

118TH CONGRESS
1ST SESSION

H. R. 5576

To empower independent music creator owners to collectively negotiate with dominant online platforms regarding the terms on which their music may be distributed.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 19, 2023

Ms. ROSS introduced the following bill; which was referred to the Committee on the Judiciary

A BILL

To empower independent music creator owners to collectively negotiate with dominant online platforms regarding the terms on which their music may be distributed.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Protect Working Musi-
5 cians Act of 2023”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) Music is a cultural treasure and a unique
9 source of spiritual inspiration, emotional comfort,

1 community connection, and joy. It is also a powerful
2 economic driver that directly and indirectly supports
3 nearly 2 million American jobs and almost \$150 bil-
4 lion in annual economic activity.

5 (2) A healthy music ecosystem is a fundamental
6 bedrock for a healthy society.

7 (3) Fair and competitive markets for the use
8 and licensing of recorded music are integral to a
9 healthy music ecosystem.

10 (4) As music distribution has moved online, the
11 market for use and licensing has become distorted
12 and imbalanced. The largest Dominant Online Music
13 Distribution Platforms use their market power to
14 distort legal requirements and force music creators
15 into licensing agreements that do not reflect market
16 value. Those agreements essentially dictate a price
17 to music creators. If music creators do not agree to
18 licensing terms, the online platforms profit from un-
19 licensed uploads of music anyway.

20 (5) These platforms game the system created
21 by the Digital Millennium Copyright Act, which al-
22 lows dominant online platforms to ignore and profit
23 from unlicensed use of music and places the respon-
24 sibility for finding each and every instance of unli-
25 censed use of music on music creators. This “notice

1 and takedown” scheme has been described as a gig-
2 abit-speed game of whack-a-mole.

3 (6) The trade association for the major record
4 labels spends millions of dollars engaged in this ef-
5 fort which it says has grown to be “largely useless.”
6 The trade association for the independent record la-
7 bels agrees, calling it a “dysfunctional relic”.

8 (7) An effort that is largely useless for major
9 and independent record labels is an exercise in futil-
10 ity for Independent Music Creator Owners—those
11 who own the copyrights and market their work
12 themselves. Independent Music Creator Owners lack
13 the economic, legal, and political resources to stand
14 up to the Dominant Online Music Distribution Plat-
15 forms and have no way to meaningfully negotiate
16 fair licensing rates for their work.

17 (8) That power imbalance means that Inde-
18 pendent Music Creator Owners are forced to take
19 whatever terms dominant online platforms offer for
20 their work. If they decline, the platforms simply ig-
21 nore them since in most cases lacking access to any
22 single artists’ work does not present a threat to the
23 platforms’ overall attractiveness to consumers.

24 (9) This imbalance has decimated careers in
25 music at an untold cost to our society and culture.

1 Multi Grammy-award winning musician Rosanne
2 Cash recently lamented: “I see young musicians give
3 up their missions and dreams all the time because
4 they can’t make a living.”

5 (10) The antitrust laws were intended to and
6 do provide important economic and civic benefits.

7 (11) A central purpose of these laws is to pro-
8 mote, protect, and strengthen fair and open mar-
9 kets, including those for music.

10 (12) While antitrust exemptions are generally
11 disfavored, should the application of the antitrust
12 laws ever be applied in a manner that conflicts with
13 their purpose—such as protecting the online market-
14 place for creative works—it is the duty and preroga-
15 tive of the Congress to resolve the conflict.

16 **SEC. 3. SAFE HARBOR FOR CERTAIN COLLECTIVE NEGOTIATIONS.**
17

18 pany engaged in development or deployment of generative
19 artificial intelligence, or agreeing with other Individual
20 Music Creator Owners to collectively refuse to license their
21 music to a Dominant Online Music Distribution Platform

12 (c) RULE OF CONSTRUCTION.—Except as provided in
13 this Act, this Act shall not be construed to modify, impair,
14 or supersede the operation of the antitrust laws.
