

115TH CONGRESS
2D SESSION

H. R. 6441

To authorize the establishment of American Dream Accounts.

IN THE HOUSE OF REPRESENTATIVES

JULY 19, 2018

Mr. ROE of Tennessee (for himself and Mr. MOULTON) introduced the following bill; which was referred to the Committee on Education and the Workforce

A BILL

To authorize the establishment of American Dream Accounts.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “American Dream Ac-
5 counts Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) Only 9.8 out of every 100 individuals from
9 low-income families will graduate from an institution
10 of higher education before reaching the age of 24.

1 (2) Lack of knowledge about how to apply to,
2 and pay for, an institution of higher education is a
3 barrier for many low-income students and students
4 who would be in the first generation in their families
5 to attend an institution of higher education.

6 (3) According to Public Agenda, most young
7 adults give secondary school counselors fair or poor
8 ratings for advice about attending an institution of
9 higher education, including advice about how to de-
10 cide what institution of higher education to attend,
11 how to pay for higher education, what careers to
12 pursue, and how to apply to an institution of higher
13 education.

14 (4) More than 1,700,000 students fail to file
15 the Free Application for Federal Student Aid
16 (FAFSA), and about one-third of such students
17 would qualify for a Federal Pell Grant.

18 (5) During the last 2 decades, costs of attend-
19 ing institutions of higher education have increased
20 dramatically, but need-based financial aid has not
21 kept pace with such increasing costs.

22 (6) CollegeBoard reports that the maximum
23 Federal Pell Grant covered 87 percent of the aver-
24 age tuition and fees for a public 4-year institution

1 of higher education in academic year 2003–2004 but
2 only 60 percent in academic year 2016–2017.

3 (7) Parental and youth college savings are
4 strong predictors of a youth’s expectations about at-
5 tendance at an institution of higher education.

6 (8) Only 32 percent of parents who earn less
7 than \$35,000 a year are saving for their child’s edu-
8 cation at an institution of higher education.

9 (9) According to the Center for Social Develop-
10 ment, “wilt” occurs when a young person who ex-
11 pects to graduate from a 4-year institution of higher
12 education has not yet attended such institution by
13 the ages of 19 to 22.

14 (10) Children who have savings dedicated for
15 attendance at an institution of higher education are
16 4 times more likely to attend a 4-year institution of
17 higher education and avoid “wilt”.

18 (11) In 2013, only 2.5 percent of all families
19 had a 529 college savings account and the majority
20 of these families had higher incomes. Only 0.3 per-
21 cent of families with incomes in the 0–49.9 per-
22 centile had a 529 college savings account.

23 (12) According to the Center for Social Devel-
24 opment, compared to those without college savings,
25 children from low- and moderate-income households

1 with college savings from \$1 to \$499 were more
2 than three times more likely to attend college and
3 more than four times more likely to graduate from
4 college.
