

118TH CONGRESS
1ST SESSION

H. R. 1267

To protect the rights of passengers with disabilities in air transportation,
and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 28, 2023

Ms. TITUS (for herself and Mr. COHEN) introduced the following bill; which
was referred to the Committee on Transportation and Infrastructure

A BILL

To protect the rights of passengers with disabilities in air
transportation, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the “Air Carrier Access
5 Amendments Act of 2023”.

6 SEC. 2. FINDINGS; SENSE OF CONGRESS.

7 (a) FINDINGS.—Congress finds the following:

8 (1) In 1986, President Ronald Reagan signed
9 the Air Carrier Access Act of 1986 (Public Law 99–
10 435; 100 Stat. 1080), adding a provision now codi-

1 fied in section 41705 of title 49, United States Code
2 (in this section referred to as the “ACAA”), prohib-
3 iting disability-based discrimination in air transpor-
4 tation.

5 (2) Despite the effort, individuals, including
6 veterans, with disabilities continue to experience sig-
7 nificant barriers to and with traveling by air, such
8 as—

- 9 (A) damaged assistive devices;
- 10 (B) inaccessible aircraft, lavatories, and
11 communication media;
- 12 (C) delayed assistance;
- 13 (D) inappropriate treatment of service ani-
14 mals;
- 15 (E) inadequate disability awareness and
16 sensitivity training; and
- 17 (F) a lack of suitable seating accommoda-
18 tions.

19 (b) SENSE OF CONGRESS.—It is the sense of Con-
20 gress that—

21 (1) access for individuals with disabilities in air
22 transportation must move into the 21st century, or
23 individuals with disabilities will be left behind and
24 unable to compete in today’s job market or enjoy the

1 opportunities available to other citizens of the
2 United States;

3 (2) aircraft must accommodate individuals with
4 disabilities, and air carriers and foreign air carriers
5 must acquire and maintain aircraft that meet broad
6 accessibility standards;

7 (3) the ACAA must be updated to improve ac-
8 cess to air transportation for individuals with dis-
9 abilities;

10 (4) legislation is necessary to modernize stand-
11 ards and requirements that will strengthen accessi-
12 bility in air transportation;

13 (5) the Department of Transportation, in direct
14 consultation with the Access Board, must promul-
15 gate regulations to ensure that all passengers with
16 disabilities receive—

17 (A) prompt and effective boarding,
18 deplaning, and connections between flights;

19 (B) accommodations, including non-
20 standard accommodations, that safely facilitate
21 air travel; and

22 (C) better access to airport facilities, in-
23 cluding the provision of visually and tactiley
24 accessible announcements and full and equal ac-
25 cess to aural communications;

1 (6) legislation is necessary to ensure that individuals with disabilities have adequate remedies available when air carriers and foreign air carriers violate the ACAA; and

5 (7) unlike other civil rights statutes, the ACAA does not contain a private right of action, which is critical to the enforcement of such statutes, and
6 7 8 Congress must correct this anomaly.

7 by the air carrier or foreign air carrier, unless
