## A BILL

To provide increased financial assistance for farmers markets and farmers market nutrition programs, to increase local agricultural production through food bank in-house production and local farmer contracting; and for other purposes.

1       *Be it enacted by the Senate and House of Representa-  
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4       This Act may be cited as “Farmers’ Market and  
5 Food Bank Local Revitalization Act of 2023”.

1   **SEC. 2. FINDINGS AND PURPOSE.**

2           (a) FINDINGS.—Congress finds the following:

3               (1) Food insecurity, epidemic levels of obesity,  
4               hypertension, diabetes, and youth osteoporosis are  
5               caused by improper nutrition yielded by lack of nu-  
6               tritious, reliable, and locally available healthy food  
7               options.

8               (2) The American Diabetes Association esti-  
9               mated a 41-percent increase in costs of diagnosed  
10              diabetes from 2007 (\$174,000,000,000) to 2012  
11              (\$245,000,000,000) with most of these costs (62  
12              percent) coming from senior health programs such  
13              as Medicare and Medicaid.

14              (3) Since sequestration in 2008, there has been  
15              no funding increase for the Senior Farmers' Market  
16              Nutrition Program.

17              (4) From 2008 to 2020, the moderate at home  
18              food cost for a family of 2 (aged 51–70 years old)  
19              increased by an average of \$70 a month. The Sen-  
20              iors Farmers' Market Nutrition Program funding  
21              has not kept pace with such inflation.

22              (5) According to the Department of Agri-  
23              culture, Seniors Farmers' Market Nutrition Pro-  
24              gram has a total program funding backlog of  
25              \$20,065,021 and a season benefit level backlog of

1       \$16,120,741 across all participating States, terri-  
2       tories, and Native American Tribes.

3           (6) Roughly 1 in 10 United States senior citi-  
4       zons (about 5,146,000) are forced to live well below  
5       the Federal poverty level, and the Seniors Farmers'  
6       Market Nutrition Program is only able to reach  
7       about 725,000 due to inadequate funding.

8           (7) Since sequestration in 2008, funding for the  
9       WIC Farmers' Market Nutrition Program has fallen  
10      by over \$6,000,000 and never rebounded.

11          (8) The WIC Farmers' Market Nutrition Pro-  
12       gram is a vital safeguard for the nearly 1 in 7 chil-  
13       dren who will be born into poverty in the United  
14       States and will be at nutritional risk.

15          (9) According to the Department of Agri-  
16       culture, the WIC Farmers' Market Nutrition Pro-  
17       gram has a total program and seasonal benefit fund-  
18       ing backlog of \$6,198,432 across all participating  
19       States, territories, and Native American Tribes.

20          (10) In the United States, food banks will pro-  
21       vide meals to 1 in 7 people.

22          (11) Many food banks share special relation-  
23       ships with local farmers who often donate their  
24       crops to food banks. The partnership allows for

1 more efficient and sustainable procurement for food  
2 banks.

3 (12) Assisting food banks to grow their own  
4 food will aid local procurement and allow food banks  
5 to serve as farming resources to their communities,  
6 especially to those who are food insecure.

7 (13) The Agriculture Improvement Act of 2018,  
8 specifically required looking at ways to incorporate  
9 local goods to reduce food waste.

10 (b) PURPOSES.—The purposes of this Act are—

11 (1) to increase and enhance funding for the  
12 Farmers' Market Nutrition Programs to support  
13 seniors and food insecure families, and to increase  
14 market capacity for local farmers;

15 (2) to provide funding assistance for the expansion  
16 and construction of farmers' markets in both  
17 rural and urban food desert areas;

18 (3) to increase local food production through  
19 partnership with food banks by local farmer contracting  
20 and funding assistance to food banks to  
21 grow necessary produce through traditional or controlled  
22 environment agricultural farming.

1     **SEC. 3. AUTHORIZATION AND ADDITIONAL AUTHORIZA-**  
2                 **TION OF APPROPRIATIONS FOR SENIORS**  
3                 **FARMERS' MARKET NUTRITION PROGRAM.**

4         (a) AUTHORIZATION OF APPROPRIATIONS FOR SEN-  
5     IORS FARMERS' MARKET NUTRITION PROGRAM.—Section  
6     4402(a) of the Farm Security and Rural Investment Act  
7     of 2002 (7 U.S.C. 3007(a)) is amended by striking  
8     “2023” and inserting “2028”.

9         (b) ADDITIONAL AUTHORIZATION OF APPROPRIA-  
10   TIONS TO EXPAND PARTICIPATION IN THE SENIORS  
11   FARMERS' MARKET NUTRITION PROGRAM.—

12                 (1) INCREASED AUTHORIZATION OF APPROPRIA-  
13   TIONS.—To expand and address season benefit level  
14   and total backlogs of the Seniors Farmers' Market  
15   Nutrition Program, there is authorized to be appro-  
16   priated—

17                     (A) for fiscal year 2024, an increase to  
18                     \$60,000,000;

19                     (B) for fiscal year 2025, an increase to  
20                     \$70,000,000; and

21                     (C) for each of the fiscal years 2026  
22   through 2028, and increase to \$100,000,000.

