

115TH CONGRESS
2D SESSION

H. R. 4891

To amend the Nuclear Waste Policy Act of 1982 to provide for the expansion of emergency planning zones and the development of plans for dry cask storage of spent nuclear fuel, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

JANUARY 29, 2018

Mr. ENGEL (for himself, Mrs. LOWEY, Mr. KEATING, and Mr. WELCH) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To amend the Nuclear Waste Policy Act of 1982 to provide for the expansion of emergency planning zones and the development of plans for dry cask storage of spent nuclear fuel, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Dry Cask Storage Act
5 of 2018”.

1 **SEC. 2. EMERGENCY PLANNING ZONES; DRY CASK STOR-**
2 **AGE OF SPENT NUCLEAR FUEL.**

3 (a) IN GENERAL.—Title I of the Nuclear Waste Pol-
4 icy Act of 1982 (42 U.S.C. 10121 et seq.) is amended
5 by adding at the end the following:

6 **“Subtitle I—Emergency Planning**
7 **Zones; Dry Cask Storage of**
8 **Spent Nuclear Fuel**

9 **“SEC. 185. DEFINITIONS.**

10 “In this subtitle:

11 “(1) EMERGENCY PLANNING ZONE.—The term
12 ‘emergency planning zone’ means the emergency
13 planning zone that is delineated with respect to the
14 plume exposure pathway (as defined in section 350.2
15 of title 44, Code of Federal Regulations (or any suc-
16 cessor regulation)) of a civilian nuclear power reac-
17 tor.

18 “(2) LICENSEE.—The term ‘licensee’ has the
19 meaning given the term in section 50.2 of title 10,
20 Code of Federal Regulations (or any successor regu-
21 lation).

22 “(3) SPENT NUCLEAR FUEL DRY CASK.—The
23 term ‘spent nuclear fuel dry cask’ means a container
24 (including any components and systems associated
25 with the container) in which spent nuclear fuel is

1 stored at an independent spent fuel storage facil-
2 ity—

3 “(A) that is—

4 “(i) licensed by the Commission; and

5 “(ii) located at a civilian nuclear
6 power reactor site; and

7 “(B) the design of which—

8 “(i) includes a realistic security, seis-
9 mic, and flooding design basis, as deter-
10 mined by the Commission; and

11 “(ii) is approved by the Commission.

12 **“SEC. 186. PLAN FOR DRY CASK STORAGE OF SPENT NU-**
13 **CLEAR FUEL.**

14 “(a) IN GENERAL.—Not later than 180 days after
15 the date of enactment of this section, each licensee shall
16 submit to the Commission a plan that provides for—

17 “(1) by the deadline specified in subsection (b),
18 the transfer to spent nuclear fuel dry casks of any
19 spent nuclear fuel that is—

20 “(A) stored by the licensee in spent nu-
21 clear fuel pools; and

22 “(B) qualified to be placed in spent nu-
23 clear fuel dry casks, in accordance with sub-
24 section (d);

1 “(2) on completion of the transfer under para-
2 graph (1), the additional transfer, on an ongoing
3 basis, of any additional spent nuclear fuel that is
4 stored by the licensee in spent nuclear fuel pools and
5 that, after the date of the transfer under paragraph
6 (1), is determined to be qualified to be placed in
7 spent nuclear fuel dry casks, in accordance with sub-
8 section (d), subject to the requirement that each ad-
9 ditional transfer shall be completed by the date that
10 is 1 year after the date on which the applicable
11 spent nuclear fuel is determined to be qualified to be
12 placed in spent nuclear fuel dry casks, in accordance
13 with that subsection; and

14 “(3) the configuration of the remaining spent
15 nuclear fuel in a spent nuclear fuel pool in a manner
16 that minimizes the chance of a fire if there is a loss
17 of water in the spent nuclear fuel pool.

18 “(b) DEADLINE FOR TRANSFER.—The deadline for
19 transfer referred to in subsection (a)(1) is not later than
20 the date that is 7 years after the date of submission of
21 the plan.

