30 two (2) categories of special permit, a special use permit or a special dimensional permit.

31 (i) Special use permit. A regulated use that is permitted pursuant to the special use permit
32 issued by the authorized governmental entity, pursuant to § 45-24-42. Special use permits are
33 typically utilized for uses that may have an outside impact on the surrounding area, such as
34 schools or drive-through windows.

1 (ii) Special dimensional permit. A regulated dimension that is permitted pursuant to the
2 special dimensional permit issued by the authorized governmental entity, pursuant to § 45-24-42.
3 Special dimensional permits allow the involvement of the public and the discretion of the
4 authorized governmental entity in allowing small deviations from a zoning ordinance.

5 (70) Street wall. The architectural wall on either side of a street. A street wall requires
6 relatively consistent setbacks, building heights, building envelopes, and landscaping to function.

7 ~~(63)~~(71) Structure. A combination of materials to form a construction for use, occupancy,
8 or ornamentation, whether installed on, above, or below the surface of land or water.

9 ~~(64)~~(72) Substandard lot of record. Any lot lawfully existing at the time of adoption or
10 amendment of a zoning ordinance and not in conformance with the dimensional or area
11 provisions of that ordinance.

12 (73) Urban. Densely populated with defined and balanced public and private realms,
13 primarily with public and civic spaces, people-centric design, continuous, coherent, and
14 harmonious architectural wall, extensive public services, including transportation, water,
15 stormwater management systems, sewage treatment and disposal, solid waste treatment and
16 disposal, schools, recreation, public facilities, interstitial open space and agriculture, and other
17 public requirements. Generally defined by the division of planning as village centers and areas
18 within the urban services boundary, on a map maintained by the division of planning.

19 ~~(65)~~(74) Use. The purpose or activity for which land or buildings are designed, arranged,
20 or intended, or for which land or buildings are occupied or maintained.

21 ~~(66)~~(75) Variance. Permission to depart from the literal requirements of a zoning
22 ordinance. An authorization for the construction or maintenance of a building or structure, or for
23 the establishment or maintenance of a use of land, that is prohibited by a zoning ordinance. There
24 are only two (2) categories of variance, a use variance or a dimensional variance.

25 (i) Use variance. Permission to depart from the use requirements of a zoning ordinance
26 where the applicant for the requested variance has shown by evidence upon the record that the
27 subject land or structure cannot yield any beneficial use if it is to conform to the provisions of the
28 zoning ordinance.

29 (ii) Dimensional variance. Permission to depart from the dimensional requirements of a
30 zoning ordinance, where the applicant for the requested relief has shown, by evidence upon the
31 record, that there is no other reasonable alternative way to enjoy a legally permitted beneficial use
32 of the subject property unless granted the requested relief from the dimensional regulations.
33 However, the fact that a use may be more profitable or that a structure may be more valuable after
34 the relief is granted are not grounds for relief.

1 ~~(67)~~(76) Waters. As defined in § 46-12-1(23).

2 ~~(68)~~(77) Wetland, coastal. As defined in § 45-22.2-4.

3 ~~(69)~~(78) Wetland, freshwater. As defined in § 2-1-20.

4 ~~(70)~~(79) Zoning certificate. A document signed by the zoning-enforcement officer, as
5 required in the zoning ordinance, that acknowledges that a use, structure, building, or lot either
6 complies with, or is legally nonconforming to, the provisions of the municipal zoning ordinance
7 or is an authorized variance or modification therefrom.

8 ~~(71)~~(80) Zoning map. The map, or maps, that are a part of the zoning ordinance and that
9 delineate the boundaries of all mapped zoning districts within the physical boundary of the city or
10 town.

11 ~~(72)~~(81) Zoning ordinance. An ordinance enacted by the legislative body of the city or
12 town pursuant to this chapter and in the manner providing for the adoption of ordinances in the
13 city or town's legislative or home rule charter, if any, that establish regulations and standards
14 relating to the nature and extent of uses of land and structures; that is consistent with the
15 comprehensive plan of the city or town as defined in chapter 22.2 of this title; that includes a
16 zoning map; and that complies with the provisions of this chapter.

17 ~~(73)~~(82) Zoning-use and form district. The basic unit in zoning, either mapped or
18 unmapped, to which a uniform set of regulations applies, or a uniform set of regulations for a
19 specified use. Zoning-use and form districts include, but are not limited to: agricultural,
20 commercial, industrial, institutional, mixed-use, open space, and residential, as well as urban
21 core, urban center, general urban, inner suburban, outer suburban, exurban, and rural. Each
22 district may include sub-districts. Districts may be combined.

