8 (b) **RESTATEMENT DOES NOT CHANGE MEANING OR**
9 **EFFECT OF EXISTING LAW.**—

10 (1) **IN GENERAL.**—The restatement of existing
11 law enacted by this Act does not change the mean-
12 ing or effect of the existing law. The restatement in-
13 corporates in title 51, United States Code, various
14 provisions that were enacted separately over a period
15 of years, reorganizing them, conforming style and
16 terminology, modernizing obsolete language, and cor-
17 recting drafting errors. These changes serve to re-
18 move ambiguities, contradictions, and other imper-
19 fections, but they do not change the meaning or ef-
20 fect of the existing law or impair the precedential
21 value of earlier judicial decisions or other interpreta-
22 tions.

23 (2) **RULE OF CONSTRUCTION.**—

24 (A) **IN GENERAL.**—Notwithstanding the
25 plain meaning rule or other rules of statutory
26 construction, a change in wording made in the

1 restatement of existing law enacted by this Act
 2 serves to clarify the existing law as indicated in
 3 paragraph (1), but not to change the meaning
 4 or effect of the existing law.

5 (B) REVISION NOTES.—Subparagraph (A)
 6 applies whether or not a change in wording is
 7 explained by a revision note appearing in a con-
 8 gressional report accompanying this Act. If
 9 such a revision note does appear, a court shall
 10 consider the revision note in interpreting the
 11 change.

10 **for space transportation services**

11 “It is the policy of the United States that, to foster
12 the competitive development, operation, improvement, and
13 commercial availability of space transportation services,
14 and to minimize the life cycle cost to the Administration,
15 the Administrator shall procure services for Federal Gov-
16 ernment access to and return from the International
17 Space Station, whenever practicable, via fair and open
18 competition for well-defined, milestone-based, Federal Ac-
19 quisition Regulation-based contracts under section
