STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2022

A N A C T

RELATING TO GENERAL ASSEMBLY -- REDISTRICTING OF THE GENERAL ASSEMBLY

Introduced By: Representatives Phillips, Newberry, Kazarian, Corvese, Diaz, and Place

Date Introduced: February 02, 2022

Referred To: House State Government & Elections

It is enacted by the General Assembly as follows:

1 SECTION 1. Sections 22-1-1 and 22-1-2 of the General Laws in Chapter 22-1 entitled
2 "Composition of Senate" are hereby repealed.

3 ~~**22-1-1. Composition of senate.**~~

4 ~~Commencing on the first Tuesday in January, 2003, the senate shall consist of thirty eight~~
5 ~~(38) senators, one senator being elected from each of the senatorial districts into which the state is~~
6 ~~divided in § 22-1-2.~~

7 ~~**22-1-2. Districts.**~~

8 ~~The state is hereby divided into thirty eight (38) senatorial districts bounded and described~~
9 ~~as follows:~~

10 ~~(1) It is understood and intended that for the purpose of this section a line described as~~
11 ~~running on, on, to or through any street (including road, avenue, lane, way, parkway, expressway,~~
12 ~~divided highway, state route or interstate route, or trail), stream or river, is intended to mean the~~
13 ~~center line of that street, stream or river, and a line described as the shoreline is intended to mean~~
14 ~~the line on the mean low water level, and a feature extension is intended to mean the imaginary~~
15 ~~straight line extension from the end of a map feature, usually a street or road, to another feature, as~~
16 ~~for example, from the end of a dead end street to a nearby river, in all instances, unless it shall be~~
17 ~~otherwise specified.~~

18 ~~(2) It is further understood and intended that for the purpose of this section, the districts~~

1 ~~described in this section shall be composed of United States census geography (tracts and blocks),~~
2 ~~as defined by the 2010 version of the "TIGER" files from the United States Census Bureau, whose~~
3 ~~boundaries correspond to the below metes and bounds set forth in this section and which are hereby~~
4 ~~made a part of this chapter. A listing of which census blocks are contained within each district shall~~
5 ~~be deemed to be incorporated by reference.~~

6 ~~(3)(i) It is further understood and intended that for the purpose of this section, the districts~~
7 ~~will be depicted on thirty-nine (39) maps, compiled by Election Data Services, Inc. for each city~~
8 ~~and town, and hereinafter may be referred to as town maps.~~

9 ~~(ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy~~
10 ~~of the census tract and block listing available for inspection during ordinary business hours at his~~
11 ~~or her office. The secretary of state shall furnish each city and town a copy of the town map covering~~
12 ~~that particular city or town within ten (10) days from the passage of this act.~~

13 ~~(iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract," as~~
14 ~~that demographic unit is established by the United States Bureau of the census for the 2010 census~~
15 ~~as described by maps and publications of the bureau. References to "block," "blocks," or "block~~
16 ~~groups," refer to those demographic units as established by the United States Census Bureau for~~
17 ~~the 2010 census as described by maps and publications of the bureau.~~

18 ~~(iv) Any reference to a "city or town," "city or town boundaries," or "city or town limits"~~
19 ~~shall refer to the boundaries or limits of the particular city or town as defined by the 2010 version~~
20 ~~of the "TIGER" files from the United States Census Bureau.~~

21 ~~(v) In the census tract and block listing, the first two (2) digits of a census description shall~~
22 ~~refer to the State of Rhode Island (44), the next three (3) digits of a census description shall refer~~
23 ~~to the county in which the district lies. Bristol county carries the code 001; Kent county carries the~~
24 ~~code 003; Newport county carries the code 005; Providence county carries the code 007 and~~
25 ~~Washington county carries the code 009. The next six (6) digits refer to the census tract within the~~
26 ~~county set forth in the description. The last four (4) digits refer to the census block within the census~~
27 ~~tract. "TIGER" is an acronym for the computer readable geographic data base that automates the~~
28 ~~mapping and related geographic activities required to support the United States' Census Bureau's~~
29 ~~census and survey programs and stands for "Topologically Integrated Geographic Encoding and~~
30 ~~Refereneing."~~