23 (83) Zoning use that raises pollution risk. A use that raises potential for residents and
24 visitors of the surrounding area to experience the negative effects of air, groundwater,
25 stormwater, smell, auditory, or vibrational activities associated with the primary or accessory use
26 of the subject property. The following uses shall be included: animal care facility, nightclub,
27 broadcasting facility, car wash, drive-through facility, parking facility, asphalt surfaces, freight
28 terminal, funeral home, gas station, golf course, plant nursery, commercial agriculture, marina,
29 boat construction and repair, brewery, distillery, winery, power plant, strip mall, motorized
30 vehicle repair, and all industrial uses. The division of planning shall have the power to establish
31 rules and regulations that identify additional uses that meet these criteria.

32 **45-24-33. Standard provisions.**

33 (a) A zoning ordinance addresses each of the purposes stated in § 45-24-30 and
34 addresses, through reasonable objective standards and criteria, the following general provisions

1 which are numbered for reference purposes only except as prohibited by §§ 45-24-30(b), 45-24-
2 30(c), or 45-24-30(d):

13 designed physical improvements, including plantings, and the proper maintenance of property;

14 (13) Permitting, prohibiting, limiting, and restricting land use in areas where development
15 [and redevelopment](#) is deemed to create a hazard to the public health or safety;

17 removal and requiring restoration of land after these activities;

18 (15) Regulating sanitary landfill, except as otherwise provided by state statute;

19 (16) Permitting, prohibiting, limiting, and restricting signs and billboards and other
20 outdoor advertising devices;

25 development [and redevelopment](#) in those areas under the provisions of chapter 24.1 of this title;

26 (19) Providing standards and requirements for the regulation, review, and approval of any

4 chapter 37 of title 34, the United States Fair Housing Amendments Act of 1988 (FHAA); the
5 Rhode Island Civil Rights People with Disabilities Act, chapter 37 of title 42; and the Americans
6 with Disabilities Act of 1990 (ADA), 42 U.S.C. § 12101 et seq.

7 (24) Regulating drive-through windows of varied intensity of use when associated with
8 land-use activities and providing standards and requirements for the regulation, review, and
9 approval of the drive-through windows, including, but not limited to:

10 (i) Identifying within which zoning districts drive-through windows may be permitted,
11 prohibited, or permitted by ~~special-use~~ special permit;

12 (ii) Specifying requirements for adequate traffic circulation; and

13 (iii) Providing for adequate pedestrian safety and access, including issues concerning
14 safety and access for those with disabilities.

15 (b) A zoning ordinance may include special provisions for any or all of the following:

16 (1) Authorizing development incentives, including, but not limited to, additional
17 permitted uses, increased development and density, or additional design or dimensional flexibility
18 in exchange for:

19 (i) Increased open space;

20 (ii) Increased housing choices;

21 (iii) Traffic and pedestrian improvements;

22 (iv) Public and/or private facilities; and/or

23 (v) Other amenities as desired by the city or town and consistent with its comprehensive
24 plan. The provisions in the ordinance shall include maximum allowable densities of population
25 and/or intensities of use and shall indicate the type of improvements, amenities, and/or
26 conditions. Conditions may be made for donation in lieu of direct provisions for improvements or
27 amenities;

28 (2) Establishing a system for transfer of development rights within or between zoning
29 districts designated in the zoning ordinance; and

30 (3) Regulating the development and redevelopment adjacent to designated scenic
31 highways, scenic waterways, major thoroughfares, public greenspaces, or other areas of special
32 public investment or valuable natural resources.

33 (c) Slope of land shall not be excluded from the calculation of the buildable lot area or
34 the minimum lot size, or in the calculation of the number of buildable lots or units.

1 (d) Nothing in this section shall be construed to restrict a municipality's right, within state
2 and local regulations, to establish its own minimum lot size per zoning district in its town or city.

3 **45-24-34. General provisions -- Purpose and consistency with comprehensive plan.**

4 (a) A zoning ordinance adopted pursuant to this chapter shall provide a statement of its
5 purposes. Those purposes shall be consistent with § 45-24-30. A zoning ordinance adopted or
6 amended pursuant to this chapter shall include a statement that the zoning ordinance is consistent
7 with the comprehensive plan of the city or town adopted pursuant to chapter 22.2 of this title, or
8 as otherwise provided below and shall provide that in the instance of uncertainty in the
9 construction or application of any section of the ordinance, the ordinance shall be construed in a
10 manner that will further the implementation of, and not be contrary to, the goals and policies and
11 applicable elements of the comprehensive plan.

12 (b) The city or town shall bring the zoning ordinance or amendment into conformance
13 with its comprehensive plan as approved by the chief of the division of planning of the
14 department of administration or the superior court in accordance with its implementation schedule
15 as set forth in said plan, [a period no longer than three \(3\) years](#). A zoning ordinance shall address
16 and specify requirements for the coordination between contiguous communities, the state, and
17 other agencies, as required by chapter 22.2 of this title.

