23 include an appropriation to that system equivalent to twenty percent (20%) of the rate reduction
24 for the state's contribution rate for state employees to be applied to the actuarial accrued liability
25 of the state employees' retirement system for state employees for each fiscal year;

26 (2) Except for fiscal year 2009, fiscal year 2010 and fiscal year 2011, for each fiscal year
27 in which the actuarially determined state contribution rate for teachers, including state
28 contributions under chapter 36-10.3, is lower than that for the prior fiscal year, the governor shall
29 include an appropriation to that system equivalent to twenty percent (20%) of the rate reduction
30 for the state's share of the contribution rate for teachers to be applied to the actuarial accrued
31 liability of the state employees' retirement system for teachers for each fiscal year;

32 (3) The amounts to be appropriated shall be included in the annual appropriation bill and
33 shall be paid by the general treasurer into the retirement system.

34 (4) Assessments pursuant to § 42-149-3.1 shall be included in the annual appropriation

1 bill and shall be paid by the general treasurer into the retirement system beginning FY2013.

2 (f) While the retirement system's actuary shall not adjust the computation of the annual
3 required contribution for the year in which supplemental contributions are received, such
4 contributions once made may be treated as reducing the actuarial liability remaining for
5 amortization in the next following actuarial valuation to be performed.

6 SECTION 7. Sections 36-10.3-4, 36-10.3-5 and 36-10.3-6 of the General Laws in
7 Chapter 36-10.3 entitled "Defined Contribution Retirement Plan" are hereby amended to read as
8 follows:

9 **36-10.3-4. Member contributions.**

10 (1) Each regular member shall contribute to the member's individual account in the plan
11 an amount equal to five percent (5%) of the member's compensation from July 1 to the following
12 June 30.

13 (2) Each public safety member not participating in Social Security under the Federal Old
14 Age, Survivors and Disability Income program, shall contribute to the member's individual
15 account an amount equal to three percent (3%) of the member's compensation from July 1 to the
16 following June 30.

17 (3) Contributions by supplemental members shall be governed by § 36-10.3-6.

18 (4) The employer shall deduct the contribution from the member's compensation at the
19 end of each payroll period, and shall remit such contributions on the date contributions are
20 withheld but no later than three (3) business days following the pay period ending in which
21 contributions were withheld, and the contribution shall be credited by the plan to the member's
22 individual account. The contributions shall be deducted from the member's compensation before
23 the computation of applicable federal taxes and shall be treated as employer contributions under
24 26 U.S.C. § 414(h)(2). A member shall not have the option of making the payroll deduction
25 directly in cash instead of having the contribution picked up by the employer.

26 (5) Contributions of employees shall be made by payroll deductions. Every member shall
27 be considered to consent to payroll deductions. It is of no consequence that a payroll deduction
28 may cause the compensation paid in cash to an employee to be reduced below the minimum
29 required by law. Payment of an employee's compensation, less payroll deductions, is a full and
30 complete discharge and satisfaction of all claims and demands by the employee relating to
31 remuneration of services during the period covered by the payment, except with respect to the
32 benefits provided under the plan.

33 (6) Additional voluntary member contributions may be permitted in accordance with this
34 section in such manner as determined in the discretion of the commission.

1 (7) Every employer is required to deduct and withhold member contributions and to
2 transmit same to the retirement system and is hereby made liable for the contribution. In addition,
3 any amount of employee contributions actually deducted and withheld shall be deemed to be a
4 special fund in trust for the benefit of the member and shall be transmitted to the retirement
5 system as set forth herein.

6 **36-10.3-5. Employer contributions.**

7 (1) An employer shall contribute to each regular member's individual account the
8 following amounts on the date contributions are withheld but no later than three (3) business days
9 following the pay period ending in which contributions were withheld:

10 (i) For members with fewer than ten (10) years of total service as of June 30, 2012, an
11 amount equal to one percent (1%) of the member's compensation at the end of each payroll period
12 from July 1 to the following June 30;

13 (ii) For members with ten (10) or more, but fewer than fifteen (15) years of total service
14 as of June 30, 2012, an amount equal to one percent (1%) of the member's compensation at the
15 end of each payroll period from July 1, 2012 through June 30, 2015, and effective July 1, 2015,
16 an amount equal to one and one-quarter percent (1.25%) of the member's compensation at the end
17 of each payroll period; and

18 (iii) For members with fifteen (15) or more, but fewer than twenty (20) years of total
19 service as of June 30, 2012, an amount equal to one percent (1%) of the member's compensation
20 at the end of each payroll period from July 1, 2012 through June 30, 2015, and effective July 1,
21 2015, an amount equal to one and one-half percent (1.5%) of the member's compensation at the
22 end of each payroll period from July 1 to the following June 30.

23 (2) An employer shall contribute to the individual account of each public safety member,
24 not participating in Social Security under the Federal Old Age, Survivors and Disability Income
25 program, an amount equal to three percent (3%) of the member's compensation from July 1 to the
26 following June 30.

27 (3) Contributions by supplemental employers shall be governed by § 36-10.3-6.