31 ~~(vi) If any census tract, block, block group, or enumeration district is omitted, listed more~~
32 ~~than once, or is only partially provided for, it is intended that the districts be defined in such a~~
33 ~~manner as to not omit any area of Rhode Island from a district and to comply with the standard of~~
34 ~~Articles VII and VIII of the Rhode Island Constitution requiring that districts be reasonably equal.~~

1 ~~In order to carry out the intent of the general assembly as expressed in this section the secretary of~~
2 ~~state, shall if necessary, undertake measures to insure compliance with this section.~~

3 ~~(vii) In the event of a discrepancy between the metes and bounds description, the~~
4 ~~description of census tracts and blocks, and the maps which shall be on file with the secretary of~~
5 ~~state, then the listing of census tracts and blocks shall take precedence and be controlling.~~

34 SECTION 2. Chapter 22-1 of the General Laws entitled "Composition of Senate" is hereby

1 amended by adding thereto the following sections:

2 **22-1-1. Composition of senate.**

3 Commencing on the first Tuesday in January, 2023, the senate shall consist of thirty-eight
4 (38) senators, one senator being elected from each of the senatorial districts into which the state is
5 divided in § 22-1-2.

6 **22-1-2. Districts.**

7 The state is hereby divided into thirty-eight (38) senatorial districts bounded and described
8 as follows:

9 (1) It is understood and intended that for the purpose of this section a line described as
10 running on, on, to or through any street (including road, avenue, lane, way, parkway, expressway,
11 divided highway, state route or interstate route, or trail), stream or river, is intended to mean the
12 center line of that street, stream or river, and a line described as the shoreline is intended to mean
13 the line on the mean low water level, and a feature extension is intended to mean the imaginary
14 straight-line extension from the end of a map feature, usually a street or road, to another feature, as
15 for example, from the end of a dead-end street to a nearby river, in all instances, unless it shall be
16 otherwise specified.

17 (2) It is further understood and intended that for the purpose of this section, the districts
18 described in this section shall be composed of United States census geography (tracts and blocks),
19 as defined by the 2020 version of the "TIGER" files from the United States Census Bureau, whose
20 boundaries correspond to the below metes and bounds set forth in this section and which are hereby
21 made a part of this chapter. A listing of which census blocks are contained within each district shall
22 be deemed to be incorporated by reference.

23 (3)(i) It is further understood and intended that for the purpose of this section, the districts
24 will be depicted on thirty-nine (39) maps known as Senate Plan D -- Substitute A, compiled by
25 Election Data Services, Inc. for each city and town, and hereinafter may be referred to as town
26 maps.

27 (ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy
28 of the census tract and block listing available for inspection during ordinary business hours at his
29 or her office. The secretary of state shall furnish each city and town a copy of the town map covering
30 that particular city or town within ten (10) days from the passage of this act.

31 (iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract," as
32 that demographic unit is established by the United States Bureau of the census for the 2020 census
33 as described by maps and publications of the bureau. References to "block," "blocks," or "block
34 "groups," refer to those demographic units as established by the United States Census Bureau for

1 the 2020 census as described by maps and publications of the bureau.

2 (iv) Any reference to a "city or town," "city or town boundaries," or "city or town limits"
3 shall refer to the boundaries or limits of the particular city or town as defined by the 2020 version
4 of the "TIGER" files from the United States Census Bureau.