22 “(c) APPROVAL OR DISAPPROVAL BY COMMISSION.—

23 “(1) IN GENERAL.—Not later than 90 days
24 after the date on which a plan is submitted under

1 subsection (a), the Commission shall approve or dis-
2 approve the plan.

3 “(2) ACTION FOLLOWING DISAPPROVAL.—If the
4 Commission disapproves a plan under paragraph
5 (1), the Commission shall—

6 “(A) advise the licensee in writing of the
7 reasons for the disapproval;

8 “(B) make recommendations for revisions
9 to the plan, which shall be submitted to the
10 Commission by the date that is 30 days after
11 the date on which the Commission provides no-
12 tice of the disapproval under subparagraph (A);
13 and

14 “(C) not later than 30 days after the date
15 of receipt of a revised plan under subparagraph
16 (B), approve or disapprove the revised plan.

17 “(d) QUALIFICATION FOR PLACEMENT IN SPENT
18 NUCLEAR FUEL DRY CASKS.—

19 “(1) IN GENERAL.—Except as provided in para-
20 graph (2), spent nuclear fuel shall be considered to
21 be qualified to be placed in spent nuclear fuel dry
22 casks under this section if the spent nuclear fuel has
23 been stored in spent nuclear fuel pools for a period
24 of at least 7 years.

1 “(2) EXCEPTION.—Notwithstanding paragraph
2 (1), spent nuclear fuel shall not be considered to be
3 qualified to be placed in spent nuclear fuel dry casks
4 under this section if there does not exist an ap-
5 proved spent nuclear fuel dry cask in which the
6 spent nuclear fuel may be placed.

7 “(e) GRANTS.—

8 “(1) IN GENERAL.—Subject to paragraph (3),
9 the Commission may provide to any licensee that has
10 a plan approved under subsection (c) a grant to as-
11 sist in the cost of transferring spent nuclear fuel to
12 spent nuclear fuel dry casks under the approved
13 plan.

14 “(2) PREFERENCE.—In providing grants under
15 paragraph (1), the Commission shall give preference
16 to funding the implementation of approved plans—

17 “(A) at civilian nuclear power reactors
18 near a major population center;

19 “(B) at civilian nuclear power reactors at
20 which the spent nuclear fuel pools are close to
21 being filled to capacity;

22 “(C) that are supported by the State or
23 unit of local government in which the civilian
24 nuclear power reactor is located; and

1 agency planning zone that is applicable to each civil-
2 ian nuclear power reactor to 50 miles in radius.

3 “(2) EXCEPTION.—Paragraph (1) shall not
4 apply to any civilian nuclear power reactor that is in
5 compliance with a plan approved by the Commission
6 under section 186(c), as determined by the Commis-
7 sion under section 186(f).

8 “(3) PAYMENT OF COSTS.—The licensee shall
9 be responsible for all costs associated with the ex-
10 pansion of the applicable emergency planning zone
11 under paragraph (1).”.

12 (b) USE OF INTEREST.—Section 302(e) of the Nu-
13 clear Waste Policy Act of 1982 (42 U.S.C. 10222(e)) is
14 amended by adding at the end the following:

15 “(7) USE OF INTEREST.—Annually, the Sec-
16 retary of the Treasury shall transfer to the Commis-
17 sion an amount equal to at least 10 percent of the
18 amount of interest generated during the preceding
19 fiscal year under paragraph (3) for use, without fur-
20 ther appropriation or fiscal year limitation, to pay
21 the costs of carrying out section 186(e).”.

22 (c) CONFORMING AMENDMENT.—The table of con-
23 tents for the Nuclear Waste Policy Act of 1982 is amend-
24 ed by adding after the item relating to section 180 the
25 following:

“Subtitle I—Emergency Planning Zones; Dry Cask Storage of Spent Nuclear
Fuel

“Sec. 185. Definitions.

“Sec. 186. Plan for dry cask storage of spent nuclear fuel.

“Sec. 187. Expansion and applicability of emergency planning zone.”.