28 **36-10.3-6. Supplemental employer and member contributions.**

29 (a) A supplemental member shall contribute to the member's individual account an
30 amount equal to two percent (2%) of the member's compensation from July 1 to the following
31 June 30 in addition to the requirements of § 36-10.3-4. For such members, a supplemental
32 employer shall contribute to the member's individual account an amount equal to two percent
33 (2%) of the member's compensation from July 1 to the following June 30 in addition to the
34 requirements of § 36-10.3-5.

1 (b) A supplemental employer may request a different level of supplemental member
2 contributions and supplemental employer contributions subject to the approval of the state
3 investment commission.

4 (c) Such contributions shall be transmitted on the date contributions are withheld but no
5 later than three (3) business days following the pay period ending in which contributions were
6 withheld and every employer is required to deduct and withhold member supplemental
7 contributions and to transmit same to the retirement system and is hereby made liable for the
8 contribution. In addition, any amount of employee contributions actually deducted and withheld
9 shall be deemed to be a special fund in trust for the benefit of the member and shall be
10 transmitted to the retirement system as set forth herein.

11 SECTION 8. Sections 42-28-22.1 and 42-28-22.2 of the General Laws in Chapter 42-28
12 entitled "State Police" are hereby amended to read as follows:

13 **42-28-22.1. Retirement contribution.**

14 (a) Legislative findings. The general assembly finds that:

15 (1) A trust was created for retirement purposes for members of the state police who were
16 hired after July 1, 1987; however, as of January 1, 2015, there was an unfunded liability of
17 approximately \$200 million attributable to the retirement benefits for members of the state police
18 hired on or before July 1, 1987, and no trust had been created for them.

19 (2) Unless a trust is established, these members' benefits will continue to be funded on a
20 pay-as-you-go basis and would not be recognized as a liability on the state's financial statements
21 under generally accepted accounting purposes.

22 (3) An investigation of Google, Inc., conducted by the Rhode Island U.S. attorney's office
23 and the Rhode Island task force of the U.S. food and drug administration's office of criminal
24 investigations, the department of the attorney general, and state and local police netted settlement
25 amounts of approximately \$230 million to the state, of which \$45.0 million has been allocated for
26 use by the state police.

27 (4) The allocation of Google settlement monies to the state police presents a unique
28 opportunity to reduce the amount of the unfunded liability attributable to the retirement benefits
29 for members of the state police hired on or before July 1, 1987.

30 (5) It is in the best interests of the members of the state police and the taxpayers of this
31 state to reduce the amount of the unfunded liability attributable to retirement benefits for these
32 police officers by creating a separate trust and to fund those benefits on an actuarial basis.

33 (b) Each member of the state police initially hired after July 1, 1987 shall have deducted
34 from "compensation" as defined in § 36-8-1(8) beginning July 1, 1989, an amount equal to a rate

1 percent of such compensation of eight and three quarters percent (8.75%). The receipts collected
2 from members of the state police shall be deposited in a restricted revenue account entitled "state
3 police retirement benefits" on the date contributions are withheld but no later than three (3)
4 business days following the pay period ending in which contributions were withheld. The
5 proceeds deposited in this account shall be held in trust for the purpose of paying retirement
6 benefits under this section to participating members of the state police or their beneficiaries. The
7 retirement board shall establish rules and regulations to govern the provisions of this section.

8 (c) The state is required to deduct and withhold member contributions and to transmit
9 same to the retirement system and is hereby made liable for the contribution. In addition, any
10 amount of employee contributions actually deducted and withheld shall be deemed to be a special
11 fund in trust for the benefit of the member and shall be transmitted to the retirement system as set
12 forth herein.

13 ~~(e)~~(d) A member of the state police initially hired after July 1, 1987 who withdraws from
14 service or ceases to be a member for any reason other than death or retirement, will, at the
15 member's request, be paid on demand a refund consisting of the accumulated contributions
16 standing to his or her credit in his or her individual account in the state police retirement benefits
17 account. Any member receiving a refund shall thereby forfeit and relinquish all accrued rights as
18 a member of the system together with credits for total service previously granted to the member;
19 provided, however, that if any member who has received a refund shall subsequently reenter the
20 service and again become a member of the system, he or she shall have the privilege of restoring
21 all moneys previously received or disbursed to his or her credit as refund of contributions, plus
22 regular interest for the period from the date of refund to the date of restoration.

23 ~~(d)~~(e) Upon the repayment of the refund provided in subsection (c) above, the member
24 shall again receive credit for the amount of total service which he or she had previously forfeited
25 by the acceptance of the refund.

26 (f) The state shall deposit contributions for members of the state police initially hired on
27 or before July 1, 1987, from time to time (as provided in § 42-28-22.2) to be held in trust. The
28 proceeds of this trust shall pay retirement benefits under this section to participating members of
29 the state police or their beneficiaries. The retirement board shall establish rules and regulations to
30 govern the provisions of this section.