5 (v) In the census tract and block listing, the first two (2) digits of a census description shall
6 refer to the State of Rhode Island (44), the next three (3) digits of a census description shall refer
7 to the county in which the district lies. Bristol county carries the code 001; Kent county carries the
8 code 003; Newport county carries the code 005; Providence county carries the code 007; and
9 Washington county carries the code 009. The next six (6) digits refer to the census tract within the
10 county set forth in the description. The last four (4) digits refer to the census block within the census
11 tract. "TIGER" is an acronym for the computer readable geographic data base that automates the
12 mapping and related geographic activities required to support the United States' Census Bureau's
13 census and survey programs and stands for "Topologically Integrated Geographic Encoding and
14 Referencing."

15 (vi) If any census tract, block, block group, or enumeration district is omitted, listed more
16 than once, or is only partially provided for, it is intended that the districts be defined in such a
17 manner as to not omit any area of Rhode Island from a district and to comply with the standard of
18 Articles VII and VIII of the Rhode Island Constitution requiring that districts be reasonably equal.
19 In order to carry out the intent of the general assembly as expressed in this section the secretary of
20 state shall, if necessary, undertake measures to insure compliance with this section.

21 (vii) In the event of a discrepancy between the metes and bounds description, the
22 description of census tracts and blocks, and the maps which shall be on file with the secretary of
23 state, then the listing of census tracts and blocks shall take precedence and be controlling.

28 of origin.

29 **22-1-5. Election duties of local officials.**

30 Wherever in the general laws or in any public law a duty is imposed upon the president of
31 a city or town council or upon the local board of any city or town or upon a city or town clerk,
32 sergeant, or constable in connection with the election of a senator, the duty in the case of a senatorial
33 district comprising parts or the whole of more than one city or town shall be deemed to be imposed
34 upon the president of the city or town council or local board or city or town clerk, sergeant, or

1 constable of each or all of the cities or towns in which the senatorial district shall lie. Wherever in
2 the general laws or in any public law a duty is imposed upon the city committee, town committee,
3 or ward committee of a political party in connection with the election of a senator, that duty shall
4 be deemed to be imposed upon the senatorial district committee of the party as the context shall
5 require.

6 **22-1-6. Reference to senator from city or town.**

7 Wherever in the general laws or in any public law reference is made to a senator from any
8 city or town, or to the election of a senator from any city or town, the reference shall mean and be
9 deemed to refer to a senator from a senatorial district, or the election of a senator from a senatorial
10 district, as the context may require.

11 SECTION 3. Section 22-1-3 of the General Laws in Chapter 22-1 entitled "Composition
12 of Senate" is hereby amended to read as follows:

13 **22-1-3. Construction of chapter -- Legislative purposes.**

14 This chapter ~~and chapter 2 of this title~~ shall be liberally construed to effectuate the purposes
15 of ~~them~~ it and to apportion the state into senatorial ~~or representative~~ districts in compliance with
16 the requirements of the United States Constitution. It is intended that the senatorial ~~or representative~~
17 districts described in ~~these chapters~~ this chapter completely encompass all the area within the state
18 and contain all the citizens resident in the state. It is further intended that the apportionment and
19 districting provided for in this chapter ~~and chapter 2 of this title~~ results in the creation of districts
20 containing substantially equal population. It is also intended that no senatorial ~~or representative~~
21 district shall include any of the area included within the description of any other senatorial ~~or~~
22 ~~representative~~ district. If the districts described in this chapter ~~and chapter 2 of this title~~ do not carry
23 out the purposes of them because of patent unintentional omissions, duplications, overlapping area,
24 erroneous nomenclature, faulty description of boundary lines, street closings, changes in names of
25 streets or of public places, alteration of the courses of rivers or streams, the filling in of lands under
26 water, or changes in shorelines due to accretion, the secretary of state is authorized and empowered
27 to correct the omissions, overlaps, erroneous nomenclature, or other defects in the description of
28 districts so as to accomplish the purposes and objectives of this chapter ~~and chapter 2 of this title~~.
29 In making these corrections, the secretary of state shall be guided by the following standards:

30 (1) Gaps in the description of any district shall be completed in a manner which results in
31 a total description of the district in manner consonant with the description of adjacent districts.

