

119TH CONGRESS  
1ST SESSION

# H. R. 5102

To amend the Wild and Scenic Rivers Act to designate certain streams in the Greater Yellowstone Ecosystem in the State of Montana as components of the Wild and Scenic Rivers System, and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 2, 2025

Mr. ZINKE introduced the following bill; which was referred to the Committee on Natural Resources

---

## A BILL

To amend the Wild and Scenic Rivers Act to designate certain streams in the Greater Yellowstone Ecosystem in the State of Montana as components of the Wild and Scenic Rivers System, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Greater Yellowstone  
5       Recreation Enhancement And Tourism Act”.

6       **SEC. 2. FINDINGS; PURPOSE.**

7       (a) FINDINGS.—Congress finds that—

1                         (1) the streams designated as components of  
2 the Wild and Scenic Rivers System by the amend-  
3 ment made by section 3(a) are cherished by the peo-  
4 ple of the State of Montana and visitors from across  
5 the United States and around the world for their  
6 clean water, abundant fish and wildlife, spectacular  
7 natural settings, and outstanding recreational oppor-  
8 tunities;

9                         (2) Indian Tribes have used the streams re-  
10 ferred to in paragraph (1) for hunting, fishing, gath-  
11 ering, and other cultural purposes since time imme-  
12 morial;

13                         (3) recreational activities (including fishing,  
14 hunting, camping, paddling, hiking, swimming, rock  
15 climbing, horseback riding, and wildlife watching) on  
16 the streams referred to in paragraph (1) and the  
17 surrounding land generate billions of dollars annu-  
18 ally for the economy of the State of Montana;

19                         (4) the multi-billion-dollar agricultural industry  
20 in the State of Montana thrives on the availability  
21 of clean water that originates in headwaters streams  
22 on Federal public land;

23                         (5) facilities on the Madison River, the Hebgen  
24 and Madison Dams, have been integral in improving  
25 and maintaining fish populations, enabling its blue-

1 ribbon fishery values, while generating 12 MW of  
2 carbon free hydropower;

3 (6) the streams referred to in paragraph (1)—

4 (A) are national treasures;

5 (B) possess outstandingly remarkable val-  
6 ues; and

7 (C) merit the high level of protection af-  
8 forded by the Wild and Scenic Rivers Act (16  
9 U.S.C. 1271 et seq.) in order to maintain the  
10 benefits provided by the streams described in  
11 paragraphs (1) through (3) for future genera-  
12 tions to enjoy; and

13 (7) designation of select public land segments of  
14 the streams referred to in paragraph (1) under the  
15 Wild and Scenic Rivers Act (16 U.S.C. 1271 et seq.)  
16 would maintain the outstandingly remarkable values  
17 of each stream while—

18 (A) preserving public access;

19 (B) respecting private property rights;

20 (C) allowing appropriate maintenance of  
21 existing infrastructure, including major repairs  
22 and safety improvements to roads and bridges;

23 (D) allowing for emergency intervention;

24 and

25 (E) allowing historical uses to continue.

1       (b) PURPOSE.—The purpose of this Act is to des-  
2 ignate certain segments of the Gallatin, Madison, and Yel-  
3 lowstone Rivers and their select tributaries in the Greater  
4 Yellowstone Ecosystem in the State of Montana as compo-  
5 nents of the National Wild and Scenic Rivers System to  
6 preserve and protect for present and future generations  
7 the outstandingly remarkable values of each stream and  
8 tributary.

9 **SEC. 3. DESIGNATION OF WILD AND SCENIC RIVER SEG-  
10 MENTS.**

11       (a) IN GENERAL.—Section 3(a) of the Wild and Sce-  
12 nic Rivers Act (16 U.S.C. 1274(a)) is amended by adding  
13 at the end the following:

14           “(233) MADISON RIVER, MONTANA.—The ap-  
15 proximately 42-mile segment of the Madison River  
16 in the State of Montana from the confluence of  
17 Cabin Creek downstream to the point at which the  
18 river leaves Bureau of Land Management land at  
19 the north boundary of T. 8 S., R. 1 W., sec. 10, ap-  
20 proximately 1 mile north of the confluence of Cherry  
21 Creek, to be administered by the Secretary of Agri-  
22 culture as a recreational river.

23           “(234) GALLATIN RIVER, MONTANA.—The ap-  
24 proximately 39.5-mile segment of the Gallatin River  
25 in the State of Montana from the Yellowstone Na-

1       tional Park boundary downstream to the confluence  
2       of Spanish Creek, to be administered by the Sec-  
3       retary of Agriculture as a recreational river.

4           “(235) HYALITE CREEK, MONTANA.—The ap-  
5       proximately 4.6-mile segment of Hyalite Creek in  
6       the State of Montana from the source in the Gal-  
7       latin Range downstream to Grotto Falls Trailhead,  
8       to be administered by the Secretary of Agriculture  
9       as a scenic river.

10          “(236) CABIN CREEK, MONTANA.—The approxi-  
11       mately 7.3-mile segment of Cabin Creek in the State  
12       of Montana from the source in the Madison Range  
13       downstream to above the fish barrier, to be adminis-  
14       tered by the Secretary of Agriculture as a scenic  
15       river.

16          “(237) MIDDLE FORK OF CABIN CREEK, MON-  
17       TANA.—The approximately 5.1-mile segment of the  
18       Middle Fork of Cabin Creek in the State of Montana  
19       from the source in the Madison Range downstream  
20       to the confluence with Cabin Creek, to be adminis-  
21       tered by the Secretary of Agriculture as a scenic  
22       river.”.

23          (b) CONSENT OF OWNER OF LAND REQUIRED.—No  
24       land or interest in land located within the boundary of  
25       a covered segment may be acquired by the Secretary of

1 Agriculture without the consent of the owner of the land  
2 or interest in land.

3 (c) EFFECT OF DESIGNATIONS ON WATER  
4 RIGHTS.—Nothing in this Act or an amendment made by  
5 this Act affects valid existing rights, including—

- 6 (1) Federal, Tribal, and interstate water com-  
7 pacts in existence on the date of enactment of this  
8 Act (including full development of any apportion-  
9 ment made in accordance with the compacts);  
10 (2) water rights in the State of Montana; and  
11 (3) water rights held by the United States.

12 (d) EFFECT OF DESIGNATIONS ON HEBGEN AND  
13 MADISON DEVELOPMENTS.—

14 (1) HEBGEN DAM AND RESERVOIR AND MADI-  
15 SON DAM AND RESERVOIR.—The Hebgen Dam and  
16 Reservoir and the Madison Dam and Reservoir are  
17 located entirely outside of the covered segments, and  
18 these dams (including all aspects of their facilities  
19 and operations) are compatible with the designation  
20 made by the amendments made by subsection (a).

21 (2) EFFECTS ON CURRENT AND FUTURE HY-  
22 DROELECTRIC FACILITIES.—

23 (A) IN GENERAL.—The designation of the  
24 river segments by the amendments made by  
25 subsection (a) shall not—

23                             (4) LIMITATION.—The Hebgen and Madison  
24                             Developments shall not be expanded to the area  
25                             within the covered segments.

1       (e) AUTHORIZATION OF APPROPRIATIONS.—There  
2 are authorized to be appropriated such sums as are nec-  
3 essary to carry out this Act, including the amendments  
4 made by this Act.

5       (f) COVERED SEGMENT DEFINED.—The term “cov-  
6 ered segment” means a river segment designated by para-  
7 graphs (233) through (237) of section 3(a) of the Wild  
8 and Scenic Rivers Act (16 U.S.C. 1274(a)) (as amended  
9 by subsection (a) of this section).
