8 **“SEC. 503B. OUTSOURCING FACILITIES.**

9 “(a) IN GENERAL.—Sections 502(f)(1), 505, and 582  
10 shall not apply to a drug compounded by or under the  
11 direct supervision of a licensed pharmacist in a facility  
12 that elects to register as an outsourcing facility if each  
13 of the following conditions is met:

14 “(1) REGISTRATION AND REPORTING.—The  
15 drug is compounded in an outsourcing facility that  
16 is in compliance with the requirements of subsection  
17 (b).

18 “(2) BULK DRUG SUBSTANCES.—The drug is  
19 compounded in an outsourcing facility that does not  
20 compound using bulk drug substances (as defined in  
21 section 207.3(a)(4) of title 21, Code of Federal Reg-  
22 ulations (or any successor regulation)), unless—

23 “(A)(i) the bulk drug substance appears on

25 bulk drug substances for which there is a clin-  
26 ical need, by—

1           “(I) publishing a notice in the Federal

10          stances for inclusion on the list; or

11          “(ii) the drug compounded from such bulk  
12          drug substance appears on the drug shortage  
13          list in effect under section 506E at the time of  
14          compounding, distribution, and dispensing;

15          “(B) if an applicable monograph exists  
16          under the United States Pharmacopeia, the Na-  
17          tional Formulary, or another compendium or  
18          pharmacopeia recognized by the Secretary for  
19          purposes of this paragraph, the bulk drug sub-  
20          stances each comply with the monograph;

21          “(C) the bulk drug substances are each  
22          manufactured by an establishment that is reg-  
23          istered under section 510 (including a foreign

2           companied by a valid certificate of analysis.

3           “(3) INGREDIENTS (OTHER THAN BULK DRUG  
4           SUBSTANCES).—If any ingredients (other than bulk  
5           drug substances) are used in compounding the drug,  
6           such ingredients comply with the standards of the  
7           applicable United States Pharmacopeia or National  
8           Formulary monograph, if such monograph exists, or

12          “(4) DRUGS WITHDRAWN OR REMOVED BE-

14          not appear on a list published by the Secretary of  
15          drugs that have been withdrawn or removed from

3 that present demonstrable difficulties for  
4 compounding that are reasonably likely to lead  
5 to an adverse effect on the safety or effective-  
6 ness of the drug or category of drugs, taking  
7 into account the risks and benefits to patients;  
8 or

9 “(B) is compounded in accordance with all  
10 applicable conditions identified on the list de-

13 drugs from presenting the demonstrable dif-  
14 ficulties described in subparagraph (A).

15 “(7) ELEMENTS TO ASSURE SAFE USE.—In the  
16 case of a drug that is compounded from a drug that

19 pursuant to section 505–1, or from a bulk drug sub-  
20 stance that is a component of such drug, the out-  
21 sourcing facility demonstrates to the Secretary prior  
22 to beginning compounding that such facility will uti-  
23 lize controls comparable to the controls applicable  
24 under the relevant risk evaluation and mitigation  
25 strategy.

1           “(8) PROHIBITION ON WHOLESALING.—The  
2 drug will not be sold or transferred by an entity  
3 other than the outsourcing facility that compounded

6 pensing a drug pursuant to a prescription executed  
7 in accordance with section 503(b)(1).

8           “(9) FEES.—The drug is compounded in an

8 drugs.

9 “(2) DRUG REPORTING BY OUTSOURCING FA-  
10 CILITIES.—

11 “(A) IN GENERAL.—Upon initially reg-

21          “(ii) CLEARED PRODUCT.—If the  
22          manufacturer makes the determination  
23          that a suspect product is not an illegit-  
24          imate product, the manufacturer shall  
25          promptly notify the Secretary, if applica-

7 facturer not later than 24 hours after  
8 determining or being notified by the  
9 Secretary or a trading partner that

18          “(C) REQUESTS FOR VERIFICATION.—Be-  
19          ginning 4 years after the date of enactment of  
20          the Drug Supply Chain Security Act, upon re-

22          thorized repackager, wholesale distributor, or  
23          dispenser that is in possession or control of a  
24          product such person believes to be manufac-

1 shall, not later than 24 hours after receiving  
2 the request for verification or in other such rea-

4 based on the circumstances of the request, no-

6 product identifier, including the standardized  
7 numerical identifier, that is the subject of the  
8 request corresponds to the product identifier af-  
9 fixed or imprinted by the manufacturer. If a  
10 manufacturer responding to a request for  
11 verification identifies a product identifier that  
12 does not correspond to that affixed or imprinted  
13 by the manufacturer, the manufacturer shall  
14 treat such product as suspect product and con-  
15 duct an investigation as described in subpara-  
16 graph (A). If the manufacturer has reason to  
17 believe the product is an illegitimate product,  
18 the manufacturer shall advise the person mak-  
19 ing the request of such belief at the time such  
20 manufacturer responds to the request for  
21 verification.