32 (2) Areas included within the descriptions of more than one district shall be allocated to
33 the district having the lowest population.

34 (3) Areas not included within the descriptions of any district shall be allocated to the

1 adjacent district having the lowest population.

2 SECTION 4. Section 17-4-2 of the General Laws in Chapter 17-4 entitled "Federal Elective
3 Officers" is hereby repealed.

4 **17-4-2. Territory in first and second congressional districts.**

5 ~~First district: The first congressional district shall consist of all of the towns of: North

32 SECTION 5. Chapter 17-4 of the General Laws entitled "Federal Elective Officers" is
33 hereby amended by adding thereto the following sections:

34 **17-4-2. Territory in first and second congressional districts.**

1 (1) It is understood and intended that for the purpose of this section a line described as
2 running on, on, to or through any street (including road, avenue, lane, way, parkway, expressway,
3 divided Highway, state route or interstate route, or trail), stream or river, is intended to mean the
4 centerline of that street, stream or river, and a line described as the shoreline is intended to mean
5 the line on the mean low water level, and a feature extension is intended to mean the imaginary
6 straight-line extension from the end of a map feature, usually a street or road, to another feature as
7 for example, from the end of a dead-end street to a nearby river, in all instances, unless the same
8 shall be otherwise specified.

9 (2) It is further understood and intended that for the purpose of this section, the districts
10 described in this section shall be composed of United States census geography (tracts and blocks),
11 as defined by the 2020 version of the "TIGER" files from the United States Census Bureau, whose
12 boundaries correspond to the below metes and bounds set forth in this section and hereby made a
13 part of this chapter. A listing of which census blocks are contained within each district shall be
14 deemed to be incorporated by reference.

15 (3)(i) It is further understood and intended that for the purpose of this section, the districts
16 will be depicted on thirty-nine (39) maps known as Congress Plan B, compiled by Election Data
17 Services, Inc. for each city and town, and hereinafter may be referred to as town maps.

18 (ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy
19 of the census tract and block listing available for inspection during ordinary business hours at his
20 or her office. The secretary of state shall furnish each city and town a copy of the town map covering
21 that particular city or town within ten (10) days from the date of passage of this act.

22 (iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract," as
23 that demographic unit is established by the United States Bureau of the census for the 2020 census
24 as described by maps and publications of the bureau. References to "block," "blocks," or "block
25 groups," refer to those demographic units as established by the United States Census Bureau for
26 the 2020 census as described by maps and publications of the bureau.

27 (iv) Any reference to a "city or town," "city or town boundaries," or "city or town limits"
28 shall refer to the boundaries or limits of the particular city or town as defined by the 2020 version
29 of the "TIGER" files from the United States Census Bureau.

30 (v) In the census tract and block listing, the first two (2) digits of a census description shall
31 refer to the State of Rhode Island (44), the next three (3) digits of a census description shall refer
32 to the county in which the district lies. Bristol county carries the code 001; Kent county carries the
33 code 003; Newport county carries the code 005; Providence county carries the code 007 and
34 Washington county carries the code 009. The next six (6) digits refer to the census tract within the

1 county set forth in the description. The last four (4) digits refer to the census block within the census
2 tract. "TIGER" is an acronym for the computer readable geographic data base that automates the
3 mapping and related geographic activities required to support the United States' Census Bureau's
4 census and survey programs and stands for "Topologically Integrated Geographic Encoding and
5 Referencing."

6 (vi) If any census tract, block, block group, or enumeration district is omitted, listed more
7 than once, or is only partially provided for, it is intended that the districts be defined in such a
8 manner as to not omit any area of Rhode Island from a district and to comply with the standard of
9 Article I, Section 2 of the United States Constitution requiring that districts be reasonably equal. In
10 order to carry out the intent of the general assembly as expressed in this section the secretary of
11 state shall, if necessary, undertake measures to insure compliance with this section.