18 **45-24-36. General provisions -- Division into districts.**

19 A zoning ordinance divides a city or town into zoning use [and form](#) districts, which may
20 include overlay districts and floating zone districts, of the number, kind, type, shape, and area
21 suitable to carry out the purposes of this chapter. Regulations and standards shall be consistent for
22 each land use, type of development [and redevelopment](#), or type of building or structure within a
23 district, but may differ from those in other districts. Zoning use [and form](#) districts shall be
24 depicted by type and location on the zoning map.

25 **45-24-37. General provisions -- Permitted uses.**

26 (a) The zoning ordinance shall provide a listing of all land uses and/or performance
27 standards for uses that are permitted within the zoning use [and form](#) districts of the municipality.

28 (b) Notwithstanding any other provision of this chapter, the following uses are permitted
29 uses within all residential zoning use [and form](#) districts of a municipality and all industrial and
30 commercial zoning use [and form](#) districts except where residential use is prohibited for public
31 health or safety reasons:

- 32 (1) Households;
- 33 (2) Community residences; and
- 34 (3) Family day care homes.

1 (c) Any time a building or other structure used for residential purposes, or a portion of a
2 building containing residential units, is rendered uninhabitable by virtue of a casualty such as fire
3 or flood, the owner of the property is allowed to park, temporarily, mobile and manufactured
4 home, or homes, as the need may be, elsewhere upon the land, for use and occupancy of the
5 former occupants for a period of up to twelve (12) months, or until the building or structure is
6 rehabilitated and otherwise made fit for occupancy. The property owner, or a properly designated
7 agent of the owner, is only allowed to cause the mobile and manufactured home, or homes, to
8 remain temporarily upon the land by making timely application to the local building official for
9 the purposes of obtaining the necessary permits to ~~repair or rebuild~~ redevelop the structure.

10 (d) Notwithstanding any other provision of this chapter, appropriate access for people
11 with disabilities to residential structures is allowed as a reasonable accommodation for any
12 person(s) residing, or intending to reside, in the residential structure.

13 (e) Notwithstanding any other provision of this chapter, an accessory family dwelling
14 unit in an owner-occupied, single-family residence shall be permitted as a reasonable
15 accommodation for family members with disabilities or who are sixty-two (62) years of age or
16 older, or to accommodate other family members. The appearance of the structure shall remain
17 that of a single-family residence and there shall be an internal means of egress between the
18 principal unit and the accessory family dwelling unit. If possible, no additional exterior entrances
19 should be added. Where additional entrance is required, placement should generally be in the rear
20 or side of the structure. When the structure is serviced by an individual, sewage-disposal system,
21 the applicant shall have the existing or any new system approved by the department of
22 environmental management. The zoning-enforcement officer shall require that a declaration of
23 the accessory family dwelling unit for the family member, or members, and its restrictions be
24 recorded in the land-evidence records and filed with the zoning-enforcement officer and the
25 building official. Once the family members with disabilities or who are sixty-two (62) years of
26 age or older, or any other family member, no longer reside(s) in the premises on a permanent
27 basis, or the title is transferred, the property owner shall notify the zoning official in writing, and
28 the accessory family-dwelling unit shall no longer be permitted, unless there is a subsequent,
29 valid application.

30 (f) When used in this section the terms "people with disabilities" or "member, or
31 members, with disabilities" means a person(s) who has a physical or mental impairment that
32 substantially limits one or more major life activities, as defined in § 42-87-1(7).

33 (g) Notwithstanding any other provisions of this chapter, plant agriculture is a permitted
34 use within all zoning districts of a municipality, including all industrial and commercial zoning

1 districts, except where prohibited for public health or safety reasons or the protection of wildlife
2 habitat.

3 **45-24-39. General provisions -- Nonconforming development.**

4 (a) Any city or town adopting or amending a zoning ordinance under this chapter shall
5 make provision for any use, activity, structure, building, or sign or other improvement, lawfully
6 existing at the time of the adoption or amendment of the zoning ordinance, but which is
7 nonconforming by use or nonconforming by dimension. The zoning ordinance may regulate
8 development which is nonconforming by dimension differently than that which is nonconforming
9 by use.

10 (b) The zoning ordinance shall permit the continuation of nonconforming development;
11 however, this does not prohibit the regulation of nuisances.

