SUMMARY OF BILL AS AMENDED (014476, 015879): Enacts the *Baby Olivia Act*. Requires a family life curriculum that directly or indirectly addresses human growth, human development, or human sexuality to include the presentation of a computer-generated animation or high-definition ultrasound of at least three minutes in duration that shows the development of the brain, heart, and other vital organs in early fetal development, such as “Meet Baby Olivia.”

FISCAL IMPACT OF BILL AS AMENDED:

NOT SIGNIFICANT

Assumptions for the bill as amended:

- “Meet Baby Olivia” is a free and widely-available animated film which shows the process of fertilization and the stages of human development inside the uterus.
- A local education agency will be able to include a presentation of “Meet Baby Olivia” or similar presentation with existing resources and during the normal course of instruction of a family life curriculum such that any local fiscal impact is estimated to be not significant.