12 (vii) In the event of a discrepancy between the metes and bounds description, the
13 description by census tracts and blocks, and the maps which shall be on file with the secretary of
14 state, then the listing of census tracts and blocks shall take precedence and be controlling.

15 **First district:** The first congressional district shall consist of all of the towns of: North
16 Smithfield; Smithfield; Lincoln; Cumberland; North Providence; Barrington; Warren; Bristol;
17 Portsmouth; Tiverton; Little Compton; Middletown; and Jamestown and the cities of: Woonsocket;
18 Central Falls; Pawtucket; East Providence; and Newport.

10 SECTION 6. Sections 22-2-1 and 22-2-2 of the General Laws in Chapter 22-2 entitled
11 "Composition of House of Representatives" are hereby repealed.

12 **22-2-1. Composition of house of representatives.**

13 ~~Commencing on the first Tuesday in January, 2003, the house of representatives shall~~
14 ~~consist of seventy five (75) members, one representative being elected from each of the~~
15 ~~representative districts into which the state is divided in § 22-2-2.~~

16 **22-2-2. Districts.**

17 ~~The state is hereby divided into seventy five (75) representative districts bounded and~~
18 ~~described as follows:~~

19 ~~(1) It is understood and intended that for the purpose of this section a line described as~~
20 ~~running on, on, to or through any street (including road, avenue, lane, way, parkway, expressway,~~
21 ~~divided Highway, state route or interstate route, or trail), stream or river, is intended to mean the~~
22 ~~centerline of that street, stream or river, and a line described as the shoreline is intended to mean~~
23 ~~the line on the mean low water level, and a feature extension is intended to mean the imaginary~~
24 ~~straight line extension from the end of a map feature, usually a street or road, to another feature as~~
25 ~~for example, from the end of a dead end street to a nearby river, in all instances, unless the same~~
26 ~~shall be otherwise specified.~~

27 ~~(2) It is further understood and intended that for the purpose of this section, the districts~~
28 ~~described in this section shall be composed of United States census geography (tracts and blocks),~~
29 ~~as defined by the 2010 version of the "TIGER" files from the United States Census Bureau, whose~~
30 ~~boundaries correspond to the below metes and bounds set forth in this section and hereby made a~~
31 ~~part of this chapter. A listing of which census blocks are contained within each district shall be~~
32 ~~deemed to be incorporated by reference.~~

33 ~~(3)(i) It is further understood and intended that for the purpose of this section, the districts~~
34 ~~will be depicted on thirty nine (39) maps, compiled by Election Data Services, Inc. for each city~~

1 ~~and town, and hereinafter may be referred to as town maps.~~

2 ~~(ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy~~
3 ~~of the census tract and block listing available for inspection during ordinary business hours at his~~
4 ~~or her office. The secretary of state shall furnish each city and town a copy of the town map covering~~
5 ~~that particular city or town within ten (10) days from the date of passage of this act.~~

6 ~~(iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract," as~~
7 ~~that demographic unit is established by the United States Bureau of the census for the 2010 census~~
8 ~~as described by maps and publications of the bureau. References to "block," "blocks," or "block~~
9 ~~groups," refer to those demographic units as established by the United States Census Bureau for~~
10 ~~the 2010 census as described by maps and publications of the bureau.~~

11 ~~(iv) Any reference to a "city or town," "city or town boundaries," or "city or town limits"~~
12 ~~shall refer to the boundaries or limits of the particular city or town as defined by the 2010 version~~
13 ~~of the "TIGER" files from the United States Census Bureau.~~

14 ~~(v) In the census tract and block listing, the first two (2) digits of a census description shall~~
15 ~~refer to the State of Rhode Island (44), the next three (3) digits of a census description shall refer~~
16 ~~to the county in which the district lies. Bristol county carries the code 001; Kent county carries the~~
17 ~~code 003; Newport county carries the code 005; Providence county carries the code 007 and~~
18 ~~Washington county carries the code 009. The next six (6) digits refer to the census tract within the~~
19 ~~county set forth in the description. The last four (4) digits refer to the census block within the census~~
20 ~~tract. "TIGER" is an acronym for the computer readable geographic data base that automates the~~
21 ~~mapping and related geographic activities required to support the United States' Census Bureau's~~
22 ~~census and survey programs and stands for "Topologically Integrated Geographic Encoding and~~
23 ~~Referencing."~~

