12 (b) Planting, transplanting or removal.--

13 (1) Council may, by ordinance, and with or without the
14 petition of a majority of the property owners, upon any
15 public street in the borough, plant, transplant or remove
16 shade trees. Council may, with or without petition, require
17 the planting and replanting of suitable shade trees along and
18 upon the sides of the streets, upon alignment and at points
19 as may be designated by ordinance, by the owners of property

1 abutting the street at the points designated. Any ordinance,

8 council may consider the following factors:

11 environment.

12 (ii) The long-term effects and short-term effects
13 the ordinance may have on public and private property,
14 including the benefits provided to property, the
15 replacement and maintenance costs for private and public
16 improvements and potential interference with utility
17 rights-of-way or service.

18 (iii) The effect the action proposed by the
19 ordinance may have on pedestrian and traffic safety,
20 including impairment of any clear sighting at
21 intersections and other rights-of-way.

22 § 2720.3. Notice of work.

23 If council proposes to plant, transplant or remove shade
24 trees on any street, notice of the time and place of the meeting
25 at which the work is to be considered shall be given in one
26 newspaper of general circulation once a week for two weeks
27 immediately preceding the time of the meeting. The notice shall
28 specify in detail the streets or portions upon which trees are
29 proposed to be planted, transplanted or removed. In the event
