Assumptions:

- The proposed legislation will require Tennessee Promise and HOPE scholarship recipients to complete 30 semester hours in three consecutive semester periods. Failure to complete 30 semester hours will result in a reduction of the Tennessee Promise or HOPE scholarship by \$250 per semester.
- There will be no fiscal impact in FY18-19 as a result of the proposed legislation being phased in and entering freshman will be working towards completing 30 hours to maintain their full scholarship award amount in FY19-20.
- Based on the information provided by the Tennessee Student Assistance Corporation (TSAC), there will be an estimated 7,936 Tennessee Promise and HOPE recipients who will not complete the proposed 30 semester hour requirement and will lose \$500 of their award in FY19-20.

- The decrease in state expenditures from the Lottery for Education Account in FY19-20 is estimated to be \$3,968,000 (7,936 award recipients x \$500 award reduction).
- As these changes are fully phased in, the number of award reductions will increase.
- The decrease in state expenditures from the Lottery for Education Account is estimated to exceed \$3,968,000 in FY20-21 and subsequent years.
- Based on the information provided by TBR, TBR currently manages the community college system. Therefore, policies under the provisions of the proposed legislation will be adopted and performed during TBR's normal course of business. Any fiscal impact to TBR or its operations is estimated to be not significant.