24 ~~(vi) If any census tract, block, block group, or enumeration district is omitted, listed more~~
25 ~~than once, or is only partially provided for, it is intended that the districts be defined in such a~~
26 ~~manner as to not omit any area of Rhode Island from a district and to comply with the standard of~~
27 ~~Articles VII and VIII of the Rhode Island Constitution requiring that districts be reasonably equal.~~
28 ~~In order to carry out the intent of the general assembly as expressed in this section the secretary of~~
29 ~~state, shall if necessary, undertake measures to insure compliance with this section.~~

30 ~~(vii) In the event of a discrepancy between the metes and bounds description, the~~
31 ~~description by census tracts and blocks, and the maps which shall be on file with the secretary of~~
32 ~~state, then the listing of census tracts and blocks shall take precedence and be controlling.~~

SECTION 7. Chapter 22-2 of the General Laws entitled "Composition of House of Representatives" is hereby amended by adding thereto the following sections:

22-2-1. Composition of house of representatives.

Commencing on the first Tuesday in January, 2023, the house of representatives shall consist of seventy-five (75) members, one representative being elected from each of the representative districts into which the state is divided in § 22-2-2.

22-2-2. Districts.

The state is hereby divided into seventy-five (75) representative districts bounded and described as follows:

(1) It is understood and intended that for the purpose of this section a line described as running on, on, to or through any street (including road, avenue, lane, way, parkway, expressway, divided Highway, state route or interstate route, or trail), stream or river, is intended to mean the centerline of that street, stream or river, and a line described as the shoreline is intended to mean the line on the mean low water level, and a feature extension is intended to mean the imaginary straight-line extension from the end of a map feature, usually a street or road, to another feature as for example, from the end of a dead-end street to a nearby river, in all instances, unless the same shall be otherwise specified.

(2) It is further understood and intended that for the purpose of this section, the districts described in this section shall be composed of United States census geography (tracts and blocks), as defined by the 2020 version of the "TIGER" files from the United States Census Bureau, whose boundaries correspond to the below metes and bounds set forth in this section and hereby made a part of this chapter. A listing of which census blocks are contained within each district shall be deemed to be incorporated by reference.

(3)(i) It is further understood and intended that for the purpose of this section, the districts will be depicted on thirty-nine (39) maps known as House Plan D -- Substitute A, compiled by Election Data Services, Inc. for each city and town, and hereinafter may be referred to as town maps.

(ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy of the census tract and block listing available for inspection during ordinary business hours at his or her office. The secretary of state shall furnish each city and town a copy of the town map covering that particular city or town within ten (10) days from the date of passage of this act.

1 (iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract," as
2 that demographic unit is established by the United States Bureau of the census for the 2020 census
3 as described by maps and publications of the bureau. References to "block," "blocks," or "block
4 groups," refer to those demographic units as established by the United States Census Bureau for
5 the 2020 census as described by maps and publications of the bureau.

6 (iv) Any reference to a "city or town," "city or town boundaries," or "city or town limits"
7 shall refer to the boundaries or limits of the particular city or town as defined by the 2020 version
8 of the "TIGER" files from the United States Census Bureau.

9 (v) In the census tract and block listing, the first two (2) digits of a census description shall
10 refer to the State of Rhode Island (44), the next three (3) digits of a census description shall refer
11 to the county in which the district lies. Bristol county carries the code 001; Kent county carries the
12 code 003; Newport county carries the code 005; Providence county carries the code 007 and
13 Washington county carries the code 009. The next six (6) digits refer to the census tract within the
14 county set forth in the description. The last four (4) digits refer to the census block within the census
15 tract. "TIGER" is an acronym for the computer readable geographic data base that automates the
16 mapping and related geographic activities required to support the United States' Census Bureau's
17 census and survey programs and stands for "Topologically Integrated Geographic Encoding and
18 Referencing."

