

SENATE BILL 695

By Tate

AN ACT to amend Tennessee Code Annotated, Title 40,
Chapter 11, relative to bail.

WHEREAS, the General Assembly determines that there has been an increase in crime due to firearms in certain municipalities, therefore law enforcement officers and prosecutors need additional means to maintain the public safety; and

WHEREAS, the increase in crime due to firearms is not due to law abiding citizens who are legally permitted to carry weapons under Tennessee law; and

WHEREAS, laws restricting the use of firearms should be narrowly focused on those who abuse the right to bear arms guaranteed by the Second Amendment of the United States Constitution and the Constitution of Tennessee; and

WHEREAS, many crimes have been committed by persons illegally in possession of firearms and they pose a real and present danger to people living in high crime areas; and

WHEREAS, these individuals responsible for the increase in crime are repeat offenders and when charged with firearms offenses, have been released on bail pending disposition of such charges; when these individuals are released on bail they continue to pose a threat to society; now, therefore,
