H. R. 2152

To provide grants to States, localities, and Indian Tribes to reform their criminal justice system to encourage the replacement of the use of payment of secured money bail as a condition of pretrial release in criminal cases, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

MARCH 23, 2021

Mr. LIEU (for himself and Mr. NADLER) introduced the following bill; which was referred to the Committee on the Judiciary

A BILL

To provide grants to States, localities, and Indian Tribes to reform their criminal justice system to encourage the replacement of the use of payment of secured money bail as a condition of pretrial release in criminal cases, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Pretrial Integrity and
5 Safety Act of 2021”.

1 **SEC. 2. PURPOSE AND FINDINGS.**

2 (a) PURPOSE.—The purpose of this Act is to provide
3 grants to States, units of local government, and Indian
4 Tribes to reform their criminal justice system to encour-
5 age the replacement of the use of payment of money bail
6 as a condition of pretrial release in criminal cases.

7 (b) FINDINGS.—Congress finds the following:

8 (1) The justice system of the United States, a
9 cornerstone of our free society, is built on the ideals
10 that all accused people are presumed innocent unless
11 and until proven guilty, that all accused people have
12 the right to assert their innocence in a trial, that lib-
13 erty should not be denied absent due process of law,
14 that rich and poor people should be treated equally,
15 and that people should be judged by their own indi-
16 vidual actions, and not prejudged based on the ac-
17 tions of others.

18 (2) Pretrial detention and the money bail sys-
19 tems prevalent in most States undermine these
20 ideals by jailing people unnecessarily before a find-
21 ing of guilt and with minimal due process, and by
22 establishing a system that allows wealthy people to
23 pay for their liberty, while poor people remain in
24 jail.

1 (3) The inability to post money bail may result
2 in innocent people pleading guilty to low-level crimes
3 they did not commit so they can be released.

4 (4) Money bail systems have resulted in dis-
5 parate harms to poor people and communities of
6 color. Compared to white men charged with the
7 same crime and with the same criminal histories, Af-
8 rican-American men receive bail amounts that are
9 35 percent higher, and for Latino men, bail is set
10 19 percent higher than for white men.

11 (5) African Americans are 24 percent more
12 likely to be denied bail and 21 percent less likely to
13 be granted non-financial release than whites with
14 similar legal characteristics. Latinos are 25 percent
15 less likely to be granted nonfinancial conditions of
16 release.

17 (6) Although most women in jail are charged
18 with nonviolent crimes, women are less likely to be
19 able to afford money bail, and women in jail before
20 trial earn scarcely more per year than the average
21 bail amount of \$10,000.

22 (7) Detaining people who would otherwise be
23 highly likely to succeed in pretrial compliance, even
24 just for a few days, is strongly correlated with high-

1 er rates of new criminal activity both during the pre-
2 trial period and years after case disposition.

3 (8) When held for 2 to 3 days, people who
4 would have been highly likely to succeed in their
5 communities are almost 40 percent more likely to be
6 arrested for new crimes before trial than similarly
7 situated defendants held no more than 24 hours.

8 (9) Court reminder programs are a low-cost,
9 highly effective way of improving court appearance
10 rates. One review of different forms of court reminders
11 found failure-to-appear rates were reduced by 23
12 to 43 percent with the use of reminders.

13 (10) Pretrial supervision is most effective for
14 people with a decreased probability of appearing in
15 court, reducing failures to appear by 33 to 38 per-
16 cent.

17 (11) Jailing individuals before trial is the great-
18 est expense generated by current pretrial justice
19 practice. Unconvicted detainees account for 95 per-
20 cent of jail population growth, nationally, since
21 2000. Taxpayers now spend approximately
22 \$38,000,000 per day to jail individuals who are
23 awaiting trial. Annually, this adds up to
24 \$14,000,000,000 used to detain individuals.

1 **SEC. 3. PRETRIAL INTEGRITY AND SAFETY.**

2 Title I of the Omnibus Crime Control and Safe
3 Streets Act of 1968 (34 U.S.C. 10101 et seq.) is amended
4 by adding at the end the following:

5 **“PART OO—PRETRIAL INTEGRITY AND SAFETY**