12 (c) A zoning ordinance ~~may~~ shall provide that, if a nonconforming use is abandoned, it
13 may not be reestablished. Abandonment of a ~~nonconforming use~~ zoning use that raises pollution
14 risk consists of some overt act, or failure to act, which leads one to believe that the owner of the
15 nonconforming use neither claims nor retains any interest in continuing the nonconforming use
16 unless the owner can demonstrate an intent not to abandon the use. If any zoning use that raises
17 pollution risk halted for a period of three (3) years, the owner of the nonconforming use is
18 presumed to have abandoned the nonconforming use, even if there is no intent to abandon the use.
19 ~~An involuntary interruption of nonconforming use, as by fire and natural catastrophe, does not~~
20 ~~establish the intent to abandon the nonconforming use; however, if~~ If any nonconforming use is
21 halted for a period of ~~one year~~ twenty (20) years, the owner of the nonconforming use is
22 presumed to have abandoned the nonconforming use, unless that presumption is rebutted by the
23 presentation of sufficient evidence of intent not to abandon the use. A use that is nonconforming
24 by use because the building or structure contains more dwelling units than are permitted by the
25 use regulations of a zoning ordinance shall never be considered abandoned, unless the zoning use
26 and form district does not permit any residential use.

27 (d) Abandonment of a nonconforming accessory use shall not be construed to imply
28 abandonment of other uses of the site.

29 (e) A nonconforming development by dimension never abandons its nonconformance by
30 dimension. In reconstructing a development that is nonconforming by dimension, the activity
31 shall be reviewed as an alteration of nonconforming development.

32 **45-24-40. General provisions -- Alteration of nonconforming development.**

33 (a) A zoning ordinance ~~may~~ shall permit a nonconforming development to be altered
34 under ~~either of~~ the following conditions:

1 ~~(1) The ordinance may establish a special use permit, authorizing the alteration, which~~
2 ~~must be approved by the zoning board of review following the procedure established in this~~
3 ~~chapter and in the zoning ordinance; or~~

4 ~~(2)~~(1) The ordinance ~~may~~ shall allow the reconstruction, addition and enlargement,
5 expansion, intensification, or change in use, of nonconforming development either by special
6 permit or by right and may distinguish between the foregoing actions by zoning districts.

7 (b) ~~The ordinance may require that the alteration more closely adheres to the intent and~~
8 ~~purposes of the zoning ordinance.~~

9 (c) A use established by variance or special use permit shall not acquire the rights of this
10 section.

11 ~~45-24-42. General provisions -- Special use permits.~~ **General provisions -- Special**
12 **permits.**

13 (a) A zoning ordinance shall provide for the issuance of special-use permits approved by
14 the zoning board of review, or, where unified development review is enabled pursuant to § 45-24-
15 46.4, the planning board or commission.

16 (b) The ordinance shall:

17 (1) Specify the uses requiring special-use permits in each district and the dimensions
18 requiring a special dimensional permit in each district. Dimensional requirements in special
19 dimensional permits shall not exceed fifty percent (50%) of the dimensional requirements
20 specified in the zoning ordinance or the average of existing conditions on lots within the notice
21 area as defined in § 45-24-53(d)(2), whichever is greater. A special dimensional permit does not
22 permit moving of lot lines;

23 (2) Describe the conditions and procedures under which special-use permits, of each or
24 the various categories of special-use permits established in the zoning ordinance, may be issued;

25 (3) Establish criteria for the issuance of each category of special-use permit that shall be
26 in conformance with the purposes and intent of the comprehensive plan and the zoning ordinance
27 of the city or town. If a special dimensional permit is granted, neighboring property shall neither
28 be substantially injured nor its appropriate use substantially impaired, specifically the appearance
29 of the subject property from the street in comparison to properties on its left and right, and it does
30 not alter a flood hazard requirement;

31 (4) Provide for public hearings and notification of the date, time, place, and purpose of
32 those hearings to interested parties. Special-use permit requests submitted under a zoning
33 ordinance's unified development review provisions shall be heard and noticed in conjunction with
34 the subdivision or land-development application, according to the requirements of § 45-23-50.1.

1 Public notice for special-use permits that are not submitted under a zoning ordinance's unified
2 development review provisions shall be given at least fourteen (14) days prior to the date of the
3 hearing in a newspaper of general circulation in the city or town. Notice of hearing shall be sent
4 by first-class mail to the applicant, and to all those who would require notice under § 45-24-53.
5 The notice shall also include the street address of the subject property. A zoning ordinance may
6 require that a supplemental notice, that an application for a special-use permit is under
7 consideration, be posted at the location in question. The posting is for information purposes only
8 and does not constitute required notice of a public hearing. The cost of notification shall be borne
9 by the applicant;

10 (5) Provide for the recording of findings of fact and written decisions; and

11 (6) Provide that appeals may be taken pursuant to §§ 45-24-70 or 45-23-66, dependent on
12 the board to which application was made.

13 (c) The ordinance additionally ~~may~~ shall provide that an applicant may apply for, and be
14 issued, a ~~dimensional~~ variance in conjunction with a special-~~use~~ permit. If the special ~~use~~ permit
15 could not exist without the ~~dimensional~~ variance, the zoning board of review, or, where unified
16 development review is enabled pursuant to § 45-24-46.4(b), the planning board or commission
17 shall consider the special-~~use~~ permit and the ~~dimensional~~ variance together to determine if
18 granting the special ~~use~~ permit is appropriate based on both the special ~~use~~ permit criteria and the
19 ~~dimensional~~ variance evidentiary standards.

