AMEND Senate Bill No. 274*

House Bill No. 322

by deleting subsection (a) in the amendatory language of Section 12 and substituting instead:

- (a) A public school building, including a public charter school building, constructed or remodeled after July 1, 2023, must, at a minimum:
- (1) Include a door-locking mechanism on each classroom door that allows the classroom door to be locked from the inside;
 - (2) Have installed a clear, bullet-resistant or entry-resistant film on the glass panel of each exterior entry or basement level window and door to prevent individuals from entering the school building without authorization by breaking the glass in an exterior entry or basement level window or door;
 - (3) Include a camera system that continuously monitors each entrance, hallway, and communal area in the school building during regular school hours and during school-related events and activities conducted on school grounds that is accessible by a local law enforcement agency in an emergency situation; and
 - (4) Include at least one (1) secure vestibule that serves as the primary entrance to the school building that contains two (2) separate sets of doors through which a person must pass to gain entrance into the school building that are each capable of being locked separately to prevent a person from entering the school building until an LEA or school employee authorizes a person to enter.
