LC005382

2014 -- S 2971

STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2014

AN ACT

RELATING TO HUMAN SERVICES - MEDICAL ASSISTANCE

Introduced By: Senator Michael J.McCaffrey Date Introduced: May 01, 2014

Referred To: Senate Health & Human Services

It is enacted by the General Assembly as follows:

1	SECTION 1. Section 40-8-19 of the General Laws in Chapter 40-8 entitled "Medica
2	Assistance" is hereby amended to read as follows:

3

40-8-19. Rates of payment to nursing facilities. -- (a) Rate reform.

4 (1) The rates to be paid by the state to nursing facilities licensed pursuant to chapter 17 5 of title 23, and certified to participate in the Title XIX Medicaid program for services rendered to Medicaid-eligible residents, shall be reasonable and adequate to meet the costs which must be 6 7 incurred by efficiently and economically operated facilities in accordance with 42 U.S.C. section 1396a(a)(13). The executive office of health and human services shall promulgate or modify the 8 9 principles of reimbursement for nursing facilities in effect as of July 1, 2011 to be consistent with 10 the provisions of this section and Title XIX, 42 U.S.C. section 1396 et seq., of the Social Security 11 Act.

(2) The executive office of health and human services ("Executive Office") shall review the current methodology for providing Medicaid payments to nursing facilities, including other long-term care services providers, and is authorized to modify the principles of reimbursement to replace the current cost based methodology rates with rates based on a price based methodology to be paid to all facilities with recognition of the acuity of patients and the relative Medicaid occupancy, and to include the following elements to be developed by the executive office:

18 (i) A direct care rate adjusted for resident acuity;

19 (ii) An indirect care rate comprised of a base per diem for all facilities;

1 (iii) A rearray of costs for all facilities every three (3) years beginning October, 2015,

2 which may or may not result in automatic per diem revisions;

3 (iv) Application of a fair rental value system;

4

(v) Application of a pass-through system; and

5 (vi) Adjustment of rates by the change in a recognized national nursing home inflation 6 index to be applied on October 1st of each year, beginning October 1, 2012. This adjustment will 7 not occur on October 1, 2013, but will resume on October 1, 2014. Said inflation index shall be 8 applied without regard for the transition factor in subsection (b)(2) below.

9 (b) Transition to full implementation of rate reform. - For no less than four (4) years after 10 the initial application of the price-based methodology described in subdivision (a) (2) to payment 11 rates, the executive office of health and human services shall implement a transition plan to 12 moderate the impact of the rate reform on individual nursing facilities. Said transition shall 13 include the following components:

(1) No nursing facility shall receive reimbursement for direct care costs that is less than
the rate of reimbursement for direct care costs received under the methodology in effect at the
time of passage of this act; and

(2) No facility shall lose or gain more than five dollars (\$5.00) in its total per diem rate
the first year of the transition. The adjustment to the per diem loss or gain may be phased out by
twenty-five percent (25%) each year; and

(3) The transition plan and/or period may be modified upon full implementation of
facility per diem rate increases for quality of care related measures. Said modifications shall be
submitted in a report to the general assembly at least six (6) months prior to implementation.

(c) Inflation index. - The annual adjustment to rates by the change in a recognized 23 24 national nursing home inflation index as described in subsection (a)(2)(vi) of this section shall be 25 applied to any and all rates of payment to nursing facilities made in return for Medicaid-covered 26 services, regardless whether those rates are paid directly by the state or by a managed care 27 organization, licensed health insurer, or other entity acting pursuant to a contract or other 28 arrangement between such entity and the state. Any such contract between the state and a 29 managed care organization, licensed health insurer, or other entity shall include a provision 30 requiring that rates of payments to nursing facilities be so adjusted.

31 SECTION 2. This act shall take effect upon passage.

LC005382

EXPLANATION

BY THE LEGISLATIVE COUNCIL

OF

AN ACT

RELATING TO HUMAN SERVICES - MEDICAL ASSISTANCE

This act would require that a recognized national nursing home inflation index be applied to any annual adjustment to rates of payment to nursing facilities for Medicaid-covered services regardless of who the rates are paid by. The act would also provide that any contracts between the state and an applicable entity provide that rates of payment to nursing facilities be adjusted as such.

6

This act would take effect upon passage.
