2 This Act may be cited as the "Global Malnutrition3 Prevention and Treatment Act of 2021".

4 SEC. 2. AUTHORIZATION OF EFFORTS TO PREVENT AND 5 TREAT MALNUTRITION GLOBALLY.

6 (a) IN GENERAL.—The Administrator, in coordina-7 tion with the heads of other relevant Federal departments 8 and agencies, is authorized and encouraged to support ef-9 forts to prevent and treat malnutrition globally, including 10 by—

(1) targeting resources and nutrition interventions to support the most vulnerable populations
susceptible to severe malnutrition, including children
under the age of 5 and pregnant and lactating
women;

(2) increasing coverage, particularly in priority
countries, of nutrition interventions that include coordinated deployment of prenatal nutrient supplements, breastfeeding support, vitamin A supplementation, specialized nutritious food products for the
treatment of acute malnutrition, and other evidencebased interventions, as appropriate;

23 (3) increasing the use of context and country24 appropriate fortification of staples and condiments
25 with essential nutrients;

 $\mathbf{2}$

1	(4) advancing evidence-based programs and
2	interventions carried out using data-driven ap-
3	proaches, best practices, and targeted to country-
4	specific contexts and needs;
5	(5) supporting partner governments to develop
6	policies to prevent and treat malnutrition;
7	(6) leveraging investments to strengthen health
8	systems, including to support community health
9	workers to advance improved nutrition outcomes;
10	(7) improve diets through safe, affordable, nu-
11	tritious foods in the food system; and
12	(8) ensuring rigorous monitoring and evaluation
13	of such efforts.
14	(b) EXTERNAL COORDINATION EFFORTS RELATED
15	TO NUTRITION PROGRAMS.—The Administrator, in co-
16	ordination with the heads of other relevant Federal de-
17	partments and agencies, should coordinate, as appro-
18	priate, with bilateral and multilateral donors, governments
19	of partner countries, United Nations agencies, civil society
20	organizations, nongovernmental organizations, including
21	faith-based organizations, and the private sector to pre-
22	vent and treat malnutrition globally, including by sup-
23	porting efforts to—

24 (1) build the capacity of local and community-25 based organizations and governments of partner

countries to ensure sustainability of nutrition inter-1 2 ventions; 3 (2) expand research and innovation to identify 4 and increase effective and evidence-based nutrition 5 interventions based on country-specific contexts; 6 (3) improve coordination and structure of sup-7 ply chains for nutrition interventions: (4) expand domestic resource mobilization and 8 9 domestic financing for nutrition interventions; and 10 (5) seek to leverage additional resources and 11 encourage investment into innovative and multi-12 stakeholder finance partnerships to advance burden 13 sharing in nutrition-related assistance. 14 (c) INTERAGENCY EFFORTS.—In carrying out sub-15 sections (a) and (b), the Administrator, in coordination with the heads of other relevant Federal departments and 16 agencies, consistent with the Global Nutrition Coordina-17 18 tion Plan, shall seek to leverage additional resources to prevent and treat malnutrition globally, including by-19 20(1) increasing cooperation among relevant Fed-21 eral departments and agencies represented in the 22 Global Nutrition Coordination Plan to better lever-