20 **45-24-43. General provisions -- Special conditions.**

21 In granting a variance or in making any determination upon which it is required to pass
22 after a public hearing under a zoning ordinance, the zoning board of review or other zoning
23 enforcement agency may apply the special conditions that may, in the opinion of the board or
24 agency, be required to promote the intent and purposes of the comprehensive plan and the zoning
25 ordinance of the city or town. Failure to abide by any special conditions attached to a grant
26 constitutes a zoning violation. Those special conditions shall be based on competent credible
27 evidence on the record, be incorporated into the decision, and may include, but are not limited to,
28 provisions for:

29 (1) Minimizing the adverse impact of the development or redevelopment upon other land,
30 including the type, intensity, design, and performance of activities;

31 (2) Controlling the sequence of development or redevelopment, including when it must
32 be commenced and completed;

33 (3) Controlling the duration of use or development and the time within which any
34 temporary structure must be removed;

- 1 (4) Assuring satisfactory installation and maintenance of required public improvements;
- 2 (5) Designating the exact location and nature of development [or redevelopment](#); and
- 3 (6) Establishing detailed records by submission of drawings, maps, plats, or
- 4 specifications.

5 **45-24-44. General provisions -- Creation of vested rights.**

6 (a) A zoning ordinance provides protection for the consideration of applications for

7 development [or redevelopment](#) that are substantially complete and have been submitted for

8 approval to the appropriate review agency in the city or town prior to enactment of the new

9 zoning ordinance or amendment.

10 (b) Zoning ordinances or other land development ordinances or regulations specify the

11 minimum requirements for a development application to be substantially complete for the

12 purposes of this section.

13 (c) Any application considered by a city or town under the protection of this section shall

14 be reviewed according to the regulations applicable in the zoning ordinance in force at the time

15 the application was submitted.

16 (d) If an application for development [or redevelopment](#) under the provisions of this

17 section is approved, reasonable time limits shall be set within which development [or](#)

18 [redevelopment](#) of the property must begin and within which development [or redevelopment](#) must

19 be substantially completed.

20 **45-24-46.1. Inclusionary zoning.**

21 (a) A zoning ordinance requiring the inclusion of affordable housing as part of a

22 development [or redevelopment](#) shall provide that the housing will be affordable housing, as

23 defined in § 42-128-8.1(d)(1); that the affordable housing will constitute not less than ten percent

24 (10%) of the total units in the development [or redevelopment](#); and that the units will remain

25 affordable for a period of not less than thirty-years (30) from initial occupancy enforced through a

26 land lease and/or deed restriction enforceable by the municipality and the state of Rhode Island.

27 (b) A zoning ordinance that includes inclusionary zoning may provide that the affordable

28 housing must be built on-site or utilize one or more alternative methods of production, including,

29 but not limited to, off-site construction or rehabilitation, donation of land suitable for

30 development of the required affordable units, and/or the payment of a fee in lieu of the

31 construction or provision of affordable housing units. For all projects subject to inclusionary

32 zoning, density bonuses and other incentives shall be established by the community and shall

33 apply to offset differential costs of below-market units.

34 (c) This fee in lieu of the construction or provision of affordable housing shall be the

1 choice of the developer or builder applied on a per-unit basis and may be used for new
2 developments, purchasing property and/or homes, rehabilitating properties, or any other manner
3 that creates additional low-or-moderate income housing as defined in § 45-53-3(9).

4 (1) For affordable, single-family homes and condominium units, the per-unit fee shall be
5 the difference between the maximum affordable sales price for a family of four (4) earning eighty
6 percent (80%) of the area median income as determined annually by the U.S. Department of
7 Housing and Urban Development and the average cost of developing a single unit of affordable
8 housing. The average cost of developing a single unit of affordable housing shall be determined
9 annually based on the average, per-unit development cost of affordable homes financed by Rhode
10 Island housing over the previous three (3) years, excluding existing units that received

31 (a) A zoning ordinance may provide that review and approval of dimensional variances,
32 use variances, [special dimensional permits](#), and/or special-use permits for properties undergoing
33 review by the planning board or commission as land-development or subdivision projects
34 pursuant to § 45-23-36, be conducted and decided by the planning board or commission. This

1 process is to be known as unified development review.

2 (b) If unified development review is desired, such review must be enabled within the
3 zoning ordinance, in accordance with this section, and the local subdivision and land-
4 development regulations must be brought into conformance, pursuant to § 45-23-50.1.

