety-seven percent of eligible hospitals and 56%
10 of ambulatory health care providers in Pennsylvania have
11 adopted, upgraded or demonstrated meaningful use of an
12 electronic health care record system in 2015; and

13 WHEREAS, Health care providers in this Commonwealth report an
14 improved ability to recruit physicians coming out of medical
15 school when advanced information technology is deployed at their
16 sites; and

17 WHEREAS, Supporters and members of the Healthcare Information
18 and Management Systems Society advocate for the following:

19 (1) Improved access to health care for rural
20 Pennsylvanians through the expanded use of telehealth.

21 (2) Funding for work force development programs to help
22 increase the health care and information technology work
23 force in this Commonwealth.

24 (3) The adoption of policies that promote
25 interoperability standards which enable cooperation by all
26 provider communities in this Commonwealth;

27 therefore be it
