20 (1) SECTION 338.—Section 338 of the Commu-  
21 nications Act of 1934 (47 U.S.C. 338) is amended  
22 to read as follows:

23 **“SEC. 338. CARRIAGE OF LOCAL TELEVISION SIGNALS BY**  
24 **SATELLITE CARRIERS.**

25 **“(a) CARRIAGE OBLIGATIONS.—**

1           “(1) IN GENERAL.—Each satellite carrier pro-  
2           viding signals of a qualified noncommercial edu-  
3           cational television station in that station’s local mar-  
4           ket shall carry upon request the signals of all quali-  
5           fied noncommercial educational television stations lo-

12          “(3) NONDISCRIMINATION IN CARRIAGE OF  
13          HIGH DEFINITION SIGNALS OF NONCOMMERCIAL  
14          EDUCATIONAL TELEVISION STATIONS.—

15                 “(A) EXISTING CARRIAGE OF HIGH DEFI-  
16                 NITION SIGNALS.—If, before the date of enact-  
17                 ment of the Satellite Television Extension and  
18                 Localism Act of 2010, an eligible satellite car-  
19                 rier is providing, under section 122 of title 17,  
20                 United States Code, any secondary trans-  
21                 missions in high definition format to sub-  
22                 scribers located within the local market of a tel-  
23                 evision broadcast station of a primary trans-  
24                 mission made by that station, then such sat-  
25                 ellite carrier shall carry the signals in high-defi-

1           nition format of qualified noncommercial edu-  
2           cational television stations located within that  
3           local market in accordance with the following

8                   ondary transmissions in high definition  
9                   format.

10                   “(ii) By December 31, 2011, in every  
11                   market in which such satellite carrier pro-

14                   “(B) NEW INITIATION OF SERVICE.—If, on  
15                   or after the date of enactment of the Satellite  
16                   Television Extension and Localism Act of 2010

23                   within the local market of a television broadcast  
24                   station of a primary transmission made by that  
25                   station, then such satellite carrier shall carry

1           the signals in high-definition format of all  
2           qualified noncommercial educational television  
3           stations located within that local market.

4           “(b) GOOD SIGNAL REQUIRED.—A qualified non-  
5 commercial educational television station asserting its  
6 right to carriage under subsection (a) shall be required  
7 to bear the costs associated with delivering a good quality  
8 signal to the designated local receive facility of the satellite  
9 carrier or to another facility that is acceptable to at least  
10 one-half the stations asserting the right to carriage in the  
11 local market.

12          “(c) DUPLICATION NOT REQUIRED.—The Commis-  
13 sion shall prescribe regulations limiting the carriage re-  
14 quirements under subsection (a) of satellite carriers with  
15 respect to the carriage of multiple qualified noncommercial  
16 educational television stations. To the extent possible,

19 by cable systems under section 615.

20          “(d) CHANNEL POSITIONING.—No satellite carrier  
21 shall be required to provide the signal of a qualified non-  
22 commercial educational television station to subscribers in  
23 that station’s local market on any particular channel num-  
24 ber or to provide the signals in any particular order, ex-  
25 cept that the satellite carrier shall retransmit the signal

1 of the qualified noncommercial educational television sta-  
2 tion to subscribers in the stations' local market on chan-  
3 nels reasonably contiguous with other television broadcast  
4 channels and provide access to such station's signals at  
5 a nondiscriminatory price and in a nondiscriminatory  
6 manner on any navigational device, on-screen program  
7 guide, or menu.

8       “(e) COMPENSATION FOR CARRIAGE.—A satellite  
9 carrier shall not accept or request monetary payment or  
10 other valuable consideration in exchange either for car-  
11 riage of qualified noncommercial educational television  
12 stations in fulfillment of the requirements of this section  
13 or for channel positioning rights provided to such stations  
14 under this section, except that any such station may be  
15 required to bear the costs associated with delivering a good  
16 quality signal to the local receive facility of the satellite  
17 carrier.