5 (c) A zoning ordinance that provides for unified development review shall:

6 (1) Specify which types of zoning approval the planning board or commission shall be
7 empowered to grant for which types of projects; and

8 (2) Provide that any person, group, agency, or corporation that files an application for an
9 included land development or subdivision project may also file requests for relief from the literal
10 requirements of a zoning ordinance on the subject property, pursuant to § 45-24-41, and/or for the
11 issuance of special-use permits for the subject property, pursuant to § 45-24-42, by including such

13 other required application materials, pursuant to § 45-23-50.1(b).

14 (d) A zoning ordinance that provides for unified development review may specify design,
15 use, public benefit, or other relevant criteria that must be met in order for an application to qualify
16 for review under the unified development review provisions of the zoning ordinance.
17 Certification as to whether an application meets the established criteria shall be conducted in
18 conjunction with, and following the time lines outlined for, certification of completeness of the
19 application, pursuant to §§ 45-23-38(c), 45-23-40(b), or 45-23-41(b).

20 (e) All land development and subdivision applications that include requests for variances
21 and/or special-use permits submitted pursuant to this section shall require a public hearing that
22 meets the requirements of §§ 45-23-50.1(b) and 45-23-50.1(c).

23 (f) In granting requests for dimensional and use variances, the planning board or
24 commission shall be bound to the requirements of §§ 45-24-41(d) and 45-24-41(e) relative to
25 entering evidence into the record in satisfaction of the applicable standards.

26 (g) In reviewing requests for special-use permits, the planning board or commission shall
27 be bound to the conditions and procedures under which a special-use permit may be issued and

31 to § 45-24-42(b)(5).

32 (h) An appeal from any decision made pursuant to this section may be taken pursuant to §
33 45-23-66.

34 **45-24-47. Special provisions -- Land development projects.**

1 (a) A zoning ordinance may provide for land development projects which are projects in
2 which one or more lots, tracts, or parcels of land are to be developed or redeveloped as a
3 coordinated site for a complex of uses, units, or structures, including, but not limited to, planned
4 development and/or cluster development for residential, commercial, institutional, industrial,
5 recreational, open space, and/or mixed uses as may be provided for in the zoning ordinance.

6 (b) A zoning ordinance adopted pursuant to this chapter which permits or requires the
7 creation of land development projects in one or more zoning districts shall require that any land
8 development project is referred to the city or town planning board or commission for approval, in
9 accordance with the procedures established by chapter 23 of this title, including those for appeal
10 and judicial review, and with any ordinances or regulations adopted pursuant to the procedures,
11 whether or not the land development project constitutes a "subdivision", as defined in chapter 23
12 of this title. No land development project shall be initiated until a plan of the project has been
13 submitted to the planning board or commission and approval has been granted by the planning
14 board or commission. In reviewing, hearing, and deciding upon a land development project, the
15 city or town planning board or commission may be empowered to allow zoning incentives within
16 the project; provided, that standards for the adjustments are described in the zoning ordinance,
17 and may be empowered to apply any special conditions and stipulations to the approval that may,
18 in the opinion of the planning board or commission, be required to maintain harmony with
19 neighboring uses and promote the objectives and purposes of the comprehensive plan and zoning
20 ordinance.

21 (c) In regulating land development projects, an ordinance adopted pursuant to this chapter
22 may include, but is not limited to, regulations governing the following:

23 (1) A minimum area or site size for a land development project;

24 (2) Uses to be permitted within the development;

25 (3) Ratios of residential to nonresidential uses where applicable;

26 (4) Maximum density per lot and maximum density for the entire development, with
27 provisions for adjustment of applicable lot density and dimensional standards where open space is
28 to be permanently set aside for public or common use, and/or where the physical characteristics,
29 location, or size of the site require an adjustment, and/or where the location, size, and type of
30 housing, commercial, industrial, or other use require an adjustment, and/or where housing for low
31 and moderate income families is to be provided, or where other amenities not ordinarily required
32 are provided, as stipulated in the zoning ordinance. Provision may be made for adjustment of
33 applicable lot density and dimensional standards for payment or donation of other land or
34 facilities in lieu of an on-site provision of an amenity that would, if provided on-site, enable an

1 adjustment;

2 (5) Roads, driveways, utilities, parking, and other facilities; regulations may distinguish
3 between those facilities intended to remain in private ownership or to be dedicated to the public;
4 and

5 (6) Buffer areas, landscaping, screening, and shading.

6 (d)(1) A zoning ordinance requiring open land in a cluster development or other land
7 development project for public or common use, shall provide that such open land either: (i) be
8 conveyed to the city or town and accepted by it for park, open space, agricultural, or other
9 specified use or uses, or (ii) be conveyed to a nonprofit organization, the principal purpose of
10 which is the conservation of open space or resource protection, or (iii) be conveyed to a
11 corporation or trust owned or to be owned by the owners of lots or units within the development
12 [or redevelopment](#), or owners of shares within a cooperative development [or redevelopment](#). If
13 such a corporation or trust is used, ownership shall pass with conveyances of the lots or units, or
14 (iv) remain in private ownership if the use is limited to agriculture, habitat or forestry, and the
15 city or town has set forth in its community comprehensive plan and zoning ordinance that private
16 ownership is necessary for the preservation and management of the agricultural, habitat or forest
17 resources.

