3 **5-20-12. Corporations and firms engaging in business.** -- (a) No corporation, firm,
4 association, partnership, or other entity shall engage in business, advertise, make application for
5 and take out permits, bid for work, or represent itself as a master plumber or a master irrigator
6 unless:

7 (1) A licensed master plumber, as provided in this chapter, shall be continuously
8 engaged in the supervision of the entity's plumbing installation, irrigation installation,
9 maintenance, and repair work and the licensed master is an officer of the corporation, a partner in

11 (2) The entity possesses a valid plumbing contractor's or master irrigator's license duly
12 issued by the department of labor and training as described in subsection (b) of this section.

13 (b) Upon application of any of the entities listed in subsection (a) of this section in form
14 and substance prescribed by the department of labor and training, and receipt of the fee for the
15 application and license which shall be equal to the fee for a master plumber's license or master
16 irrigator's license as described in section 5-20-16, the department of labor and training shall issue
17 the applicant entity a license as a plumbing contractor or irrigation contractor. The plumbing

11 entity to make application for and take out permits through its duly authorized officer or similarly
12 authorized principal as well as through the duly licensed contractor master as described in this

14 section, as the case may be. The contractor's license shall not, in and of itself permit a principal,
15 officer, employee, or agent of the entity holding the license to individually engage in installation,
16 maintenance, or repair work as described above unless that principal, officer, employee, or agent
17 is individually licensed so to do.

18 (c) Any work engaged in, advertised for, applied for by permit, bid for, or represented to

25 given time as described in this section.

26 (e) In the event that the licensed master plumber described in this section ceases to be an

28 be continuously employed by an entity holding a plumbing contractor's license for any reason
29 whatsoever, the entity shall provide written notice of the cessation to the department of health no
30 more than fourteen (14) days after the effective date of occurrence of the cessation. Any entity so
31 affected shall provide written notice of the cessation to the department of labor and training
32 specifying the licensed master plumber who is replacing the departed licensed master plumber
33 referenced in this section no more than forty-five (45) days after the effective date of occurrence