18       “(f) REMEDIES.—

19               “(1) COMPLAINTS BY BROADCAST STATIONS.—  
20 Whenever a qualified noncommercial educational tel-  
21 evision station believes that a satellite carrier has  
22 failed to meet its obligations under subsections (b)  
23 through (e), such station shall notify the carrier, in  
24 writing, of the alleged failure and identify its rea-  
25 sons for believing that the satellite carrier failed to

1       comply with such obligations. The satellite carrier  
2       shall, within 30 days after such written notification,  
3       respond in writing to such notification and comply  
4       with such obligations or state its reasons for believ-  
5       ing that it is in compliance with such obligations. A  
6       qualified noncommercial educational television sta-  
7       tion that disputes a response by a satellite carrier  
8       that it is in compliance with such obligations may  
9       obtain review of such denial or response by filing a  
10      complaint with the Commission. Such complaint  
11      shall allege the manner in which such satellite car-  
12      rier has failed to meet its obligations and the basis  
13      for such allegations.

14           “(2) OPPORTUNITY TO RESPOND.—The Com-  
15      mission shall afford the satellite carrier against  
16      which a complaint is filed under paragraph (1) an  
17      opportunity to present data and arguments to estab-  
18      lish that there has been no failure to meet its obliga-  
19      tions under this section.

20           “(3) REMEDIAL ACTIONS; DISMISSAL.—Within  
21      120 days after the date a complaint is filed under  
22      paragraph (1), the Commission shall determine  
23      whether the satellite carrier has met its obligations  
24      under subsections (b) through (e). If the Commis-  
25      sion determines that the satellite carrier has failed

1 to meet such obligations, the Commission shall order  
2 the satellite carrier to take appropriate remedial ac-  
3 tion. If the Commission determines that the satellite  
4 carrier has fully met the requirements of such sub-  
5 sections, the Commission shall dismiss the com-  
6 plaint.

7 “(g) PRIVACY RIGHTS OF SATELLITE SUB-  
8 SCRIBERS.—

9 “(1) NOTICE.—At the time of entering into an  
10 agreement to provide any satellite service or other  
11 service to a subscriber and at least once a year  
12 thereafter, a satellite carrier shall provide notice in  
13 the form of a separate, written statement to such  
14 subscriber that clearly and conspicuously informs  
15 the subscriber of—

17 information collected or to be collected with re-  
18 spect to the subscriber and the nature of the  
19 use of such information;

20 “(B) the nature, frequency, and purpose of  
21 any disclosure which may be made of such in-  
22 formation, including an identification of the  
23 types of persons to whom the disclosure may be  
24 made;

1           “(C) the period during which such infor-  
2           mation will be maintained by the satellite car-  
3           rier;

4           “(D) the times and place at which the sub-  
5           scriber may have access to such information in  
6           accordance with paragraph (5); and

7           “(E) the limitations provided by this sub-  
8           section with respect to the collection and disclo-  
9           sure of information by a satellite carrier and  
10          the right of the subscriber under paragraphs  
11          (7) and (9) to enforce such limitations.

12          In the case of subscribers who have entered into  
13          such an agreement before February 6, 2005, such  
14          notice shall be provided within 180 days of such date  
15          and at least once a year thereafter.

16          “(2) DEFINITIONS.—For purposes of this sub-

18                 “(A) the term ‘personally identifiable infor-

16 information concerning any subscriber without  
17 the prior written or electronic consent of the  
18 subscriber concerned.

19 “(B) EXCEPTIONS.—A satellite carrier  
20 may use such facilities to collect such informa-  
21 tion in order to—

18                         satellite service or other service provided  
19                         by the satellite carrier to the subscriber;

20                         “(ii) subject to paragraph (9), made  
21                         pursuant to a court order authorizing such  
22                         disclosure, if the subscriber is notified of  
23                         such order by the person to whom the  
24                         order is directed;

1           “(iii) a disclosure of the names and  
2 addresses of subscribers to any satellite  
3 service or other service, if—

10           “(6) DESTRUCTION OF INFORMATION.—A sat-  
11           ellite carrier shall destroy personally identifiable in-

3           The remedy provided by this subsection shall be in  
4           addition to any other lawful remedy available to a  
5           satellite subscriber.

6           “(8) RULE OF CONSTRUCTION.—Nothing in  
7           this subsection shall be construed to prohibit any  
8           State from enacting or enforcing laws consistent  
9           with this subsection for the protection of subscriber  
10          privacy.

11          “(9) COURT ORDERS.—Except as provided in