18 (2) In any case where the land is not conveyed to the city or town:

19 (i) A restriction, in perpetuity, enforceable by the city or town or by any owner of
20 property in the cluster or other land development project in which the land is located shall be
21 recorded providing that the land is kept in the authorized condition(s) and not built upon or
22 developed for accessory uses such as parking or roadway; and

23 (ii) The developmental rights and other conservation easements on the land may be held,
24 in perpetuity, by a nonprofit organization, the principal purpose of which is the conservation of
25 open space or resource protection.

26 (3) All open space land provided by a cluster development or other land development
27 project shall be subject to a community approved management plan that will specify the permitted
28 uses for the open space.

29 **45-24-48. Special provisions -- Preapplication conference.**

30 A zoning ordinance may provide for a preapplication conference for specific types of
31 development [and redevelopment](#) proposals. A preapplication conference is intended to allow the
32 designated agency to:

33 (1) Acquaint the applicant with the comprehensive plan and any specific plans that apply
34 to the parcel, as well as the zoning and other ordinances that affect the proposed development [or](#)

1 [redevelopment](#);

2 (2) Suggest improvements to the proposed design on the basis of a review of the sketch
3 plan;

6 (4) Help the applicant to understand the steps to be taken to receive approval.

7 **45-24-57. Administration -- Powers and duties of zoning board of review.**

8 A zoning ordinance adopted pursuant to this chapter shall provide that the zoning board
9 of review shall:

10 (1) Have the following powers and duties:

11 (i) To hear and decide appeals within sixty-five (65) days of the date of the filing of the
12 appeal where it is alleged there is an error in any order, requirement, decision, or determination
13 made by an administrative officer or agency in the enforcement or interpretation of this chapter,
14 or of any ordinance adopted pursuant hereto;

15 (ii) To hear and decide appeals from a party aggrieved by a decision of an historic district
16 commission, pursuant to §§ 45-24.1-7.1 and 45-24.1-7.2;

18 board of appeals for airport zoning regulations, pursuant to § 1-3-19;

19 (iv) To authorize, upon application, in specific cases of hardship, variances in the
20 application of the terms of the zoning ordinance, pursuant to § 45-24-41;

21 (v) To authorize, upon application, in specific cases, special-~~use~~ permits, pursuant to §
22 45-24-42, where the zoning board of review is designated as a permit authority for special-~~use~~
23 permits;

24 (vi) To refer matters to the planning board or commission, or to other boards or agencies
25 of the city or town as the zoning board of review may deem appropriate, for findings and
26 recommendations;

27 (vii) To provide for the issuance of conditional zoning approvals where a proposed
28 application would otherwise be approved except that one or more state or federal agency
29 approvals that are necessary are pending. A conditional zoning approval shall be revoked in the
30 instance where any necessary state or federal agency approvals are not received within a specified
31 time period; and

32 (viii) To hear and decide other matters, according to the terms of the ordinance or other
33 statutes, and upon which the board may be authorized to pass under the ordinance or other
34 statutes; and

1 (2) Be required to vote as follows:

2 (i) Five (5) active members are necessary to conduct a hearing. As soon as a conflict
3 occurs for a member, that member shall recuse himself or herself, shall not sit as an active
4 member, and shall take no part in the conduct of the hearing. Only five (5) active members are
5 entitled to vote on any issue;

6 (ii) The concurring vote of three (3) of the five (5) members of the zoning board of
7 review sitting at a hearing are necessary to reverse any order, requirement, decision, or
8 determination of any zoning administrative officer from whom an appeal was taken; and

9 (iii) The concurring vote of four (4) of the five (5) members of the zoning board of
10 review sitting at a hearing is required to decide in favor of an applicant on any matter within the
11 discretion of the board upon which it is required to pass under the ordinance, including variances
12 and special-use permits.

13 **45-24-58. Administration -- Application procedure.**

14 The zoning ordinance establishes the various application procedures necessary for the
15 filing of appeals, requests for variances, special-use permits, development plan reviews, site plan
16 reviews, and other applications that may be specified in the zoning ordinance, with the zoning
17 board of review, consistent with the provisions of this chapter. The zoning ordinance provides for
18 the creation of appropriate forms, and for the submission and resubmission requirements, for each
19 type of application required. A zoning ordinance may establish that a time period of a certain
20 number of months is required to pass before a successive similar application may be filed.