31 **42-28-22.2. State contributions.**

32 The state of Rhode Island shall make its contribution for the maintaining of the system
33 established by § 42-28-22.1 and providing the annuities, benefits, and retirement allowances in
34 accordance with the provisions of this chapter by (a) annually appropriating an amount which will

1 pay a rate percent of the compensation paid after July 1, 1989 to members of the state police hired
2 after July 1, 1987 and (b) appropriating an amount which will amortize the unfunded liability
3 associated with the benefits payable to members of the state police hired on or before July 1,
4 1987. The dollar amount specified in subsection (b) above shall be computed on an actuarial basis
5 using an eighteen (18) year amortization schedule commencing on July 1, 2015, taking into
6 account an initial supplemental contribution from the state, and certified in accordance with the
7 procedures set forth in §§ 36-8-13 and 36-10-2 under rules and regulations promulgated by the
8 retirement board pursuant to § 36-8-3. Such contributions shall be transmitted on the date
9 contributions are withheld but no later than three (3) business days following the pay period
10 ending in which contributions were withheld.

11 SECTION 9. Sections 45-21-41.1 and 45-21-42 of the General Laws in Chapter 45-21
12 entitled "Retirement of Municipal Employees" are hereby amended to read as follows:

13 **45-21-41.1. Municipality payment of member contributions.**

14 (a) Each municipality, pursuant to the provisions of 26 U.S.C. § 414(h)(2) of the United
15 States Internal Revenue Code, may, pursuant to appropriate legal action by the municipality, pick
16 up and pay the contributions which would be payable by the employees as members under § 45-
17 21-41. The contributions so picked up shall be treated as employer contributions in determining
18 tax treatment under the United States Internal Revenue Code; however, each municipality shall
19 continue to withhold federal and state income taxes based upon these contributions until the
20 Internal Revenue Service rules that pursuant to 26 U.S.C. § 414(h)(2) of the United States
21 Internal Revenue Code, these contributions shall not be included as gross income of the employee
22 until the time they are distributed. Employee contributions which are picked up pursuant to this
23 section shall be treated and identified as member contributions for all purposes of the retirement
24 system except as specifically provided to the contrary in this section.

25 (b) Member contributions picked up by a municipality shall be paid from the same source
26 of funds used for the payment of compensation to a member. A deduction shall be made from a
27 member's compensation equal to the amount of the employee's contributions picked up by the
28 employee's municipal employer. This deduction, however, shall not reduce the employee's
29 compensation for purposes of computing benefits under the retirement system pursuant to this
30 chapter. Picked up contributions shall be submitted to the retirement system in accordance with
31 the provisions of § 45-21-41 on the date contributions are withheld but no later than three (3)
32 business days following the pay period ending in which contributions were withheld.

33 (c) Every employer is required to deduct and withhold member contributions and to
34 transmit same to the retirement system and is hereby made liable for the contribution. In addition,

1 any amount of employee contributions actually deducted and withheld shall be deemed to be a
2 special fund in trust for the benefit of the member and shall be transmitted to the retirement
3 system as set forth herein.

4 (d) The liability of an employer who fails to segregate such trust funds, or refuses to
5 deduct and withhold member contributions from its employees, is enforceable by the retirement
6 board through an appropriate action in the superior court. The general treasurer is also authorized
7 to deduct the amount due from any money due the employer from the state.

8 **45-21-42. Contributions by municipalities.**

9 (a) Each municipality shall make contributions to the system to provide for the remainder
10 of the obligation for retirement allowances, annuities, and other benefits provided in this chapter,
11 after applying the accumulated contributions of the members, interest income on investments of
12 the system, and other income accruing to the system. These contributions shall, in any event, be
13 sufficient to establish and maintain a reserve equal to the sum of:

14 (1) The full credits for accumulated contributions in the "members' contribution reserve"
15 described in § 45-21-43,

16 (2) The present value, determined in accordance with the actuarial tables in use by the
17 system, of the retirement allowances, disability allowances, accidental death benefits, and other
18 benefits in force, chargeable to the "retirement reserve" described in § 45-21-43, and

19 (3) The present value of deferred annuities to members who have acquired a vested right
20 under the provisions of § 45-21-18.

21 (b) The rate of contribution on the part of each municipality, to meet its obligations under
22 this chapter, is the rate certified by the retirement board at the date of participation of the
23 municipality. The rate is redetermined at least once every five (5) years and certified by the
24 retirement board, upon recommendation of the actuary, following an evaluation and analysis of
25 the operating experience of the system and of the assets, liabilities, and reserves of the system.
26 Nothing contained in this chapter is deemed to impose any obligation upon any municipality for
27 service which may have been rendered by an employee of one municipality in behalf of another
28 municipality.

29 (c) In case of failure of any city or town to pay to the state the amounts due from it under
30 this title within the time prescribed, the general treasurer is hereby authorized to deduct that
31 amount from any moneys due the city or town from the state for any purpose other than for
32 education.

33 (d) Notwithstanding any other provisions of the general laws, the payment of the
34 contributions for the employers' share shall be remitted to the retirement board ~~on a monthly~~

1 ~~basis, payable by the 15th of the following month~~ on the date contributions are withheld but no
2 later than three (3) business days following the pay period ending in which contributions were
3 withheld.

4 (e) This section is not subject to §§ 45-13-7 -- 45-13-10, as amended.

5 SECTION 10. This act shall take effect on July 1, 2020.
