

115TH CONGRESS
2D SESSION

H. R. 6371

To ensure that Medicaid beneficiaries have the opportunity to receive care
in a home and community-based setting.

IN THE HOUSE OF REPRESENTATIVES

JULY 13, 2018

Mr. CARTWRIGHT introduced the following bill; which was referred to the
Committee on Energy and Commerce

A BILL

To ensure that Medicaid beneficiaries have the opportunity
to receive care in a home and community-based setting.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Community Integra-
5 tion Act of 2018”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) The Supreme Court’s 1999 decision in
9 *Olmstead v. L.C.*, 527 U.S. 581 (1999), held that
10 the unnecessary segregation of individuals with dis-

1 abilities is a violation of the Americans with Disabil-
2 ities Act of 1990 (42 U.S.C. 12101 et seq.).

3 (2) Under Olmstead, individuals generally have
4 the right to receive their supports and services in
5 home and community-based settings, rather than in
6 institutional settings, if they so choose.

7 (3) Olmstead envisioned that States would pro-
8 vide appropriate long-term services and supports to
9 individuals with disabilities through home and com-
10 munity-based services and end forced segregation in
11 nursing homes and other institutions.

12 (4) While there has been progress in rebal-
13 ancing State spending on individuals with disabilities
14 in institutions as compared to home and community-
15 based settings, more than 75 percent of States con-
16 tinue to spend the majority of their long-term care
17 dollars on nursing homes and other institutional set-
18 tings, and the number of individuals with disabilities
19 under age 65 in nursing homes increased between
20 2008 and 2012.

21 (5) As of June 2013, there were more than
22 200,000 individuals younger than age 65 in nursing
23 homes—almost 16 percent of the total nursing home
24 population.

1 (6) Thirty-eight studies published from 2005 to
2 2012 concluded that providing services in home and
3 community-based settings is less costly than pro-
4 viding care in a nursing home or other institutional
5 setting.

6 (7) No clear or centralized reporting system ex-
7 ists to compare how effectively States are meeting
8 the Olmstead mandate.

9 **SEC. 3. ENSURING MEDICAID BENEFICIARIES MAY ELECT**
10 **TO RECEIVE CARE IN A HOME AND COMMU-**
11 **NITY-BASED SETTING.**

12 (a) IN GENERAL.—Section 1902(a) of the Social Se-
13 curity Act (42 U.S.C. 1396a(a)) is amended—

14 (1) in paragraph (82), by striking “and” at the
15 end;

16 (2) in paragraph (83), by striking the period
17 and inserting “; and”; and

18 (3) by inserting after paragraph (83) the fol-
19 lowing new paragraph:

21 to whom there has been a determination that the in-
22 dividual requires the level of care provided in a nurs-
23 ing facility, an intermediate care facility for the
24 mentally retarded, an institution for mental diseases,

1 or any other similarly restrictive or institutional set-
2 ting—

3 “(A) provide the individual with the choice
4 and opportunity to receive such care in a home
5 and community-based setting, including reha-
6 bilitative services, assistance and support in ac-
7 complishing activities of daily living, instru-
8 mental activities of daily living, and health-re-
9 lated tasks, and assistance in acquiring, main-
10 taining, or enhancing skills necessary to accom-
11 plish such activities, tasks, or services;

12 “(B) ensure that each such individual has
13 an equal opportunity (when compared to the re-
14 ceipt and availability of nursing facility serv-
15 ices) to receive care in a home and community-
16 based setting, if the individual so chooses, by
17 ensuring that the provision of such care in a
18 home and community-based setting is widely
19 available on a Statewide basis for all such indi-