23                 (2) BENEFIT ENHANCEMENT.—For the purpose  
24   of expanding access to the Seniors Farmers' Market  
25   Nutrition Program, funds appropriated under sub-  
26   section (a) shall be used for the following purposes:

1                   (A) Program eligibility income limit shall  
2                   increase to 200 percent of the Federal poverty  
3                   guideline.

4                   (B) The minimum individual benefit shall  
5                   be increased to \$35.

6                   (C) The maximum individual benefit limit  
7                   shall be removed.

8 **SEC. 4. MINIMUM INDIVIDUAL BENEFIT INCREASE UNDER**  
9                   **THE WIC FARMERS' MARKET NUTRITION**  
10                  **PROGRAM.**

11                 Section 17(m) of the Child Nutrition Act of 1966 (42  
12 U.S.C. 1786(m)) is amended—

13                 (1) by striking “paragraph (10)” both places it  
14                 appears and inserting “paragraph (9)”;

15                 (2) in paragraph (5)(C)—

16                   (A) by striking “\$10” and inserting  
17                   “\$35”; and

18                   (B) by striking “\$30” and inserting  
19                   “\$60”; and

20                 (3) in paragraph (9)(A), by striking “2015”  
21                 and inserting “2028”.

1   **SEC. 5. INFRASTRUCTURE FUNDING FOR FARMERS MAR-**

2                 **KETS.**

3                 (a) IN GENERAL.—The Secretary of Agriculture shall  
4   make loans, loan guarantees, and grants to public agencies  
5   and nonprofit organizations for—

6                         (1) the construction of new farmers' markets;

7                         or

8                         (2) the improvement or rehabilitation of exist-  
9   ing farmers' markets, including by adding or im-  
10   proving payment technologies used in such farmers'  
11   markets.

12                 (b) ELIGIBILITY.—To be eligible to receive a loan,  
13   loan guarantee, or grant under subsection (a) with respect  
14   to a farmers' market the public agency or nonprofit orga-  
15   nization involved shall—

16                         (1) demonstrate financial need as determined  
17   by the Secretary; and

18                         (2) commit to reserving at least 50 percent of  
19   the floor area of the farmers' market for the sale of  
20   products that are produced locally, as determined by  
21   the Secretary, by farmers, ranchers, or aquaculture,  
22   mariculture, or fisheries operators, or by associa-  
23   tions of farmers, ranchers, or such operators.

24                 (c) COST SHARING.—

1                   (1) GRANTS.—The amount of a grant under  
2                   this section shall not exceed 25 percent of the cost  
3                   of the activity for which the grant is made.

4                   (2) MAXIMUM AMOUNT.—The combined amount  
5                   of a grant made and loan made or guaranteed under  
6                   this section shall not exceed 80 percent of the cost  
7                   of the activity for which the grant or loan is made  
8                   or guaranteed.

9                   (d) INTEREST RATE.—

10                  (1) IN GENERAL.—A loan made by the Sec-  
11                   retary under subsection (a) shall bear interest at the  
12                   rate equivalent to the rate of interest charged on  
13                   Treasury securities of comparable maturity on the  
14                   date the loan is approved.

15                  (2) DURATION.—The interest rate referred to  
16                   in paragraph (1) with respect to a loan referred to  
17                   in such paragraph shall remain in effect for the term  
18                   of the loan.

19                  (e) FUNDING.—Of the funds of the Commodity Cred-  
20                   it Corporation, the Secretary shall make available to carry  
21                   out this section \$50,000,000 for each of fiscal years 2024  
22                   through 2029.

2                   **FARMER CONTRACTING FOR LOCAL PRO-**  
3                   **CUREMENT.**

4       (a) ESTABLISHMENT.—The Secretary of Agriculture  
5 shall establish a pilot grant program in which food banks  
6 may voluntarily contract with their local farmers for them  
7 to grow produce for food bank programs to promote local  
8 procurement of produce. Food banks serving economically  
9 depressed or food desert areas shall be given priority to  
10 receive grants under this section. The Secretary shall  
11 make grants to food banks in 5 urban ZIP Codes (as des-  
12 ignated by the Census Bureau), 5 suburban ZIP Codes  
13 (as designated by the Census Bureau), and 5 rural ZIP  
14 Codes (as designated by the Census Bureau) distributed  
15 as follows:

16               (1) 3 of such grants in each ZIP Code selected  
17 under paragraph (1) shall be awarded to food banks  
18 in each Census Bureau Region of the United States;  
19 and

20               (2) 3 of such grants among 3 of such ZIP  
21 Codes selected by the Secretary.

22       (b) METHODS.—Under contracts made by food banks  
23 with grants received under subsection (a), local farmers  
24 may grow produce through traditional or controlled envi-  
25 ronmental agriculture farming.