22 “(D) ELECTRONIC DATABASE.—A manu-  
23 facturer may satisfy the requirements of this  
24 paragraph by developing a secure electronic  
25 database or utilizing a secure electronic data-

2 The owner of such database shall establish the  
3 requirements and processes to respond to re-  
4 quests and may provide for data access to other

7 and operation of such a database shall not re-  
8 lieve a manufacturer of the requirement under  
9 this paragraph to respond to a request for  
10 verification submitted by means other than a  
11 secure electronic database.

12 “(E) SALEABLE RETURNED PRODUCT.—  
13 Beginning 4 years after the date of enactment

17 manufacturer intends to further distribute, be-  
18 fore further distributing such product, the man-  
19 ufacturer shall verify the product identifier, in-  
20 cluding the standardized numerical identifier,  
21 for each sealed homogeneous case of such prod-  
22 uct or, if such product is not in a sealed homo-  
23 geneous case, verify the product identifier, in-  
24 cluding the standardized numerical identifier,  
25 on each package.

1           “(F) NONSALEABLE RETURNED PROD-  
2           UCT.—A manufacturer may return a nonsale-  
3           able product to the manufacturer or repack-  
4           ager, to the wholesale distributor from whom  
5           such product was purchased, or to a person act-

19           transaction statement for the product, as  
20           applicable under this subparagraph.

21           “(ii)(I)(aa) If the wholesale dis-

8 distributor described in clause (iii) shall in-  
9 form the subsequent purchaser that such  
10 wholesale distributor received a direct pur-  
11 chase statement from a wholesale dis-  
12 tributor described in clause (ii)(I).

13 “(v) A wholesale distributor shall—

14 “(I) capture the transaction in-  
15 formation (including lot level informa-  
16 tion) consistent with the requirements  
17 of this section, transaction history,

10                          quest for verification from the Secretary  
11                          that has made a determination that a  
12                          product within the possession or control of

8 Supply Chain Security Act (except as  
9 provided pursuant to subsection  
10 (a)(5)), verifying the product at the  
11 package level, including the standard-  
12 ized numerical identifier.

13 “(ii) CLEARED PRODUCT.—If the  
14 wholesale distributor determines that a  
15 suspect product is not an illegitimate prod-

7                   “(C) REQUESTS FOR VERIFICATION.—Be-  
8                   ginning 5 years after the date of enactment of  
9                   the Drug Supply Chain Security Act, upon re-  
10                  ceiving a request for verification from an au-  
11                  thorized manufacturer, wholesale distributor, or  
12                  dispenser that is in possession or control of a  
13                  product they believe to be repackaged by such  
14                  repackager, a repackager shall, not later than  
15                  24 hours after receiving the verification request  
16                  or in other such reasonable time as determined  
17                  by the Secretary, based on the circumstances of  
18                  the request, notify the person making the re-  
19                  quest whether the product identifier, including  
20                  the standardized numerical identifier, that is  
21                  the subject of the request corresponds to the  
22                  product identifier affixed or imprinted by the  
23                  repackager. If a repackager responding to a  
24                  verification request identifies a product identi-  
25                  fier that does not correspond to that affixed or

4           paragraph (A). If the repackager has reason to  
5           believe the product is an illegitimate product,  
6           the repackager shall advise the person making  
7           the request of such belief at the time such re-  
8           packager responds to the verification request.

9           “(D) ELECTRONIC DATABASE.—A repack-

14          of such database shall establish the require-  
15          ments and processes to respond to requests and  
16          may provide for data access to other members  
17          of the pharmaceutical distribution supply chain,  
18          as appropriate. The development and operation  
19          of such a database shall not relieve a repack-  
20          ager of the requirement under subparagraph  
21          (C) to respond to a verification request sub-  
22          mitted by means other than a secure electronic  
23          database.

24          “(E) VERIFICATION OF SALEABLE RE-  
25          TURNED PRODUCT.—Beginning 5 years after

1 the date of enactment of the Drug Supply  
2 Chain Security Act, upon receipt of a returned  
3 product that the repackager intends to further  
4 distribute, before further distributing such  
5 product, the repackager shall verify the product  
6 identifier for each sealed homogeneous case of  
7 such product or, if such product is not in a  
8 sealed homogeneous case, verify the product  
9 identifier on each package.

10 “(f) DROP SHIPMENTS.—

11 “(1) IN GENERAL.—A wholesale distributor  
12 that does not physically handle or store product  
13 shall be exempt from the provisions of this section,  
14 except the notification requirements under clauses  
15 (ii), (iii), and (iv) of subsection (c)(4)(B), provided  
16 that the manufacturer, repackager, or other whole-  
17 sale distributor that distributes the product to the  
18 dispenser by means of a drop shipment for such  
19 wholesale distributor includes on the transaction in-  
20 formation and transaction history to the dispenser  
21 the contact information of such wholesale distributor  
22 and provides the transaction information, trans-  
23 action history, and transaction statement directly to  
24 the dispenser.

1           “(2) CLARIFICATION.—For purposes of this  
2           subsection, providing administrative services, includ-  
3           ing processing of orders and payments, shall not by  
4           itself, be construed as being involved in the han-  
5           dling, distribution, or storage of a product.”.
