## H. R. 1370

To amend title XVIII of the Social Security Act to provide coverage for custom fabricated breast prostheses following a mastectomy.

## IN THE HOUSE OF REPRESENTATIVES

February 26, 2019

Ms. Judy Chu of California (for herself and Mrs. Walorski) introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

## A BILL

To amend title XVIII of the Social Security Act to provide coverage for custom fabricated breast prostheses following a mastectomy.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE; FINDINGS.
- 4 (a) SHORT TITLE.—This Act may be cited as the
- 5 "Breast Cancer Patient Equity Act".
- 6 (b) FINDINGS.—Congress finds the following:
- 7 (1) There are currently more than 3,500,000
- 8 women with a history of breast cancer in the United

- 1 States, many of whom experience unreconstructed 2 breast loss.
- 3 (2) In 2018, more than 260,000 women were 4 diagnosed with invasive breast cancer that required 5 surgery, with many having to undergo surgical 6 breast removal.
  - (3) In 2018, more than 40,000 women in the United States are expected to die from breast cancer.
    - (4) Annually, there are 144,000 women in the United States who undergo mastectomies, a surgical removal of the breast.
    - (5) The number of breast mastectomies in the United States has increased among younger women, ages 18 to 34 years old, at a rate of 30 percent and at a rate of 15 percent for women ages 35 to 44 years old.
    - (6) The results of breast reconstruction surgery can vary and, as with any surgical procedure, there are inherent risks associated with such surgery. Additionally, reconstruction of the breast using implants requires lifelong follow up to ensure the health of the patient.
- 24 (7) While the number of women choosing to un-25 dergo surgical breast reconstruction continues to in-

- crease, many women continue to lack the viable option of custom fabricated prosthetic breasts to restore the lost breast.
  - (8) Both older women and minority women are less likely to be offered or undergo surgical breast reconstruction and are disproportionately disadvantaged by a lack of access to the option of custom fabricated prosthetic breasts.
  - (9) Currently, the Medicare program provides coverage and reimbursement for custom fabricated prostheses for any body part, with the exception of breasts, that has been lost.
  - (10) Following passage of the Women's Health and Cancer Rights Act of 1998 (Public Law 105–277; 42 U.S.C. 201 note), many private insurers and group health plans began to provide coverage for custom fabricated breast prostheses as an alternative to surgical breast reconstruction.
  - (11) While the Medicare program recognizes custom fabricated breast prostheses as a discrete device and valid treatment option, having assigned a billing code for such option under the Healthcare Common Procedure Coding System ("HCPCS") and setting a maximum allowable fee, Medicare does not provide reimbursement and denies claims as 'not

| 1  | medically necessary'. Medicare does provide reim-     |
|----|---|
| 2  | bursement, however, for more costly surgical breast   |
| 3  | reconstruction.                                       |
| 4  | (12) Due to the fact that the Medicare program        |
| 5  | does not provide reimbursement for custom fab-        |
| 6  | ricated breast prostheses, many private insurance     |
| 7  | companies have also begun to limit their reimburse-   |
| 8  | ment for them.  |
| 9  | (13) The Department of Veterans Affairs does          |
| 10 | provide the option of a custom fabricated prosthetic  |
| 11 | breast for women post-mastectomy.                     |
| 12 | (14) Providing coverage for custom fabricated         |
| 13 | prosthetic breast devices and components will not in- |
| 14 | crease the incidence of breast mastectomies.          |
| 15 | SEC. 2. COVERAGE.                                     |
| 16 | (a) In General.—Section 1861(s)(8) of the Social      |
| 17 | Security Act (42 U.S.C. 1395x(s)(8)) is amended—      |
| 18 | (1) by adding "and" after the semicolon at the        |
| 19 | end;  |
| 20 | (2) by inserting "(A)" after "(8)"; and               |
| 21 | (3) by inserting after subparagraph (A) the fol-      |
| 22 | lowing new subparagraph:                              |
| 23 | "(B) custom fabricated breast prostheses fol-         |
| 24 | lowing surgical removal of the breast, including re-  |

25

placement of such prostheses;".

- 1 (b) Conforming Amendment.—Section 1862(a)(7)
- 2 of such Act (42 U.S.C. 1395y(a)(7)) is amended by strik-
- 3 ing "1861(s)(8)" and inserting "1861(s)(8)(A)".
- 4 (c) Effective Date.—The amendments made by
- 5 this section shall apply to items and services furnished on
- 6 or after the date of enactment of this Act.