21 **45-24-61. Administration -- Decisions and records of zoning board of review.**

22 (a) Following a public hearing, the zoning board of review shall render a decision within
23 fifteen (15) days. The zoning board of review shall include in its decision all findings of fact and
24 conditions, showing the vote of each participating member, and the absence of a member or his or
25 her failure to vote. Decisions shall be recorded and filed in the office of the city or town clerk
26 within thirty (30) days from the date when the decision was rendered, and is a public record. The
27 zoning board of review shall keep written minutes of its proceedings, showing the vote of each
28 member upon each question, or, if absent or failing to vote, indicating that fact, and shall keep
29 records of its examinations, findings of fact, and other official actions, all of which shall be
30 recorded and filed in the office of the zoning board of review in an expeditious manner upon
31 completion of the proceeding. For any proceeding in which the right of appeal lies to the superior
32 or supreme court, the zoning board of review shall have the minutes taken either by a competent
33 stenographer or recorded by a sound-recording device.

34 (b) Any decision by the zoning board of review, including any special conditions attached

1 to the decision, shall be mailed within one business day of recording, by any method that provides
2 confirmation of receipt to the applicant, to any objector who has filed a written request for notice
3 with the zoning enforcement officer, and to the zoning enforcement officer of the city or town.
4 Any decision evidencing the granting of a variance, modification, or special ~~use~~ permit shall also
5 be recorded in the land evidence records of the city or town and mailed within one business day
6 of recording, by any method that provides confirmation of receipt, to the applicant, to any
7 objector who has filed a written request for notice with the zoning enforcement officer, and to the
8 zoning officer. A copy of the recorded decision shall be mailed within one business day of
9 recording, by any method that provides confirmation of receipt, to the applicant, and to any
10 objector who has filed a written request for notice with the zoning enforcement officer, as well as
11 a copy to the zoning enforcement officer.

12 SECTION 2. Section 45-24-46 of the General Laws in Chapter 45-24 entitled "Zoning
13 Ordinances" is hereby repealed.

14 ~~**45-24-46. Special provisions -- Modification.**~~

15 ~~(a) A zoning ordinance may provide for the issuance of modifications or adjustments~~
16 ~~from the literal dimensional requirements of the zoning ordinance in the instance of the~~
17 ~~construction, alteration, or structural modification of a structure or lot of record. If the ordinance~~
18 ~~allows modifications then the zoning enforcement officer is authorized to grant modification~~
19 ~~permits. The zoning ordinance establishes the maximum percent allowed for a modification,~~
20 ~~which shall not exceed twenty five percent (25%), of any of the dimensional requirements~~
21 ~~specified in the zoning ordinance. A modification does not permit moving of lot lines. The zoning~~
22 ~~ordinance shall specify which dimensional requirements or combinations of these requirements~~
23 ~~are allowable under a modification. These requirements may differ by use or zoning district.~~
24 ~~Within ten (10) days of the receipt of a request for a modification, the zoning enforcement officer~~
25 ~~shall make a decision as to the suitability of the requested modification based on the following~~
26 ~~determinations:~~

27 ~~(1) The modification requested is reasonably necessary for the full enjoyment of the~~
28 ~~permitted use;~~

29 ~~(2) If the modification is granted, neighboring property will neither be substantially~~
30 ~~injured nor its appropriate use substantially impaired;~~

31 ~~(3) The modification requested is in harmony with the purposes and intent of the~~
32 ~~comprehensive plan and zoning ordinance of the city or town; and~~

33 ~~(4) The modification requested does not require a variance of a flood hazard requirement.~~

34 ~~(b) Upon an affirmative determination, the zoning enforcement officer shall notify, by~~

1 ~~registered or certified mail, all property owners abutting the property which is the subject of the~~
2 ~~modification request, and shall indicate the street address of the subject property in the notice,~~
3 ~~and shall publish in a newspaper of general circulation within the city or town that the~~
4 ~~modification will be granted unless written objection is received within thirty (30) days of the~~
5 ~~public notice. If written objection is received within thirty (30) days, the request for a~~
6 ~~modification shall be denied. In that case the changes requested will be considered a request for a~~
7 ~~variance and may only be issued by the zoning board of review following the standard procedures~~
8 ~~for variances. If no written objections are received within thirty (30) days, the zoning~~
9 ~~enforcement officer shall grant the modification. The zoning enforcement officer may apply any~~
10 ~~special conditions to the permit as may, in the opinion of the officer, be required to conform to~~
11 ~~the intent and purposes of the zoning ordinance. The zoning enforcement officer shall keep public~~
12 ~~records of all requests for modifications, and of findings, determinations, special conditions, and~~
13 ~~any objections received. Costs of any notice required under this subsection shall be borne by the~~
14 ~~applicant requesting the modification.~~

15 SECTION 3. This act shall take effect upon passage.