19 (vi) If any census tract, block, block group, or enumeration district is omitted, listed more
20 than once, or is only partially provided for, it is intended that the districts be defined in such a
21 manner as to not omit any area of Rhode Island from a district and to comply with the standard of
22 Articles VII and VIII of the Rhode Island Constitution requiring that districts be reasonably equal.
23 In order to carry out the intent of the general assembly as expressed in this section the secretary of
24 state, shall if necessary, undertake measures to insure compliance with this section.

25 (vii) In the event of a discrepancy between the metes and bounds description, the
26 description by census tracts and blocks, and the maps which shall be on file with the secretary of
27 state, then the listing of census tracts and blocks shall take precedence and be controlling

28 **22-2-6. Construction of chapter -- Legislative purposes.**

29 This chapter shall be liberally construed to effectuate the purposes of it and to apportion
30 the state into representative districts in compliance with the requirements of the United States
31 Constitution. It is intended that the representative districts described in this chapter completely
32 encompass all the area within the state and contain all the citizens resident in the state. It is further
33 intended that the apportionment and districting provided for in this chapter results in the creation
34 of districts containing substantially equal population. It is also intended that no representative

1 district shall include any of the area included within the description of any other representative
2 district. If the districts described in this chapter do not carry out the purposes of them because of
3 patent unintentional omissions, duplications, overlapping areas, erroneous nomenclature, faulty
4 description of boundary lines, street closings, changes in names of streets or of public places,
5 alteration of the courses of rivers or streams, the filling in of lands under water, or changes in
6 shorelines due to accretion, the secretary of state is authorized and empowered to correct the
7 omissions, overlaps, erroneous nomenclature, or other defects in the description of districts so as
8 to accomplish the purposes and objectives of this chapter. In making these corrections, the secretary
9 of state shall be guided by the following standards:

10 (1) Gaps in the description of any district shall be completed in a manner which results in
11 a total description of the district in manner consonant with the description of adjacent districts.

12 (2) Areas included within the descriptions of more than one district shall be allocated to
13 the district having the lowest population.

14 (3) Areas not included within the descriptions of any district shall be allocated to the
15 adjacent district having the lowest population.

16 SECTION 8. Sections 22-2-3 and 22-2-4 of the General Laws in Chapter 22-2 entitled
17 "Composition of House of Representatives" are hereby amended to read as follows:

18 **22-2-3. Election duties of local officials.**

19 Wherever in the general laws or in any public law a duty is imposed upon the president of
20 a city or town council or upon the local board of any city or town or upon a city or town clerk,
21 sergeant, or constable in connection with the election of a ~~senator or~~ representative, the duty in the
22 case of a ~~senatorial or~~ representative district comprising parts or the whole of more than one city
23 or town shall be deemed to be imposed upon the president of the city or town council or local board
24 or city or town clerk, sergeant, or constable of each or all of the cities or towns in which the
25 ~~senatorial or~~ representative district shall lie. Wherever in the general laws or in any public law a
26 duty is imposed upon the city committee, town committee, or ward committee of a political party
27 in connection with the election of a ~~senator or~~ representative, that duty shall be deemed to be
28 imposed upon the senatorial or representative district committee of the party as the context shall
29 require.

30 **~~22-2-4. Reference to senator or representative from city or town~~ Reference to a**
31 **representative from city or town.**

32 Wherever in the general laws or in any public law reference is made to a ~~senator or~~
33 representative from any city or town, or to the election of a ~~senator or~~ representative from any city
34 or town, the reference shall mean and be deemed to refer to a senator or representative from a

1 ~~senatorial or~~ representative district, or the election of a senator or representative from a ~~senatorial~~
2 ~~or~~ representative district, as the context may require.

3 SECTION 9. The senatorial committees of the senatorial districts and the district
4 committees of the representative districts in office on the effective date of this act shall not
5 thereafter exercise any powers of nomination or endorsement of candidates for senator or
6 representative, except for an election for senator or representative prior to the first Tuesday after
7 the first Monday in November, 2022, but the chairperson of the state committee of each political
8 party, forthwith upon passage of this act shall appoint the members of a senatorial district
9 committee for each senatorial district and the members of a representative district committee for
10 each representative district. Each of said senatorial district committees shall consist of five (5)
11 members except that in senatorial districts which include all or parts of two (2) or more cities or
12 towns, the committee shall consist of seven (7) members. Each of said representative district
13 committees shall consist of three (3) members, except that in representative districts which include
14 all or parts of two (2) or more cities and towns, the committee shall consist of five (5) members.
15 Such district committee members, so appointed, shall hold office until the primary elections in 2022
16 and thereafter until their successors shall have been duly elected, qualified and organized. Nothing
17 herein contained shall be construed to vacate the office or terminate the term of office of any state
18 committee member of any party prior to the party primary election in September, 2022.

19 SECTION 10. This act shall take effect upon passage; provided, however, that the
20 provisions hereof shall first be effective in connection with elections to be held on or subsequent
21 to the first day of September, 2022, and for the purpose of greater clarity, the first election under
22 the provisions of this act for congress, senator and representative from each of the congressional,
23 senatorial or representative districts hereby created, shall be held on the Tuesday next after the first
24 Monday in November, 2022, and the first primary election under the provisions of this act for
25 nomination of candidates for congress, senate and for representative from each of said
26 congressional, senatorial and representative district shall be held on the second Tuesday after the
27 first Monday in September, 2022; provided, however, that if any provision of this act or the
28 application of such provision to any person or under any circumstances shall be held
29 unconstitutional or otherwise invalid or inoperative by a decision of any court of competent
30 jurisdiction, or if any action performed or to be performed under any provision of this act is
31 restrained or enjoined by any court of competent jurisdiction, the remaining provisions of this act
32 shall not be deemed to be impaired or affected thereby but shall be deemed to remain in full force
33 and effect. Any primary or special election held prior to the first day of September, 2022, shall be
34 conducted under the laws as they existed prior to the passage of this act.

EXPLANATION
BY THE LEGISLATIVE COUNCIL
OF
A N A C T
RELATING TO GENERAL ASSEMBLY -- REDISTRICTING OF THE GENERAL
ASSEMBLY

1 This act would set forth the boundaries of the voting districts for the House of
2 Representatives and the Senate. The act would also set forth the territory for the First and Second
3 Congressional Districts in Rhode Island.

4 This act would take effect upon passage; provided, however, that the provisions hereof
5 would first be effective in connection with elections to be held on or subsequent to the first day of
6 September, 2022, and for the purpose of greater clarity, the first election under the provisions of
7 this act for congress, senator and representative from each of the congressional, senatorial or
8 representative districts hereby created, would be held on the Tuesday next after the first Monday
9 in November, 2022, and the first primary election under the provisions of this act for nomination
10 of candidates for congress, senate and for representative from each of said congressional, senatorial
11 and representative district would be held on the second Tuesday after the first Monday in
12 September, 2022; provided, however, that if any provision of this act or the application of such
13 provision to any person or under any circumstances would be held unconstitutional or otherwise
14 invalid or inoperative by a decision of any court of competent jurisdiction, or if any action
15 performed or to be performed under any provision of this act is restrained or enjoined by any court
16 of competent jurisdiction, the remaining provisions of this act would not be deemed to be impaired
17 or affected thereby but would be deemed to remain in full force and effect. Any primary or special
18 election held prior to the first day of September, 2022, would be conducted under the laws as they
19 existed prior to the passage of this act.
